# **BARON VON LIECHTENSTEIN RESPONDS TO SLY SMITH**

The Inevitable. Ha. The Inevitable. You know what is inevitable? That a man who cannot even keep his stables straight will eventually say something so foolish that even the Baron must step away from his brandy and address it personally.

I am Baron Von Liechtenstein. I have forgotten more about this business than you will ever learn, young man. And I do not forget much. The Baron has a very sharp mind.

Now. You sit there and you call BURN a sub-stable of SOS. Sub-stable. Do you know what SOS means? It means Save Our Ship. That is the international distress signal. And the Baron is no Navy man, I will tell you that right now. I spent my years on the mat, not the sea. But I know this much. BURN does not need saving. We are not sending up any flares. We are not waving our arms at passing vessels. The only thing BURN is sending out is a warning to every stable in this organization that we are coming, and we are not stopping.

And then you stand there talking about AE this and AE that. AE. What is AE? Is that a school? A radio station? The Baron does not know what AE is. Nobody explained this to the Baron. Perhaps someone could write it on a small card and slide it under my door. Until then, the Baron is not impressed by abbreviations.

But here is what really gets the Baron, and I mean really gets him right here in the chest. You. Sly Smith. The man himself. Standing there very confident. Very pleased with himself. You know, the Baron enjoys your movies very much. Rocky was wonderful. A man of the people, fighting his way to the top. The Baron respected that. Rambo, excellent. Very efficient. Demolition Man, underrated. And Samaritan, the Baron watched that one twice. You are very talented, my friend. Very physical performer even at your age. The Baron appreciates the dedication.

But what are you doing here? In the IWA? In the Dungeon? This is professional wrestling, not Hollywood. You have Oscars to worry about. You have sequels to film. Why are you making Facebook posts about stables and championship points? Is this a new role you are preparing for? The Baron is confused but he is willing to see where it goes.

And while the Baron figures all of this out, The Prussian Princess will continue her work. Amelia King will continue her immortal reign.

Amy Jo will continue showcasing her Russian beauty and American wrestling skill. Mara Bronze will remind people what toughness looks like. And Xia Quinn will be right there waiting for any of your people who think they have something to prove.

BURN is nobody's sub-stable, Mr. Smith. Mr. Stallone. Whoever you are.

The Baron is going back to his brandy now.

Guten abend.

**BEATRIX VAN CHAOS:**

**Angelina Blanco is a good puppy! Pet the puppy! I love to feed her and play fetch with her! When she speaks a cloud of bumblebees flies into my nose and I start to hear a song from my toes to my hair follicles! Maybe Angelina will take me to the University of Nevada where there is a planetarium and under one of the seats is taped a manifesto written on soiled graph paper! Heeheehee!**

# CHAOS GIRLS

**Destyni:** “Not our best wrestling, but we still have those Trios Titles”

**Nakita:** “I guess we will wait to see what the **Van Chaos Girls** have to say. Or if anyone else tbh. Seems like we say something, then it’s quieter than **Hillbilly Holly’s** phone on a Friday night.”

**Destyni:** “Ugh! It’s boring waiting. Let’s go see who’s at catering.”

*The two walk out of their locker room toward catering. They see some donuts and coffee delivered outside the **Retired Cops** locker room. Destyni opens the lid on one & gives it an ol’ hawk tuah before placing it. The pick up the other two drinks, try them, then give them a hawk tuah as well, before placing them down and walking away with a dozen donuts.*

**Destyni:** “Ugh, who even drinks plain coffee. And 12 donuts for three broads? Pigs.”

*They walk over and see the returning **Trixie McGee, Heaven O’Connor, and Ms. Maude***

**Nakita:** “So I know we haven’t always been nice to you guys in the past, but there are a bunch of new b\*\*\*\*\* here so we got you some donuts, since they are fattening and we don’t eat them. There are some cream filled ones, I head that you guys are fans of that. Bye!”

## “The Angel of Light” Angelina Blanco

*Angelina is outside of a church on Easter in Mexico*

“Hola! It was nice to see you all again. I wish my abuela was well enough to come to church, but..”

*An older lady interrupts in Spanish and whatever she says causes Angelina to walk away sad and angry.*

“My auntie can’t talk to me like that! She doesn’t know that my abuela would be ashamed of my pictures from the PDL. My abuela would be PROUD of me standing up for myself. I can’t just be a generic luchadora **La Chica Loca** & “**The Spanish Flame**” **Mia Moore** are here now too. And now I have started to win some more matches. “I can make more money if I do signings. I do not see my aunt giving money to help out anyone. So I will see you all at Wrestlecon to sign and take photos! See you there!”
