# COBRA CLUTCH

## Money Makers Edition

Welcome... loyal operatives... to Issue #95 of the Cobra Clutch.

For ninety-five cycles... for over five years... this report has done more than inform, it has controlled. While others chase momentum, lose focus, crumble under pressure... the SVL has remained under one guiding force. Order through precision. Direction through dominance. There has been no deviation. No collapse. No end in sight. The grip of COBRA has not loosened... it has tightened.

Lethal Ladies delivered exactly what was expected, results. Now the path leads to July and Patriot's Day, where the illusion of pride meets the reality of power. You already know which side holds that power. Enough anticipation. Let us begin. COBRAAAAAAAAAAAAA!

The camera doesn't open to the arena. It opens to a closed door. Locker Room 3. A strip of yellow tape hangs loose across the frame. Not enough to stop anyone. Just enough to say something already happened. Inside... the tile is still wet. A pair of boots rest near the drain. One turned sideways. One still laced. A stretcher has already come and gone. Only the evidence remains. A sock... heavy... damp... slumped against the wall. Beside it... a crumpled bag of half-eaten Doritos. The camera lingers just long enough.

Then—

Cut.

Doctor Mindbender stands in front of the Championship Committee. No rush in his posture. No urgency in his voice. Just control. "La Chica Loca... a most unfortunate development." He folds his hands behind his back, pacing once... slow... deliberate.

"Found unresponsive. Breathing, yes... but in no condition to compete." A slight glance toward the officials. Measuring them.

"A tragedy for her... an inconvenience for us." He lets that sit.

No apology. No sympathy. Just reality.

"The Money Makers Championship... is not a trinket to be delayed over spilled snacks and playground brutality."

His eyes narrow slightly.

"This event was built on expectation. On investment. On outcome."

He steps closer now.

Not aggressive. Certain. "The show must proceed." A pause.

Then, “And I, gentlemen... have already accounted for that.”

He reaches into his coat... not pulling anything out... just letting the implication hang.

“A suitable replacement stands ready.” The room shifts. Not agreement. Not rejection. Tension.

Mindbender straightens. “You may deliberate, of course.”

A faint smirk creeps in. “But time... is not on your side.”

He turns to leave... then stops at the door. Just enough to look back. “Progress... rarely waits for the wounded.”

He exits. The door closes. The committee says nothing.

Cut back to the hallway. The locker room door. Still open. Still quiet.

The sock hasn’t moved. The Doritos bag crinkles slightly... as if something unseen just brushed past it. Fade out.

#### OPENING

The cameras come alive over Pittsburgh... but the energy feels off. No sweeping music. No big explosion of hype. Just a slow pan of the arena.

Katie Quinn: “Welcome everyone to Pittsburgh... a huge night ahead for the Money Makers Championship—”

Chris P. Bacon: “Huge... assuming we actually have a main event.”

Jim Nasium: “We should. Someone made sure of that.”

A quick cut flashes on screen—Locker Room 3. The taped door. Then gone.

Katie Quinn: “We can confirm that earlier tonight, La Chica Loca was found backstage... unresponsive. She is breathing, and medical personnel are with her, but she will not be competing tonight.”

The crowd noise dips. A murmur rolling through the arena.

Chris P. Bacon: “Unfortunate timing. You hate to see it... especially on a night like this.”

Jim Nasium: “Timing like that doesn’t happen by accident.”

Katie Quinn: “Doctor Mindbender has already met with the Championship Committee regarding a possible replacement, but as of right now—no official decision has been announced.”

Chris P. Bacon: “Oh, I think a decision’s coming. The question is—who benefits when it does?”

Jim Nasium: “You don’t take someone out like that unless you already know the answer.”

Katie tries to bring it back. Katie Quinn: “Regardless of what happens in that situation, we do have a full night of action scheduled here in Pittsburgh—”

Jim Nasium (quiet, firm): “Nothing about tonight is ‘scheduled’ anymore.”

The camera cuts to the crowd. Excited... but uneasy.

Katie Quinn: “We’re going to get things started... right now.”

Fade into the first match graphic.

#### **Baroness Vestara (SHL) versus Baroness Anastasia Cisarovna (SVL)**

Katie Quinn: “Alright, we are getting things started here in Pittsburgh, and this one could have major implications in the Money Makers Division!”

Chris P. Bacon: “No question about it. With everything up in the air tonight, this is the kind of opportunity people wait for... or take.”

Jim Nasium: “With a contender already removed from the board... the climb just got shorter.”

The camera pans the ring as the competitors make their way out. Focused. Intense. No wasted motion.

Katie Quinn: “Every woman in this match knows what’s at stake—this isn’t just about a win, this is about momentum. A surge up the rankings, and putting yourself right in the conversation for the Money Makers Championship.”

Chris P. Bacon: “Let’s not dance around it, there’s an opening now. Whether it stays open or not... that’s still being decided. Smart competitors don’t wait.”

Jim Nasium: “They shouldn’t have to. That spot was earned by someone else.”

A brief pause. Then—The bell rings.

Katie Quinn: “Here we go!”

Baroness Vestara doesn’t rush. She circles, measured, eyes locked on Baroness Anastasia Cisarovna, who steps in with cold confidence. They tie up, Vestara slips behind, waistlock, Anastasia spins, breaks it, snaps Vestara down with a sharp arm drag.

Katie Quinn: “Two very different styles here, both dangerous!”

Anastasia slows it, grabs the wrist, twists, drives a knee into the shoulder. Vestara grimaces, rolls, kips up—fires a forearm that snaps Anastasia’s head back.

Chris P. Bacon: “There’s your answer. Vestara doesn’t play the long game.”

Vestara presses, backs Anastasia into the corner, drives a shoulder into the midsection—

Again. Again. Ref steps in, break. Vestara doesn’t argue—just steps back, focused. Anastasia explodes out of the corner, Big boot, Vestara ducks, Hooks, Snap suplex. Floats over,

Jim Nasium: “No panic. Both of them know what’s at stake.”

Anastasia rolls to the ropes, pulls herself up, Vestara charges, Anastasia sidesteps, Vestara hits the turnbuckle hard. Anastasia capitalizes—Spinning backbreaker.Cover.

**WINNER: Baroness Vestara**

Katie Quinn: "Baroness Vestara with a huge win!"

Chris P. Bacon: "Right place. Right moment. That's how you climb."

Jim Nasium: "And another spot just got taken."

Vestara rises, composed, no celebration. A quick glance toward the entrance. Then she exits. Business handled.

**Backstage segment**

Several female contenders crowd around Doctor Mindbender, voices raised, talking over one another.

Tammy Lahren (SVL) "You can't just hand that opportunity to someone!"

Roxy - (SVL) "We've earned our spots!"

Liv Moore (LNL) "This whole thing stinks!"

Mindbender stands in the middle of it, calm... almost amused. Hands behind his back, listening... not reacting.

"Ladies... please. You mistake urgency for injustice."

That only makes it worse.

Assassin Atroxa (SHL) "No, we see exactly what this is!"

Mindbender tilts his head slightly, about to respond, Then everything changes. The room goes quiet. Not slowly. Immediately. Serpentor steps into frame. No announcement. No buildup. Just presence. The contenders freeze... glance at one another... and without another word, they begin to back away. One by one. No arguments now. No protests. Just distance. In seconds, the hallway is clear. Mindbender doesn't turn right away. He already knows. Serpentor steps beside him. They don't speak. Just a brief look exchanged. Understanding. Control. Mindbender gives the slightest nod. Serpentor says nothing. He doesn't need to.

Cut to commentary.

