The ROUND-UP

Saloon Sally, "Out of the Wild West, with a thunderin' yee-haw, welcome buckaroos and buckarettes to The Round Up. Ridin' shotgun with everyone's favorite cowpoke and General Trail Boss... **Ranger Troy**. So, hitch your horse, tip your hat, and belly up to the bar... 'cause there's business to settle and more than a few frontier tales waitin' to be told."

Ranger Troy, "Much obliged, **Sally**. Folks, give it up for the finest barmaid west of the Mississippi. I'm your host, your guide, your idol to millions of average youths... **Ranger Troy**. Now let's get right to it. First order of business... tip your hats and show some respect. **The 'Rated MA Renegade' Tyreese Crenshaw** didn't just ride through town... he took it over. Iron Federation Champion. Elite Champion. Hardcore Champion. That ain't luck... that's a man staking his claim and daring anyone breathing to take it from him."

Now admiration's fine... respects earned... but around here, reputation only carries you so far. Out on the frontier, the only thing that holds weight is where you stand. That brings us to the rankings. Every man, every woman in that locker room's jockeyin' for position... scratchin', clawin', lookin' to climb one rung higher on the ladder. Some are risin' fast... some are hangin' on by their fingertips... and a few are about to find out just how cold the ground feels when they hit it. So, let's not waste another second.

Sally... show 'em who's ridin' high... and who's about to get thrown."

NEW BOUNTY

“Now before we post a new bounty... a quick word on last cycle. The results of who had the grit to step up against that ornery cuss, *Frederick ‘Quick Fingers’ Briggs*... will be revealed next cycle. Some men talked big... we’ll see who backed it up.

But this here is a new hunt.

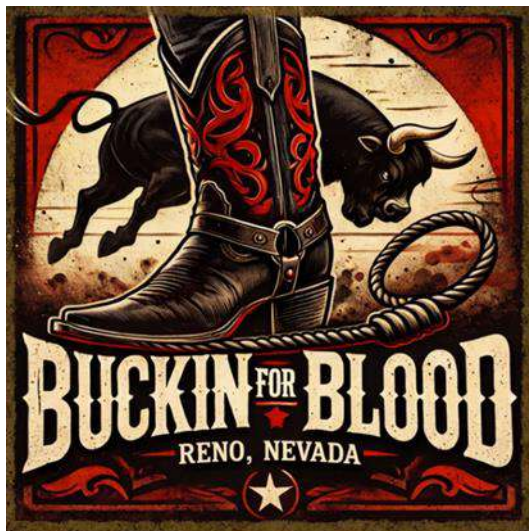

This round, the target rides under a mask... **Desperado (ID#51)**. A bandit that’s been terrorizin’ border towns and now ridin’ roughshod straight through Boot Hill itself.

And make no mistake... this one won’t be easy.

The rules stay the same. To collect that **\$10,000** reward, a challenger must defeat the target by the largest point margin in their match. If more than one hunter posts the same spread... the tie goes to whoever appears first on the strategy results sheet.

And listen close... if you aim to claim the bounty, you must clearly mark your match **‘Bounty.’** Miss that step, and that money rides right past

you... and there ain’t a soul in this territory wants to watch ten grand slips through their fingers. Frontier justice don’t come cheap... and it don’t wait around. So, saddle up. Sign your matches THIS CYCLE. **THE BOUNTY IS ON DESPERADO (ID#51)**

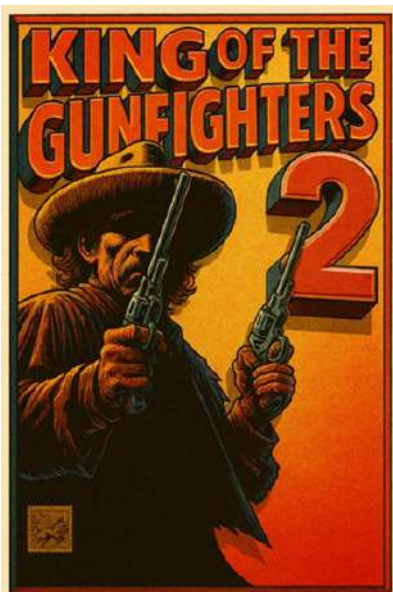

BUCKIN’ FOR BLOOD – FROM THE *Biggest Little Hellhole in the West* The toughest hombres in Boot Hill are fixin’ to ride into town, grudges loaded, tempers short, and fists ready to fly. This ain’t about pride... this is about payback. When the dust kicks up in Reno, scores get settled the hard way — quick on the draw or flat on your back staring at the lights.

The first bout is already inked in blood. **Goldberg’s Clone** squares off with **Ten-Gallon Pat** in a knock-down, drag-out brawl that promises more wreckage than mercy. No finesse, no backing down... just two bulls crashing headfirst in the middle of the street.

Now the question hangs in the air like gunsmoke...

Who else is brave enough to step into the showdown

in the *Biggest Little Hellhole in the West*... and who’s just another body waiting to hit the dirt?

