To the all wise Matty Y...

You seem to remember things differently than I. I remember asking for your input on the 29's & 30's quite often. That's where the teamwork comes in. Now if the significant other doesn't offer up any thoughts then naturally i have to step up and so the work for them. Do we combine our #s? Well you're d*mn right we do! So does all the other stables; That's what being in a stable is all about! Teaming up and getting the job done! Did you see the World Six's from the report? Obviously we didn't care if we had one so we took a sh*tl**d! Imagine what we could acomish if we actually did share strats like everyone claims we do. We'd be unstoppable! So be thankful we don't! As for your sixs; well looks like you got lucky and scored Leavue but wasn't good enough to take both! Let's see how your precious Latins do tonight! Apologies for taking your Women's World AND Women's U.S. last cycle. Okay maybe not because i intend to do it again this cycle :)

This message has been brought to you by the man behind the curtain....

THEE F.B.III!!!