Katie Quinn: "Well... that situation just changed in a hurry..."

Chris P. Bacon: "Funny how that works. A lot of strong opinions... until the right person walks in the room."

Jim Nasium: "That wasn't respect. That was fear."

Katie Quinn: "You have to wonder what that means for the rest of the night..."

Chris P. Bacon: "It means the board just got smaller."

Jim Nasium: "No... it means someone's already moving the pieces."

**Vanity, Tammy Lahren (SVL) Verses Ms. Juicy (SVL), Tatiana-Leyte (LLL)**

The bell rings, and it breaks down fast. Vanity and Tammy Lahren lock eyes for a split second, then both turn and go right after Ms. Juicy. Double team from the start, forearms and kicks backing her into the corner.

Katie Quinn: "Vanity and Tammy wasting no time here!"

Chris P. Bacon: "They don't trust each other, but they trust opportunity."

Across the ring, Tatiana-Leyte steps in, pulling Vanity away, firing off sharp strikes, snapping her back with a quick takedown. Tammy cuts her off with a running knee, breaking it up.

Jim Nasium: “Temporary alliances... nothing more.”

Ms. Juicy fights out of the corner, driving both Vanity and Tammy back with heavy shots, then catches Tatiana-Leyte with a spinning slam. Quick cover.

1...

2...Broken up.

Katie Quinn: “Ms. Juicy almost stole it there!”

The pace picks up. Tatiana-Leyte goes high, crossbody into Tammy, both down. Vanity slips in, grabs Ms. Juicy, pulls her into position, goes for the cover, Tammy dives in, shoves Vanity off.

Chris P. Bacon: “Here we go...”

Vanity pops up, furious, shouting at Tammy. Tammy fires back, pointing at herself. Both arguing, inches apart.

Katie Quinn: “This is falling apart!”

Behind them, Ms. Juicy starts to stir. Tatiana-Leyte is down, recovering in the corner. Vanity and Tammy still jawing...

Jim Nasium: “Wrong focus...”

They finally turn at the same time, see Ms. Juicy rising. No words now. Both move. Double kick to the midsection. They look at each other again. One beat. Then together, They drop Ms. Juicy hard. Vanity dives for the cover. Tammy drops with her, both hooking the leg.

### **Winners: Vanity & Tammy Lahren**

Both women pop up immediately, pointing at themselves.

Katie Quinn: “Who got it?!”

Chris P. Bacon: “They’re both claiming it!”

Vanity shoves Tammy. Tammy shoves back. Neither backing down.

Jim Nasium: “Doesn’t matter who thinks they won...Ms. Juicy’s the one who lost.”

Vanity and Tammy continue arguing as officials step in, trying to separate them.

No resolution. Just tension left behind.

### ***Backstage, the tone shifts.***

Bright lights. Polished set. Mimi Mandate stands perfectly composed, arms folded, eyes locked on Finn Gallows. No smile. No warmth.

“Let me make something exquisitely clear, darling...”

Finn shifts her weight, trying to play it off, but Mimi doesn’t give her the space.

She steps closer. “You will not embarrass the Femme Fatale League tonight.”

A slight tilt of her head, measured, controlled.

“Not with your antics, not with your shortcuts, and certainly not on a stage that I oversee.”

Finn opens her mouth to respond, Mimi raises a finger. That’s enough.

“I already have to deal with ‘loaded knee pad gate’ later this evening...”

A brief pause, eyes narrowing just a touch.

“I will not have you adding to my evening.”

She straightens his collar, almost polite... almost.

“Do try to be presentable, Finn. It’s the least you can manage.”

Mimi turns, already done with the conversation. Finn watches her go, jaw tight, no comeback.

**Cut to commentary.**

Katie Quinn: “Mimi Mandate not in the mood tonight...”

Chris P. Bacon: “Can you blame her? ‘Loaded knee pad gate’ isn’t exactly a small issue.”

Jim Nasium: “It changed outcomes.”

Katie Quinn: “At the FFL’s Nuit d’ENFER a La Grande-Motte, Hell Night in La Grande-Motte, multiple matches were thrown into question after the illegal use of loaded knee pads.”

Chris P. Bacon: “We’re not talking about one incident either. That thing kept popping up all night.”

Jim Nasium: “And every time it did, someone got dropped.”

Katie Quinn: “Officials missed it in real time, but the footage told a different story. Now Mimi Mandate has to sort through the fallout...”

Chris P. Bacon: “Titles, rankings, reputations... all of it up in the air.”

Jim Nasium: “And tonight might not be the end of it.”

Scarlett (SVL) verses Arisia Rrah (SHL)

The bell rings, Scarlett steps forward with confidence, no hesitation, while Arisia Rrah keeps her distance, measuring. They circle, quick lock-up, Arisia slips free, snaps off a clean arm drag, follows with another, trying to keep Scarlett grounded.

Katie Quinn: “Arisia Rrah trying to control the pace early!”

Scarlett rises slowly, smirk creeping in, shakes it off. Arisia charges, Scarlett sidesteps, hooks her, Russian leg sweep, smooth, deliberate. Scarlett doesn’t go for the cover, she stays on her, grabbing the arm, twisting, pulling Arisia down to the mat.

Chris P. Bacon: “There it is, Scarlett slowing this down exactly where she wants it.”

Arisia fights up, drives a forearm into Scarlett’s jaw, breaks free, hits the ropes, Running crossbody, connects.

2...Kickout.

Jim Nasium: “Not enough.”

Arisia pulls Scarlett up, goes for a suplex, Blocked. Scarlett shifts her weight, drops low, grabs the leg, Trips her down hard. Scarlett wastes no time. She rolls through, hooks the arm, grapevines the leg, Cloverleaf locked in, sitting deep.

Katie Quinn: "Scarlett has it in tight!"

Arisia claws at the mat, reaches for the ropes, trying to drag herself forward. Scarlett leans back, torque increasing, no rush, no panic.

Chris P. Bacon: "Nowhere to go... she's trapped."

Arisia stretches, fingertips inches away, Scarlett pulls her back to center. Sits deeper.

Jim Nasium: "That's it."

Arisia taps.

### **Winner: Scarlett**

The bell rings.

Katie Quinn: "Scarlett forces the submission!"

Chris P. Bacon: "Methodical. Controlled. Exactly what you expect."

Jim Nasium: "She didn't just win... she made her quit."

Scarlett releases the hold slowly, rises, composed, no wasted motion. A quick look toward the entrance. Then she exits, already thinking ahead. The crowd is on their feet cheering and chanting "GO JOE!"

### **Finn Gallows (FFL) verses Wanda Cabrini-Green (BHL)**

The bell rings, Wanda Cabrini-Green comes in swinging, heavy hands, no hesitation, forcing Finn Gallows to give ground early. Wanda corners her, drives a shoulder in, follows with a short lariat that nearly takes Finn off her feet.

Katie Quinn: "Wanda bringing the fight right away!"

Finn rolls to the outside, regroup, slower now, thinking. Wanda follows, reaches for her, Finn snaps her throat first across the top rope on the way back in.

Chris P. Bacon: "There it is... that edge Mimi was warning about."

Finn slides in, grabs control, pulls Wanda down by the arm, stomps to the back of the knee, taking away the base. Wanda tries to rise, Finn cuts her off again, sharp, targeted.

Jim Nasium: "She's not stronger... so she's breaking her down."

Wanda fires back with a burst, catches Finn with a rising knee, then a hard slam that rattles the ring.

The bell rings.

Katie Quinn: "Finn Gallows gets the win!"

Chris P. Bacon: "Not pretty... effective."