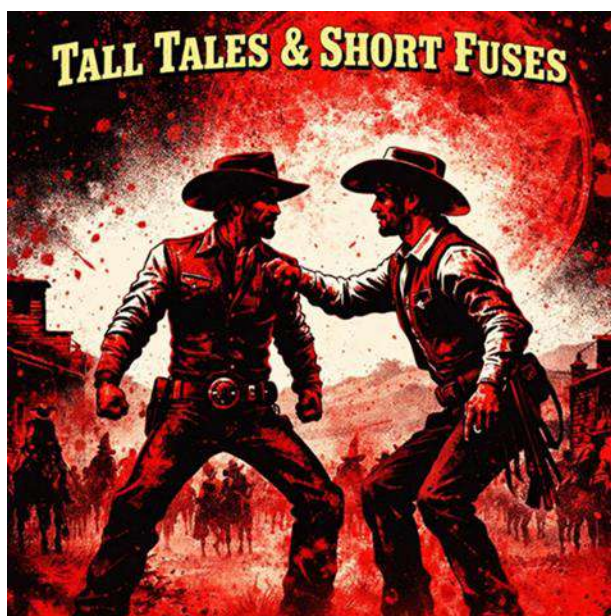

COMING SOON

The dust hasn't settled from the first showdown, and already the street is clearing again. **King of the Gunfighters 2** rides back into town with one question hanging heavy in the air, can **BLACKACIDEVIL** retain his iron crown, or will some young buck step forward and leave him among the quick and the dead? Sixteen men will draw. Only one survives the bracket.

This isn't about pride alone. Waiting at the end of the trail is **\$50,000** in cold iCash and **10 FREE MATCHES**, the kind of spoils that can change a season, bend the rankings, and tilt the balance of power in the BHL.

When the bell rings, it won't feel like a tournament.

It'll feel like it's like high noon. Sign Up's are being conducted, don't miss out on your opportunity to be the **NEXT King of the Gunfighters!**

"THE LAST TABLE STANDING"

It was billed as a Six Man showdown... never made it past the bell. The moment the referee called for order, the three men in machine masks Bob Doner, Bob Gyro, Bob Shawarma, didn't wait. No circling, no feeling out...just a cold, synchronized assault. Like they'd been built for it. Prince Ton got dropped first, a straight-line charge that folded him in half. Stagger Three fired back, swinging wild, catching Gyro with a shot that staggered him to the ropes. Rolly Hatchet? He welcomed it. fists flying, dragging the fight into deep water. Then it broke open. Bodies spilling to the floor... chairs scraping... fists thudding against bone. Shawarma drove Stagger Three shoulder-first into the post. Hatchet answered by hurling Doner over the announce table, splintering wood like dry kindling. The crowd lost its footing along with the match. No tags. No rules. No control. Then came the turning point...Prince Ton, barely standing, pulled himself up on the apron — only to be grabbed by all three masked men at once. No words. No hesitation. They lifted him... and drove him clean through the last table standing. For a second... everything froze. Then Hatchet roared. Officials flooded the scene, trying to peel bodies apart as the masked trio stood tall in the wreckage, silent, unmoved, like nothing had happened at all. No contest. No resolution. Just a message carved into broken wood and bruised bodies. When the machines roll into town... something's getting torn apart.

PRESENTS:

A stranger rides into the frontier... only this one fell from the sky. When a blazing fireball tears across the desert and crashes just beyond the mesa, Tex Ritter finds himself face to face with a being not of this world, a lone traveler from Mars, hunted by forces far more dangerous than any outlaw gang. As fear spreads through the territory and guns start talking, Tex must decide... protect the unknown or put it down like a threat. From high noon showdowns to otherworldly terror under a blood-red sky, The Man from Mars is a tale of grit, mystery, and a showdown where the fastest draw may not be human.

The sun sets on another cycle in Boot Hill... though the dust never truly settles. Eyes now turn toward King of the Gunfighters 2, where reputations are tested and legacies are carved the hard way. The quickest draw earns more than gold... they earn their place in the history of this territory.

Just beyond that horizon waits Buckin' for Blood, rolling into the Biggest Little Hellhole in the West. Grudges are riding in heavy... some men looking for redemption, others just looking to leave a mark that won't wash off.

On the Commissioner's desk... something new is taking shape. The forthcoming Commissioner's Championships will bring a different kind of fight to Boot Hill. No shortcuts. No hiding. Just opportunity... and the price that comes with it.

Business is booming across the frontier. The BHL has locked down exclusive arena rights across Nevada, Wyoming, Utah, with select stops along the borders of Arizona and California. This territory is growing... and it's growing fast.

And for those keeping an eye on the coffers... word is spreading about something big on the trail. "Break the Bank" is coming. A chance at serious icash... a stack of FREE matches... the kind of prize that can change a man's fortunes overnight. Keep your ear to the wind... more details are coming.

Until then... keep your powder dry.

AND MANY MORE STAGECOACH STOPS

“Mighty quiet over there Billy Goldberg’s Clone. It would seem that you bit off more than you can chew when you set your sights on me. Ha, I am ornery one. You thought I was next, you thought I was going to be a push over. Then I stepped in the squared circle, and I collapsed all your bravado. I proved you were full of hot air. You can talk the talk, you just can’t walk the walk. At *Buckin’ fer Blood* in Reno, we are going to have us a good ol’ fashion Boot Hill Match. Only one man walks out and the other...well they’re buried six feet under! You have no one to blame for what is about to happen, you asked for it – now you’re going DRAW! DRAW!...to get it!”
