FSL  
Issue 2

President Looney has  
been robbed!!!!!!

Tag Tourney  
Starts!!!!

Royal champ  
crowned!!!!

### The Report with President Looney

Hello ladies and gentlemen once again this is FSL President Jack Looney giving you the report. We are one cycle in and what cycle we had fans? We crowned our first ever FSL World Heavyweight Champion and at this time I want to congratulate the winner of the League Battle Royal and NEW FSL World Heavyweight Champion King Marble. I also would like to congratulate each and every man and woman in the battle royal who fought for the right to be champion, without all of you guys and gals FSL wouldn't exist so from the bottom of my heart thank you. Moving on Marble don't get too comfortable with the title belt because I am currently working on a ranking system and at Survivor Series in Cycle 5 you will defend your World Heavyweight Championship against the number one contender. Also at Survivor Series we are going to crown our first ever FSL World Tag Team Champions the tournament to crown the champions is starting tonight in Cycle 2 so I wish everyone good luck. Survivor Series is going to be one of the biggest shows of the year and to be a part of the action send in your matches and trash talk. On the topic of trash talk that is the life line of FSL without trash talk you have no voice in FSL. Last cycle there were some superstars that got my attention loud and clear first off, Mad Goalie, Gas Pedal, and Homerun Hal. You gentlemen addressed the entire FSL locker room and stated that you guys were the only "true" athletes in the FSL. Well, boys you have offended me and not only that I'm sure you offended a lot of the superstars in the back. If I were you I would watch my back. The other gentleman that has got my full attention is nonother that Swiper! Swiper, you came into my private office and stole the Intercontinental Championship. I don't appreciate getting robbed and I don't condone those actions..... but I did say trash talk was the blood of FSL and that was a way to be in the title picture. So, upon reviewing the facts I want to congratulate you on becoming the first ever Intercontinental Champion. I respect your hustle and your use of trash talk but don't sleep too easy because you will be defending the title in cycle 3 against a contender of my choosing. In closing I want to remind everyone to use the facebook group to post trash talk and also send it in through snail mail or email it doesn't matter but without a voice I can't hear you. That's it for this cycle until next time this is President Looney signing off.

Ain't I great? It's me the greatest singer the great dancer and the greatest wrestler alive Double J Jack Jeffries. You morons keep the noise down as I shine up my regional title belt and warm up my singing voice. It's a shame that there's so many titles in FSL and I'm not in the picture King Marble, you think just because you wear a crown you intimidate me? Get real loser, the way I see it is if fat boy wants to keep the world title there's a perfectly good IC title if they can get it back from The Swiper. Double J says Swiper if you have a backbone return the IC title so it can be put around the greatest wrestler Evers waist Double J.

As the crowd is enjoying a intermission at a house show the Fantasy Tron flashes a Japanese Flag and the words Orient Express is coming across the scene. A voice over the PA says "Foolish American's get ready because the Express is taking the World Tag Team Titles back to Japan!"

King Marle: I told all of you punks what would happen last cycle in the big battle royal. I told you The King would part more gold in my collection! See this? (holds up World Championship belt) This shows that I am better than each and every one of you punks in the back. Now that The King is sitting on top of the mountain I've been hearing alot of smack being talked by you peons. Apple Boy you need to stay in the orchards where you belong! Now we have some has been coming from a different league challenging me.... what's his name? Elvis??? Who knows and who cares? Boy want you've done in the past has nothing to do with who you are here. Anyone can look good in the rest of these scrub leagues around here. This is FSL this is where the big boys play and I'm the biggest boy on the playground. Honky Tonk you better take a number and get in the back of the line because you will never and I repeat never get a shot at my World Heavyweight CHampionship!

Rusty Roads: Man Lust where are you at my boy? The Dweam asked for you to answer me last cycle and still you're sitting in silence. Rustin dis is ya papa talkin' boy please come home and quit dis girly stuff. If you don't quit the Dweam will have ta beat some sense in your head.

Cob County Constable: They say nobody can get away from the long arm of the law and I am here to make sure that rangs true. I am seeing alot of guys do whatever they want whenever they want and I can't stand for that. I heard that there's a goof coming in named King Crusher that thinks he's a big deal and can escape the long arm of the law, well all I have to say to you is I'm gonna make you pay hard time.

Dirty Boys: Sick Sal: Hey Ned, where'd ya put our 6 man tag titles at? Ya didn't leave them in the dumpster again did ya? Nasty Ned: Oh man, I must have. I was looking for something to wear for my hot date tonight with Large Marge. Yowwy Wowwy is she a bad? We're the luckiest guys in all of FSL to have her as our tag partner. Sick Sal: Ned screw your head on straight we have a opening round match against those guys from the Orient tonight. This is a important match, this is the first match in the World Tag Team Championship Tournamant. We love our 6 man belts but I would like to add the gold World titles to our collection. Come Ned you look good enough get her some flowers from the graveyard and it's a sure thing!

Mr. Mime is getting ready for his match. A mirror appears before him. A black mirror. He looks into it and it provides a distorted image. Then all of the sudden the mirror bleeds.. The letters RIP in blood are on the mirror as Mr. Mime is in shock. I believe his statement against Morpheus has been answered.

A shot opens up to a western ghost town. Morpheus is riding a horse with his original ring gear and Mastadon, Mortician and Human Kind are below him. Morpheus holds out a flaming crystal skull and the flames are blue. Mortician is holding a urn just like the original but is it is glowing red.

Morpheus begins to speak.

Morpheus: So the champion and i will face each other in combat. As you know my story deeper and deeper. You know my brother and father, A family i have lost, A father in the Mortician and Mastadon and Human Kind as my little brothers of destruction. We are ready for Raw and Superstars. King Marble, I know your size, but i am big as well.

I am the lord of darkness and all shall fall before me. My crystal helps spread my power and it just looks bad ass. You may speak brothers of darkness.

Mastadon smiles and begins to speak.

Mastadon: So we get to beat up some rocker boys. Some party dudes who love to pose for flash photography or are we facing the mysterious band of rebels. I am one of the toughest men in the world. I pledge myself to the lord of darkness out of respect. We are the ministry and you can consider my fists spreading the word. Cause Mormon and Ledge is it Mastadon time!!! Its time!!

Human Kind is sitting on the ground rocking and pulling out his hair. He begins to speak.

Human Kind: Brother Mastadon, Brother Morpheus, the depths of the underworld have brought us together. The sins in mens hearts, will be seen more closely under our microscope. You think i care about the pain.. The pain is my friend and My Mandible Claw will force our beliefs down there throat.

Literally,

He laughs like a maniac as Mortician holds up the urn and begins to speak.

Mortician: Ohhhhh Yesssss my family!!! My Ministry, These are all fine boys. But together we shall rule the FSL, and you will see the darkness is your friend...,OHHHHH YESSSS!!!

Morpheus poses as you get a close up of the trade mark pure white eyes as he bellows...REST...INNNNN...PEACCCE!!!

Fade to Black

"Who I am" blares as China Doll (Chyna) comes out to huge pops from the crowd. She shoots T shirts into the crowd. They pop even more.

She begins to speak.

China: Is this a joke Looney? I will overlook it, cause Large Marge is a fellow woman and derserves my respect. But i can kick any man's ass just as well as a woman. You find some more couragoues women and i will win that title.

I am the toughest woman in the world. I am the ninth wonder of the world. So anyone you want to walk all over me, well i will kick you straight in the face and you will know, China Doll isn't one to mess with.

She poses for the crowd as they pop for her.