Jim Nasium: "And Mimi Mandate is watching every second of it."

Finn rises, quick glance toward the camera, no celebration. Just a small, knowing look...

**Backstage Segment**

Backstage, the camera finds Doctor Mindbender standing outside a closed locker-room door. Calm. Still. Waiting. The nameplate cannot be seen.

Mimi Mandate steps into frame, heels clicking, posture perfect, expression already set. She doesn't waste time.

"Doctor Mindbender... we need to have a very quick, very important conversation."

Mindbender turns slightly, just enough to acknowledge her. No smile.

"Commissioner Mandate... I was expecting you."

Mimi folds her arms, unimpressed. "Of course you were. You always seem to be a step ahead when chaos appears. Let's not pretend this is anything but what it is. That main event slot is open, and I will not have the Femme Fatale League overlooked."

Mindbender says nothing, just listening.

"If my contender, The Spider, wins tonight... then she is the entry. No debate. No delay. No... creative adjustments."

A slight emphasis on the last words. Mindbender tilts his head, considering.

"A bold position."

Mimi steps closer. "A correct one."

Silence. Just for a moment. Mindbender gives a small nod. Not agreement. Acknowledgment.

"We shall see how events unfold."

Mimi studies him, not satisfied, but not backing down. "See that you do."

She turns and walks off, composed as ever. Mindbender watches her go... then turns back to the door. No hesitation now. He opens it and steps inside. The door swings shut, leaving only the nameplate in frame.

Dreadnoks.

**Cut to commentary.**

Katie Quinn: "Mimi Mandate making her position very clear!"

Chris P. Bacon: "Everyone's making claims tonight... not everyone's going to get what they want."

Jim Nasium: "He didn't say no. That's the problem."

The ring fills... one by one, the field grows. No wasted time, no ceremony... just bodies and tension. The bell sounds and it explodes.

Katie Quinn: "This is chaos right from the start!"

Early surge, Brutal Betty Breaker storms through the middle, tossing Gigi over the top rope in seconds. Brandy Dirt follows soon after, dumped out by Bea Aggressive, who barely celebrates before getting blindsided by Veronica Sky and sent out right behind her.

Chris P. Bacon: "All-Star or not... you blink, you're gone."

Ms. Juicy tries to impose her will, driving Hooligan C. Bass into the ropes and muscling her out, but turns straight into a double effort from Tammy Lahren and Vanity, who lift and spill Ms. Juicy to the floor.

Jim Nasium: "Numbers matter... until they don't."

Fantasy and Nurse Delirium double team Becky Davis, sending her over, but their partnership ends immediately as Liv Moore charges in, knocking both off balance, leading to Delirium being dumped out and Fantasy barely hanging on. Moments later, Storm sweeps in and eliminates Fantasy with a running strike that sends her over the top. The ring tightens. Jean Grey shows control, using quick movement to send Roxy over, then catches Linda Von Eric off guard and eliminates her clean.

Katie Quinn: "Jean Grey is picking her spots perfectly!"

That ends when Scarlett steps in, grabs Jean from behind, and with no wasted motion sends her over the top rope.

Chris P. Bacon: "And just like that... gone."

Veronica Sky and Tammy Lahren battle near the ropes, both teetering, until Vanity rushes in and dumps them both out in one motion. Vanity turns, proud of it... Only to be grabbed and thrown out moments later by Storm.

Jim Nasium: "That's the risk... you celebrate, you're finished."

Storm's run ends quickly as The Spider uses the momentum against her, pulling the ropes down and sending Storm crashing to the outside. Now it narrows. Scarlett, Vanity, Tammy Lahren, The Spider, Liv Moore, Mimi Minx. Liv charges Scarlett, gets caught, spun, and thrown over. Mimi Minx tries to sneak Scarlett from behind, but Scarlett blocks it, lifts, and sends Mimi out as well.

Katie Quinn: "Scarlett is taking control!"

Tammy and Vanity try to double up again, but miscommunication hits, Tammy swings, Vanity ducks, and the opening allows The Spider to strike, sending Tammy out. Vanity turns into The Spider next, and after a brief struggle, is lifted and dumped over.

Chris P. Bacon: "And then there were two."

Final two. Scarlett and The Spider. They circle, no rush now, both knowing what's on the line.

Jim Nasium: "This is what it comes down to."

They collide, back and forth, neither giving ground. Scarlett tries to force her over, Spider hangs on. Spider counters, nearly sending Scarlett out, but Scarlett skins back in. The fight moves to the ropes. Both teetering. Both seconds away. Then, Distraction. Dreadnok Monkeywrench and Road Pig appear at ringside. Shouting. Banging the apron. Drawing The Spider's attention for just a second.

Katie Quinn: "Wait, what are they doing out here?!"

That's all it takes. Scarlett surges forward, grabs The Spider, and with one clean motion sends her over the top rope. The bell rings.

### **Winner: Scarlett**

Katie Quinn: "Scarlett wins it!"

Chris P. Bacon: "Took advantage of the moment... that's how you survive this."

Jim Nasium: "She didn't hesitate."

Scarlett stands alone in the ring, composed, focused. No celebration. Just a look forward. Her hand is raised. The path is clear.

### **Backstage, the lighting drops low.**

Shadows stretch across the walls as Mike Nolan stands with a microphone in hand, visibly measured. Beside him... Queen Maladi, Lady Lumiya, and Assassin Atroxa. Still. Silent. Watching.

Mike Nolan: "Ladies, earlier tonight we've seen chaos in the Money Makers Division... opportunities opening, contenders rising. Where do each of you see yourselves in that picture?"

A pause. No one rushes to speak.

Then... Queen Maladi says, "You speak of opportunity... as if it were something given." Her voice is calm... cold. "We do not wait for doors to open. We remove them."

Lady Lumiya tilts her head slightly, eyes fixed ahead. "While others argue... we advance."

A faint, almost amused expression crosses her face. "While they beg committees... we decide outcomes."

Assassin Atroxa says nothing at first. She leans steps closer... just enough to shift the air. "One by one... they will fall. Not by chance... not by mistake... but by design."

Mike Nolan swallows, trying to hold composure. "And the Money Makers Championship...?"

Queen Maladi answers without hesitation. "Inevitable."

Silence follows. Heavy. Uncomfortable.

Lady Lumiya leans in slightly. "Tonight was a disruption."

A faint smirk. "We are the correction."

Atroxa's eyes never leave the camera. "Remember their names while you can."

The three stand together... unmoving... unshaken. Mike Nolan lowers the microphone just slightly. No follow-up. None needed.

Cut back to the announce desk, the arena noise hums underneath, yet the mood feels colder.

Katie Quinn: "I... I don't even know what to say after that..."

Chris P. Bacon: "Say they're right where they want to be. No panic, no noise... just waiting."

Jim Nasium: "That wasn't a warning. That was a statement."

Katie Quinn: "The Money Makers Division is already on edge tonight, and now you add Queen Maladi, Lady Lumiya, and Assassin Atroxa into the mix..."

Chris P. Bacon: "Not add... elevate. They don't chase the top, they take it."

Jim Nasium: "Everyone else is reacting to what happened earlier... They're planning what happens next."

Katie Quinn: "And with Scarlett now securing her spot for the next PPV, you have to wonder how all of this is going to collide moving forward..."

Chris P. Bacon: "Simple. It's going to get worse."

Jim Nasium: "For someone, yes."

