RR: "So the babyface's favorite babyface has decided the darkness is where he ends his career. I have learned things in the dark that I could never have learned in the light. I've been on this side. I've seen it. I see them, the serpents, the cowards, the lepers. It's like they.....like you have forgotten. I peer through the curtain and see what this has become. A shell. What it once was is far from now. This things that made us great in our day have dwindled. Where's the...flair..pun intended. Where's the whit, the surprise, the glamour. That's why I'm here. To remind you and all the rest. Remind you who you are and save you from yourselves. The prodigal son has returned. You say so much. If the darkness is your mistress you must learn her calling. How can you be so arrogant???

JD: "No, how can you be so ARROGANT!!!!"

RR: "No matter how fast light travels, it finds the darkness has always got there first, and is waiting for it. Welcome home".
