[The camera cuts to Dr. Pain standing in the middle of the ring, a stethoscope draped over his shoulder. The crowd is mixed with boos and cheers, but Dr. Pain just smirks, soaking it all in.]

Dr. Pain:

"Y'all better listen up, because Dr. Pain is in the house, and COT is about to take this place over—by force, if necessary! Anybody stupid enough to stand in our way? You're just signing up for a world of hurt. I don't care who you are or what you think you've done in this business—once you face me, you're just a patient, and I'm the surgeon. Scalpel in hand, ready to cut you down."

[He adjusts the stethoscope on his shoulder, looking straight into the camera.]

Dr. Pain:

"And I know some of you will try to come at me with that weak sauce, thinking you can stand against COT. Let me give you a little advice—save yourself the embarrassment. After I'm done breaking your body and your pride, you'll need more than just bandages. You'll need a therapist, and guess what? Dr. Pain is also offering mental health counseling for just \$50 an hour! Because after you're lying there, crippled, staring up at the lights, wondering why your life choices led you to cross paths with me, you're gonna need help, trust me."

[He chuckles darkly.]

Dr. Pain:

"And while I'm fixing the broken bodies around here, let's talk about the rest of COT. Tom? Don't sleep on Tom. I know y'all think he's down and out, but what you're about to witness is nothing short of a miracle comeback. He'll be back with vengeance, and you'll all be begging for mercy when he hits that ring again. And Adam? Oh, Adam's gonna keep doing what he does best—dominate Battle of the Best. You see, Adam doesn't just win; he leaves a trail of destruction behind him, and this tournament will be no different."

[Dr. Pain grins as he steps forward.]

Dr. Pain:

"So to the rest of you: step up if you're brave enough, but remember—when you face COT, you're not just stepping into a fight... you're stepping into a nightmare. I'll be waiting, scalpels ready, with my calendar open for that \$50 counseling session. But let me tell you right now—it won't heal the kind of pain I'm bringing."

[He raises his arms high as the crowd erupts, some cheering for COT's dominance, others hurling insults. The screen fades to black.]