#### **Angelic Kitty Cat (FFL) verses "Little Lost Puppy" Toni Adad (FFL)**

The bell rings, and both Angelic Kitty Cat and "Little Lost Puppy" Toni Adad hesitate... just for a moment. Then, almost in unison, both reach down. Hands go to the knee pads. No subtlety. No attempt to hide it. They adjust... press... secure something inside.

Katie Quinn: "Wait... no, they can't—"

Chris P. Bacon: "Oh, they absolutely can."

Jim Nasium: "They just did."

They circle now, slower, more deliberate, eyes locked. Both know exactly what the other is carrying. First strike, Toni lunges, Kitty sidesteps, both testing distance. A quick exchange, sharp, controlled, neither overcommitting.

Katie Quinn: "This feels different... they're both waiting for one moment!"

They collide, forearm for forearm, neither backing down, the crowd starting to react as the tension builds. Toni fires a kick, Kitty catches it, shoves her back. Both reset. Both glance down for half a second.

Chris P. Bacon: "They're thinking the same thing."

They charge at the same time. Double knee strike. Impact. Clean. Brutal. Both collapse instantly. Flat on the mat. No movement. The crowd gasps.

Katie Quinn: "They hit it at the same time!"

The referee looks stunned... then begins the count.

1...

No movement.

2...

Still down.

Jim Nasium: "That's what those pads do."

3...

4...

5...

Neither stirs.

Chris P. Bacon: "No winner here... just damage."

6...

7...

8...

A slight twitch from Toni... nothing from Kitty.

9...

The referee looks between them. The bell rings.

Katie Quinn: "They're both out!"

Chris P. Bacon: "You wanted an answer to 'Loaded Knee Pad Gate'... there it is."

Jim Nasium: "Nobody wins when that's allowed to happen."

Officials rush the ring as both women remain down, neither able to continue. The match is ruled a draw. The fallout... just beginning.

### **Angelic Kitty Cat (FFL) drew "Little Lost Puppy" Toni Adad (FFL)**

Backstage, the camera catches chaos already in progress. Mimi Mandate is pacing, furious, composure gone, eyes locked on "Fright Night" Fiona Franklin.

"I thought this was going to be the end of this nonsense!"

Fiona stands still, saying nothing, taking it. Mimi steps closer, pointing directly at her.

"You... you!"

Her voice sharp, cutting.

"Fiona will not embarrass the Femme Fatale League, is that understood?!"

Fiona gives the slightest nod. No smile. No reaction. Mimi exhales, trying to regain control, smoothing her jacket, but the frustration is still there.

"I will handle this... personally."

She turns and storms off, heels striking hard against the floor. Fiona remains, watching her leave, expression unreadable.

### **Cut to commentary.**

Katie Quinn: "Mimi Mandate has absolutely had enough of this 'Loaded Knee Pad' situation!"

Chris P. Bacon: "She wanted it handled... and somehow it just got worse."

Jim Nasium: "It's not contained. It's spreading."

Katie Quinn: "And now you have to wonder what actions Mimi Mandate is going to take moving forward..."

Chris P. Bacon: “Whatever it is, someone’s not going to like it.”

Jim Nasium: “Good.”

**Queen Maladi, Lady Lumiya, Assassin Atroxa (SHL) verses Sharon is Karen, Bad Bad Leigh Roy Brown, Tara Bull (SVL)**

The bell rings, and the tone is set immediately. Queen Maladi, Lady Lumiya, and Assassin Atroxa do not rush... they advance. Across from them, Sharon is Karen, Bad Bad Leigh Roy Brown, and Tara Bull try to meet them head on, but the moment collapses fast.

Katie Quinn: “There’s something unsettling about this team...”

Tara Bull charges first, swinging heavy, but Atroxa slips inside, drives a sharp strike to the ribs, then another to the jaw, dropping her to a knee. Leigh Roy Brown steps in, grabs Atroxa, tries to overpower her, but Maladi reaches in, hooks the arm, twists, and sends her down hard to the mat.

Chris P. Bacon: “They’re not stronger... they’re just faster to the moment.”

Sharon is Karen tries to rally, shouting, pulling Tara back up, pointing, trying to organize something. Lumiya cuts her off mid-sentence with a sudden strike that stops her cold.

Jim Nasium: “They don’t allow structure.”

The SHL trio isolates Tara Bull, quick tags, clean transitions, no wasted motion. Atroxa pulls her in, Maladi follows with a precise strike, Lumiya steps through and plants her with a decisive finisher.

**Winners: Queen Maladi, Lady Lumiya, Assassin Atroxa (SHL)**

Katie Quinn: “That was... dominant.”

Chris P. Bacon: “Not dominant... inevitable.”

Jim Nasium: “They chose the target... and ended it.”

Maladi, Lumiya, and Atroxa stand together in the ring. No celebration. No gestures. Just presence. The message is clear. They are not climbing. They are arriving.

Katie Quinn: Now we have a very special announcement for WAR GAMES 5 from the high Khan himself, Serpentor.

The screen cuts to black. A low hum... then the COBRA insignia burns onto the screen. Serpentor stands before it, still, eyes forward, voice steady... absolute. “War... is not chaos. War... is design.” He takes a step forward, hands clasped behind his back. “In May... from San Diego, California... we bring you... WAR GAMES 5.” A faint, controlled smile. “A double cage. No escape. No excuses.” His eyes narrow slightly. “Former Triple Crown Champions... once kings... now reduced to memory... will step inside and fight for one thing...Relevance.” He tilts

his head. "Victory will not crown them." Another step forward. "Victory will grant them the right... to reclaim what they lost." The COBRA symbol pulses behind him. "A shot at the Triple Crown Championship... at Patriot Day... Washington, D.C... July 4th." His voice lowers. "Where legacy is not given... it is taken back." A brief pause. "And in the main event...Scarlett." A slight nod. "Has secured her place. She will face the Money Makers Champion."

No emotion. Just certainty. "Another opportunity... another outcome already in motion."

Serpentor stands tall, unmoving. "Stay tuned to COBRA TV..." A faint smirk. "For future announcements." The screen cuts to black. The COBRA insignia lingers... then fades.

**Cut back to the announce desk, the arena buzzing after the message.**

Katie Quinn: "WAR GAMES 5... a double cage, former Triple Crown Champions, and everything leading to Patriot Day in Washington, D.C... that is going to be huge!"

Chris P. Bacon: "Huge... and dangerous. You heard Serpentor, this isn't about earning anything, it's about taking it back."

Jim Nasium: "Names are already lining up. Queen Maladi."

Katie Quinn: "After what we saw earlier tonight, you have to believe she's right in the middle of that picture."

Chris P. Bacon: "And don't forget Black Falcon... that's someone who thrives in that kind of environment."

Jim Nasium: "Joe Tusa won't hesitate either."

Katie Quinn: "And that's just the beginning... former champions, all fighting for one shot at reclaiming the Triple Crown Championship on July 4th."

Chris P. Bacon: "You put all of them inside a double cage... something's not coming out the same."

Jim Nasium: "That's the point."

Katie Quinn: "And don't forget, Scarlett is now set for the Money Makers Championship in the main event of that show..."

Chris P. Bacon: "One night... two very different wars."

Jim Nasium: "Same result. Someone loses everything."

**Swine Flu (FFL) verses "Fright Night" Fionna Franklin (FFL) (Street Fight)**

The bell never really matters in a Street Fight...Swine Flu and "Fright Night" Fionna Franklin collide before it can even settle. Straight to fists.

Katie Quinn: "This is already out of control!"

Fionna drives Flu back with wild shots, then grabs a trash can, swings, connects across the side, the echo ringing through the arena. Flu stumbles, Fionna follows, smashing the can down again, pressing the advantage.

Chris P. Bacon: "That's not wrestling... that's payback."

Flu fires back, a hard shot to the midsection, then grabs a frying pan from under the ring. Swings. Crack. Fionna drops to a knee.

Jim Nasium: "Everything's legal... nothing's controlled."

Flu drags her up, tries to slam her into the barricade, Fionna blocks, shoves her off, grabs a toaster from the pile, and hurls it into Flu's shoulder. Flu staggers, Fionna charges, tackles her down. They spill across the floor, trading shots. Fionna pulls Flu up, but Flu catches her, lifts, and drives her back first into the ring apron. Fionna rolls inside, trying to regroup. Flu follows. Fionna rises... but Flu meets her with a brutal strike that splits her open. Blood starts to run.

Katie Quinn: "Fionna is busted open!"

Fionna swings back through it, reckless now, grabs the trash can lid, cracks Flu across the head. Flu barely moves.

Chris P. Bacon: "She's still standing..."

Fionna goes for another shot, Flu steps in, catches her arm, twists, drives a knee into the ribs, then pulls her down hard to the mat. Flu reaches under the ring... pulls out a kendo stick.

Jim Nasium: "This is going to end it."

Fionna tries to rise, blood on her face, swinging blindly. Flu steps behind her, wraps the kendo stick across the throat... drops down, locking it in tight. Fionna struggles... clawing at the stick... trying to get free. No leverage. No escape.

Katie Quinn: "She's trapped!"

Flu leans back, tightening the choke. Fionna fades... arms slowing... then dropping. The referee checks... No response. The bell rings.

#### **Winner: Swine Flu (FFL)**

Katie Quinn: "That's it... it's over!"

Chris P. Bacon: "That wasn't a win... that was a message."

Jim Nasium: "She didn't beat her... she shut her down."

Flu releases the hold slowly, rising to her feet, breathing heavy. Fionna remains down, bloodied, unmoving. Officials rush the ring. Flu doesn't look back. Just walks out. Business finished.

Jim Nasium: "She had the bill, cashed the receipts and walked away with a hard fought victory."

At the top of the ramp FFL Commissioner Mimi Mandate appears and congratulates Swine Flu.

Katie Quinn: "Guess all is forgiven tonight."

Suddenly out of the back "Scary" Kerry Harlowe & Malice Mae Monroe attack Flu. Its short and sweet as they make quick work of the exhausted Flu and stand over her fallen body.

Chris P. Bacon: "What the -?"

Jim Nasium: "I guess all isn't as forgiven as we thought!"

#### **Duchess Talon (SHL) verses Mimi Minx (SVL)**

The bell rings, Duchess Talon stands tall, composed, while Mimi Minx circles with a confident smile, trying to draw her in. Mimi steps first, quick slap to the face, then backs off, almost daring a reaction.

Katie Quinn: "Mimi Minx trying to get under her skin early!"

Talon doesn't bite. She steps forward, catches Mimi's wrist, twists, pulls her in close, then drops her hard with a controlled hip toss. Mimi rolls through, back up, charges again, Talon meets her with a sharp knee to the midsection.

Chris P. Bacon: "That didn't take long... Talon's not playing games."

Mimi shakes it off, changes approach, ducks behind, grabs the waist, tries to take control, Talon plants her feet, blocks, then snaps Mimi over with a quick suplex. No cover. Talon pulls her right back up.

Jim Nasium: "She's not here to edge it out... she's here to end it."

Mimi fires back, desperation now, lands a quick strike, then another, finally staggering Talon. She runs the ropes, comes back with speed, but Talon steps in, cuts her off mid-run with a crushing strike that stops her cold.

Katie Quinn: "What a shot!"

Mimi stumbles, Talon hooks her, lifts, then drives her down hard with a decisive finisher. Center of the ring.

### **Winner: Duchess Talon**

Katie Quinn: "Duchess Talon with a big win heading into the main event!"

Chris P. Bacon: "That wasn't close... that was controlled from start to finish."

Jim Nasium: "Statement made."

Talon rises, calm, focused, no celebration, the crowd reacts with disdain.

The main event is next. And the tone has been set.

### **Backstage**

The camera catches Doctor Mindbender moving down the hallway, composed as ever. Mike Nolan steps in quickly, microphone ready.

Mike Nolan: "Doctor Mindbender, we're moments away from the Money Makers Main Event, the question everyone is asking... who replaces La Chica Loca in the Ladder Match?"

Mindbender stops. Slowly turns. No rush.

"Ah, Mr. Nolan... always arriving just before the answer."

Mike leans in slightly.

Mike Nolan: "The Championship Committee... have they made a decision?"

A faint smile. "The Committee has done exactly what it was meant to do..." A slight pause. "Deliberate."

Mike presses. Mike Nolan: "With all due respect, Doctor, time is running out."

Mindbender's expression doesn't change. "Time is... a flexible concept."

Another pause. "What matters is that the integrity of the main event remains intact."

Mike tries again. Mike Nolan: "So there will be a replacement?"

Mindbender steps closer, just enough to control the space. "Oh, there will be a participant. Whether that individual is a replacement... or something more appropriate..."

He lets that hang. “Is a matter of perspective.”

Mike blinks, trying to process. Mike Nolan: “Can you give us a name?”

Mindbender straightens, already finished. “You will have your answer... when it becomes unavoidable.” He steps past Mike, continuing down the hallway. “Enjoy the anticipation.”

Mindbender exits frame. Mike lowers the microphone, still without an answer.

Cut back to the announce desk, the crowd buzzing, tension hanging over everything.

Katie Quinn: “We are moments away from the Money Makers Main Event... and we still don’t have a clear answer.”

Chris P. Bacon: “Oh, we have an answer... he just isn’t saying it yet.”

Jim Nasium: “He already decided.”

Katie Quinn: “That’s what worries me... this isn’t how a main event is supposed to come together.”

Chris P. Bacon: “Supposed to... doesn’t mean anything tonight. This whole show’s been one adjustment after another.”

Jim Nasium: “Not adjustments. Moves.”

Katie Quinn: “And whoever ends up in that Ladder Match, they’re walking into a situation that’s been anything but normal.”

Chris P. Bacon: “Normal doesn’t get you to the top of the Money Makers Division.”

Jim Nasium: “Neither does fairness.”

Katie Quinn: “One way or another, we are about to find out who steps into that spot... and what it means for the championship.”

The three exchange looks. No one comfortable.

Chris P. Bacon: “This is where it pays off... or falls apart.”

Jim Nasium: “For someone, it already has.”

**MAIN EVENT: Money Makers Champion – Lady Jaye verses Succubus (LNL), Soranik Natu (SHL), ??? (SVL)**

(JIP) The ladder stands tall in the center of the ring, the Money Makers Championship hanging above it. Lady Jaye, Succubus, and Soranik Natu are already worn down... the damage of the match written across all three.

Katie Quinn: “This has been everything we expected and more!”

Soranik drives Succubus into the ladder, then turns and catches Lady Jaye with a hard strike that sends her to the mat. An opening. Soranik pulls the ladder upright, positions it perfectly, and starts the climb.

Chris P. Bacon: “This is it... she’s got it!”

Step by step, Soranik rises. Hands reaching. Fingers inches away from the championship.

Katie Quinn: “We are about to have a new champion!”

Suddenly...Movement at the top of the ramp. Doctor Mindbender.

He raises a hand. The referee hesitates. Then calls for the bell. The match stops.

Katie Quinn: "Wait... what?!"

Chris P. Bacon: "No, no, no... not now!"

Soranik is frozen on the ladder, looking down in disbelief. Lady Jaye and Succubus stir, confused. Mindbender's voice carries.

"An oversight... has been corrected." A pause. "There is... one more entry."

The crowd erupts in boos.

Jim Nasium: "Of course there is."

From the crowd...Dreadnok Zarana appears. No music. No announcement. Just chaos. She hits the ring fast. Pulls Soranik off the ladder, sends her crashing down. Turns, blasts Succubus, then drops Lady Jaye before she can even rise.

Katie Quinn: "This can't be happening!"

Chris P. Bacon: "This is a takeover!"

Zarana doesn't waste a second. She sets the ladder, climbs, no hesitation. No resistance left.

Jim Nasium: "It was always going to end like this."

Zarana reaches the top...Unhooks the championship.

The bell rings.

#### **WINNER AND NEW MONEY MAKERS CHAMPION: Dreadnok Zarana**

Katie Quinn: "No! No, this is wrong!"

Chris P. Bacon: "They just stole the main event!"

Jim Nasium: "They finished it."

The crowd is livid, raining boos down as Zarana holds the Money Makers Championship high. Mindbender stands at the top of the ramp, calm, satisfied.

Katie Quinn: "This is unbelievable! Soranik Natu had it won!"

Chris P. Bacon: "Lady Jaye never even got a fair chance to recover!"

Jim Nasium: "Fair wasn't part of the plan."

Zarana stands on the ladder, championship raised. The image of control. Of takeover.

Katie Quinn: "We are out of time... we will see you in San Diego!"

The screen fades as the crowd continues to roar in anger.

The last image...Zarana... and the championship.

#### **POST PPV PRESS CONFERENCE**

A long table. Flashbulbs popping. Voices overlapping. A banner behind them reads Money Makers Championship Press Conference. At the center, the Money Makers Championship rests on the table... now in front of Dreadnok Zarana. To her left, Doctor Mindbender. To her right, Zartan. Zarana leans back, relaxed, boots up on the table, not a care in the world.

Reporter: "Zarana, many are calling this one of the most controversial outcomes in Money Makers history. Your response?"

Zarana smirks, taps the title with her knuckles. "Looks real to me."

A few scattered reactions from the room.

Reporter: "Doctor Mindbender, did you manipulate the main event by inserting Zarana at the last possible moment?"

Mindbender folds his hands, calm. "Manipulate is such an emotional word. I prefer... orchestrate."

Murmurs grow louder.

Reporter: "Zartan, where does this leave the rest of the division?"

Zartan leans forward, voice low, steady. "Behind." A beat. "Exactly where they belong."

More questions start flying. Voices rise. Then....the doors slam open. Mimi Mandate storms in. No hesitation. No announcement.

"Absolutely not!"

The room goes quiet. She points directly at Zarana.

"You parade around with that championship like it was earned... like this wasn't a complete disgrace to this entire division!"

Zarana slowly lowers her feet from the table, grin widening. "You done?"

Mimi steps closer, furious. "I am far from done! This will be reviewed, this will be challenged, and I will not allow the Femme Fatale League to be dragged through this kind of..."

Zartan stands. Slow. Deliberate. "Careful." The word cuts the room.

Mimi doesn't back down. "No. You be careful."

Mindbender rises now, stepping between them, calm as ever. "Commissioner Mandate... your passion is admirable." A faint smile. "Your timing... less so."

Mimi shoves past him, knocking the table. The championship tilts. Zarana catches it before it falls. Reporters scatter as security rushes in. Voices explode. Shouting. Pushing. Chaos.

Mimi Mandate: "This is not over!"

Zarana: "It just started!"

Zartan steps forward, Mindbender watching it all unfold, unmoved. The scene dissolves into noise, bodies, flashing cameras, and rising tension. No resolution. Only escalation. Fade out.

## COBRA CLUTCH

## CLOSING STATEMENTS

You have arrived exactly where you were meant to be. You always do. The dust has settled from Lethal Ladies. The echoes of victory still linger. The weak have been exposed. The strong have been refined. That is the purpose of competition under COBRA... not participation... transformation. Now... your attention turns forward. July approaches. Patriot's Day. A stage built on spectacle... draped in symbols... yet beneath it all, the truth remains unchanged, COBRA does not salute... COBRA conquers. Before we conclude this edition, acknowledgments must be made. Even in a world driven by domination, results demand recognition. A calculated congratulations to Bad Bad Leigh Roy-Brown, Tammy Lahren, and Rich "Corinthian" Leather, now holders of the IWA World Six Man Championship. A unit forged through efficiency... rewarded with gold. Close... yet not enough. Ric Legend, edged out in both the Gold Federation and Asian circuits last cycle. A reminder that proximity to greatness is not ownership of it. Sly Smith, denied the Great Lakes. Another near-miss in a system that does not reward almost. Laird James McCullen Destro XXIV, edged in the Southeast. A result that will not sit quietly. Recognition also extends to those shaping the landscape: Tomax & Xamot Paoli, ranked #25 among the top tag teams. Acceptable... for now.

"All Business" Aaron Hole. "Psychic Friend" Claire Voyant. Vanity. All factors within last cycle's World Six Man equation... all under continued observation.

Progress is measured. Evaluated. Corrected.

Finally... It is with a... heavy heart... That we acknowledge the departure of a most persistent adversary.

Chuck Norris.

A symbol of resistance. A relic of defiance. An enemy... respected only because he refused to fall quietly. COBRA does not forget its enemies. COBRA outlasts them. As Issue #95 is put in the books, understand this, every match, every ranking, every outcome is not random. It is design. It is control. It is... inevitable.

The coil tightens... and you won't feel it... until it's far too late. COBRAAAA!

[“Real American” plays over the PA as “The American Icon” Steve Armstrong enters the arena, and the fans erupt in cheers. He stands on the ramp soaking up the adoration before heading to the interview area, where Katie Quinn stands with microphone in hand. The music fades as he joins her and he continues to wave at the crowd]

**Katie**, “Welcome to the SVL, Mr. Armstrong.”

**Steve**, “It’s amazing to be here, and representing **Agents of Freedom** with my pal **Agent 86**.”

**Katie**, “You are sending a message to **COBRA**?”

**Steve**, “Not only **COBRA**, but any bad guys like **Sheik Yerbutti**, **Belvedere Savage**, **Chip Dip**, **Frank Castle** and anyone else that is a friend of bad

guys, you have a Real American taking aim at you.”

**Katie**, “That is some serious accusations.”

**Steve**, “Ain’t accusations if it’s true. You guys have had your way for awhile now, and now its time for **AGF** to show you the error of your ways. I’m calling you out, dare to step in the firing line, and there is a Patriot Missile called **Steve Armstrong** coming right for you! What are you going to do when **AGF** runs wild on you? What you going to do?”

**Katie**, “Well **Steve Armstrong** has fired the first shots. Thank you, Steve and good luck, to you.”

[**Steve** high fives **Katie** and then as his music kicks in again, he’s joined by **Agent 86** and the fans go crazy for the two.]

*Optimus Prime looks down at the Dragonfly Strike Championship in his hands, then straightens up and looks at the camera*

"I was a little premature in my declarations for the Hall of Fame future. As you can see, I am still your Dragonfly Strike Champion. Not only that, but I am embroiled in Stablecade with **AGF**. By the time you see this, the results will be known and whatever the outcome, it's been a pleasure to represent **AGF** on my way out of the IWA. I have faced the toughest competition here in the SVL and SHL and defeated them all. There were lots of quality challengers, lots of legends, and many who think they are legends. I never backed down from anyone. Now it's my time to bid my farewell to the

IWA...unless of course I am still your Dragonfly Strike Champion, or your Golden Dragon Champion. Time will tell. Stand firm... and finish the fight!"

## **COBRA & DREADNOK OBSERVATIONS: TOMMY ZULU DIARY REACTIONS**

### **Cobra Commander**

“Tommy Zulu? Hah! A name like that either belongs to a legend... or a liability! If he’s as dangerous as he sounds, I want him on my side. If not... he’ll be a cautionary tale whispered in the ranks!”

### **Destro**

“Names carry weight. ‘Zulu’ evokes warriors, history, discipline. If this ‘Tommy’ understands that legacy, he could be... an asset. If he treats it like a costume, he is unworthy of the steel he would carry.”

### **Baroness**

“Names like that don’t go unnoticed. He’d draw eyes... which can be useful. Or fatal. The question is whether he knows the difference.”

### **Zartan**

“Heh... ‘Tommy Zulu,’ huh? Sounds like a name you wear, not one you’re born with. I’d like to see who he is when the paint washes off.”

### **Zarana**

“‘Tommy Zulu,’ huh? Cute name. Real theatrical. I read some of that diary... yeah, don’t look so shocked. Guy’s got a voice. Knows how to make people lean in. But here’s the thing... if you’re gonna tell the world who you are every day, you better make sure it’s true. ’Cause if it ain’t? Someone like me might decide to rewrite you.”

### **Zandar**

“...He writes like he wants to be seen. That’s... dangerous. People who need to be seen... they don’t always notice who’s watching.”

### **Torch**

“Heh... diary, huh? You can burn paper. You can’t burn reputation. If this Tommy guy’s buildin’ somethin’ with words... I wanna see how it holds up when things get hot.”

### **Buzzer**

“Yeah, I skimmed it. Lotta talk. Lotta structure. Feels like he’s buildin’ somethin’... like a frame. Thing about frames is... you can reinforce ’em... ...or you can take a chainsaw to ’em and see what falls apart.”

### **Ripper**

“HAHA! ‘Tommy Zulu!’ Sounds like a guy who talks real pretty before he gets smashed! I like him! He writes like he thinks he’s already famous! Let’s meet him! If he’s tough, we keep him! If not... we still keep the diary! HAHAHA!”

### **Road Pig**

“Tommy... Zoo-loo? He smash good? If he smash good, he okay. If not... I smash him.”

**IMAGINARY WRESTLING ASSOCIATION**  
**SNAKE VENOM LEAGUE OFFICIAL WRESTLER PROFILES**  
**THE DREADNOKS**

**DREADNOK ZARTAN**

Alignment: Heel

Faction: COBRA

Looks: Zartan is a tall, wiry figure who moves like smoke through a crowd. He has long, tangled black hair streaked with blue and purple, a sharp angular face, and eyes that seem to change color depending on the lighting. His ring attire consists of tattered purple and black leather pants, a sleeveless leather vest covered in chains and spikes, black fingerless gloves, and scuffed combat boots. His bare arms are covered in faded prison tattoos, scars, and swamp mud that never quite washes off. He wears blue war paint across his eyes before big matches, applied in erratic streaks that make him look unhinged. Everything about him screams danger and unpredictability.

Height: 6 feet 4 inches

Weight: 237 pounds

Hometown: The Everglades, Florida

Gimmick: The Swamp Phantom. Zartan is the leader of the Dreadnoks, a vicious biker gang subfaction within COBRA that answers to no one but Zartan himself, and even COBRA Commander only on a good day. He is a master of psychological warfare, using mind games, disguises, and environmental chaos to unsettle opponents before he ever locks up with them. He has been known to appear in the crowd in different disguises during earlier matches on the card, only to reveal himself during his own entrance. He speaks in a low, gravelly drawl and delivers promos like a swamp preacher warning of the end times. The crowd hates him, fears him, and cannot look away from him.

Entrance Music: Swamp Witch by Jim Stafford, remixed into a sludgy, distorted Southern rock instrumental with motorcycle engines revving and airboat propellers chopping through the mix. The arena goes dark. Fog rolls across the stage. A single spotlight cuts through the haze, and Zartan emerges on a custom chopper, flanked by his Dreadnoks. He abandons the bike at the top of the ramp and walks to the ring alone, sneering at the crowd and laughing at signs that insult him.

Finishing Move: The Torture Rack. Zartan hoists his opponent across his shoulders in the classic torture rack position, bending their spine while parading around the ring and shouting at the crowd to watch them suffer. He cranks the pressure until the opponent taps or passes out. He has held opponents in the rack for over a minute just to prove a point.

Tag-Team Finishing Move: Dreadnok Clothesline. Zartan whips the opponent into the ropes while his partner, usually Torch or Ripper, crouches low on the opposite side. On the rebound, Zartan and his partner simultaneously hit a double clothesline from opposite directions, one high and one mid-level, creating a scissor effect that flips the opponent violently to the mat.

Backstory: No one knows Zartan's real name, and anyone who has asked has been threatened into silence. What is known is this: he emerged from the Florida swamplands with a gang of bikers, mercenaries, and criminals who called themselves the Dreadnoks, and he carved a path of destruction through independent promotions across the Gulf Coast before COBRA Commander personally recruited him to the Snake Venom League.

Zartan accepted the offer on one condition: the Dreadnoks stay together as a unit, they answer only to him, and COBRA stays out of their business unless the mission requires them. COBRA Commander agreed, because even he recognized that some weapons are best left aimed at the enemy.

Since joining the SVL, Zartan and the Dreadnoks have become the most hated stable in the league. They attack without warning. They destroy property. They have been fined, suspended, and banned from arenas, and none of it has slowed them down. Zartan thrives in chaos and seems to draw power from the crowd's hatred. He has openly stated that he does not care about championships, only about breaking people who think they are unbreakable.

Manager: None. Zartan does not take orders from anyone, and he does not share control of the Dreadnoks.

## **DREADNOK TORCH**

Alignment: Heel

Faction: COBRA, Dreadnoks

Looks: Torch is a squat, heavily muscled brawler with a shaved head, a thick red beard, and the kind of sunburn that suggests he has never heard of sunscreen. He competes shirtless, wearing only red and black camo cargo pants, steel-toed boots, black knee pads, and a flamethrower fuel tank strapped to his back as part of his entrance gear. His chest and arms are covered in burn scars, some self-inflicted, and his knuckles are wrapped in black tape. He has a manic grin that never quite leaves his face, even when he is taking punishment. He looks like a man who enjoys pain, his own and everyone else's.

Height: 5 feet 10 inches

Weight: 268 pounds

Hometown: Sydney, Australia

Gimmick: The Burnout. Torch is the Dreadnoks' enforcer and the most unhinged member of the group, which is saying something. He is obsessed with fire, destruction, and causing as much damage as possible in the shortest amount of time. He carries a blowtorch to the ring as part of his entrance and has been disqualified multiple times for refusing to hand it over to the referee before the bell. He wrestles with reckless abandon, throwing his body into high-risk moves with no regard for his own safety. He laughs when he gets hit. He laughs harder when he hits back.

Entrance Music: TNT by AC/DC, played at arena-shaking volume with pyro explosions timed to the chorus. Torch walks to the ring with his blowtorch ignited, spraying flames into the air and howling at the crowd. He hands the torch off to a ringside official only after Zartan orders him to, and even then he does it reluctantly.

Finishing Move: Tomikaze. Torch lifts his opponent onto his shoulders in a fireman's carry position, then spins them off into a devastating cutter, driving their face into the mat with all his weight behind it. The impact is brutal, and Torch usually stays on top for the pin while shouting insults at the crowd.

Tag-Team Finishing Move: Rocket Launcher. Torch climbs to the top turnbuckle while his partner, usually Buzzer, holds the opponent in a standing position in the center of the ring. Torch launches himself off the top rope with a flying shoulder block, drilling the opponent with maximum velocity while his partner releases them at the last second to maximize impact.

Six-Man Finishing Move: Rocket Launcher. The same move, but with Zartan or Ripper holding the opponent in place while Buzzer steadies Torch on the top rope. The setup is faster, the impact is harder, and the crowd hates every second of it.

Backstory: Tom Wingate, better known as Torch, was a demolition worker in the Australian outback before he discovered that setting things on fire paid better when you did it for the right people. He joined a biker gang, got recruited into mercenary work, and eventually found his way to Zartan's Dreadnoks after a bar fight in Tampa that left three men hospitalized and Torch grinning in a holding cell.

Zartan bailed him out and gave him a purpose: destroy everything the G.I. Joe faction builds in the Snake Venom League. Torch accepted immediately. He has been a loyal Dreadnok ever since, not because he believes in COBRA's cause, but because Zartan lets him be exactly who he is, a man who solves problems with violence and loves every second of it.

Torch holds the SVL Dragonfly Strike Six-Man Championship alongside Buzzer and Ripper, and he has made it clear that anyone who wants the belt will have to go through fire to get it.

Manager: Dreadnok Zartan. Zartan does not manage Torch in the traditional sense, but he directs him like a weapon, pointing him at targets and letting him explode.

IWA Achievement: SVL Dragonfly Strike Six-Man Champion

## **DREADNOK BUZZER**

Alignment: Heel

Faction: COBRA, Dreadnoks

Looks: Buzzer is a wiry, rat-faced brawler with long greasy brown hair pulled into a ponytail, a patchy beard, and the kind of crooked smile that suggests he knows something you do not. He wrestles in black jeans with a chainsaw design running down the left leg, a studded leather vest over a ripped Dreadnoks tank top, fingerless gloves, and scuffed black boots. His arms are covered in crude tattoos of chainsaws, skulls, and the Dreadnok logo. He moves with a jerky, twitchy energy, pacing the ring like a caged animal and constantly talking trash to the crowd, his opponents, and even the referee.

Height: 6 feet 0 inches

Weight: 229 pounds

Hometown: Cambridge, England

Gimmick: The Saw. Buzzer is the most sadistic technician in the Dreadnoks, a man who wrestles like he is taking apart a machine and enjoys every step of the disassembly process. He specializes in submission holds, joint manipulation, and making opponents suffer before finishing them. He is also the most vocal member of the group, constantly running his mouth and getting under the skin of everyone in earshot. He is small compared to Torch and Zartan, but he makes up for it with cruelty, cunning, and an absolute refusal to fight fair.

Entrance Music: Chainsaw by The Ramones, a fast, grinding punk track with chainsaw sound effects layered throughout. Buzzer sprints to the ring, slides under the ropes, and immediately starts pacing and pointing at the crowd, shouting insults in a thick Cockney accent.

Finishing Move: Powerbomb. Buzzer lifts his opponent onto his shoulders, parades them around the ring while shouting at the crowd, then drives them straight down into the mat with a thunderous sit-out powerbomb. He stays seated on their chest for the pin and often slaps the mat in time with the referee's count.

Tag-Team Finishing Move: Spinning Toe Hold. Buzzer locks his opponent's leg in a spinning toe hold, wrenching the ankle and knee while his partner, usually Ripper, holds the opponent's arms down to prevent any rope break. Buzzer spins the hold repeatedly, increasing the pressure until the opponent taps out or the referee forces a break.

Six-Man Finishing Move: Spinning Toe Hold. The same brutal submission, but with Zartan or Torch helping to trap the opponent's upper body while Buzzer applies maximum torque to the leg. The victim has nowhere to go and no choice but to submit.

Backstory: Richard Blinken-Smythe, known to everyone as Buzzer, was an upper-class British kid who rejected his family's wealth and ran off to join a biker gang before he turned eighteen. He learned how to fight dirty in back-alley brawls across Europe, picked up a taste for violence that no amount of money could have bought, and eventually crossed paths with Zartan during a weapons deal gone wrong in Marseille.

Zartan saw potential in Buzzer's cruelty and his willingness to do whatever it took to win, so he brought him into the Dreadnoks. Buzzer has been loyal ever since, not out of friendship, but because the Dreadnoks are the only family that lets him be the sadistic, trash-talking heel he was always meant to be.

In the Snake Venom League, Buzzer has become infamous for his ability to stretch out a beating, making matches last longer than they should because he enjoys watching his opponents suffer. The crowd despises him, and he feeds off every single boo.

Manager: Dreadnok Zartan. Zartan keeps Buzzer on a loose leash, letting him operate independently but stepping in when the chaos needs to be focused.

IWA Achievement: SVL Dragonfly Strike Six-Man Champion

## **DREADNOK RIPPER**

Alignment: Heel

Faction: COBRA, Dreadnoks

Looks: Ripper is a towering slab of muscle and menace, built like a bouncer who has never smiled in his life. He has short-cropped blond hair, a thick scar running down the left side of his face from temple to jaw, and cold blue eyes that never blink. He wrestles in black leather pants with silver chain details, a sleeveless black vest that shows off arms covered in faded military tattoos, black gloves with exposed knuckles, and heavy black boots. He does not showboat. He does not taunt. He simply walks to the ring, stares at his opponent, and waits for the bell.

Height: 6 feet 5 inches

Weight: 281 pounds

Hometown: Perth, Australia

Gimmick: The Silent Destroyer. Ripper is the muscle of the Dreadnoks, the man Zartan sends in when a message needs to be delivered with maximum violence and minimum conversation. He does not cut promos. He does not engage with the crowd. He exists to hurt people and win matches, in that order. He is the enforcer, the bodyguard, the hammer that Zartan points at problems until they stop being problems. The crowd hates him because he is impossible to rattle, impossible to trash-talk, and nearly impossible to beat.

Entrance Music: Ripper shares entrance music with the rest of the Dreadnoks when they appear as a unit. When he wrestles solo, he enters to Hells Bells by AC/DC, a slow, ominous march accompanied by strobe lighting that makes him look even more menacing as he stalks to the ring.

Finishing Move: Riptide. Ripper lifts his opponent into a vertical suplex position, holds them in the air for an uncomfortably long time to show off his strength, then drops straight down into a brainbuster, spiking their head into the mat. He floats over for the pin and hooks both legs, grinding his forearm into their face for good measure.

Backstory: No one knows much about Ripper's past, and he has never volunteered the information. What is known is that he served in military special operations somewhere in the Pacific, that he was dishonorably discharged for reasons that remain classified, and that he surfaced in the Australian underground fight scene shortly after. He fought in illegal bare-knuckle tournaments, took every fight offered, and never lost.

Zartan recruited him after watching him dismantle three men in under two minutes during a cage match in Brisbane. Zartan walked up after the fight, handed him a Dreadnoks vest, and said, "You want to get paid for this?" Ripper put on the vest and never looked back.

In the Snake Venom League, Ripper has established himself as one of the most dangerous men in the locker room. He does not need to talk. His record speaks for itself. He holds the SVL Dragonfly Strike Six-Man Championship alongside Torch and Buzzer, and he defends it with the same quiet, terrifying efficiency he brings to every match.

Manager: Dreadnok Zartan. Zartan does not manage Ripper so much as aim him. Ripper does the rest.
