GENTLEMAN JARVIS

WEW
is
NEW!

Worldwide Elite Wrestling is heading into Summer and the first huge payout of the WEW is NEW ERA! **Battlecade** is here and we are ready to see who will walk out the \$5,000,000 Champion! Last cycle was a very interesting one for the new Commissioner. He is still trying to figure out a way to bring in more managers and wrestlers. He was hoping the FREE transfers and creations would work but he will not give up on getting more superstars for our great fans to cheer for. If you missed out on this cycles \$5,000,000 iCash Battle Royal don't worry, there will be more like that in future cycles.

REMINDER: FREE TRANSFER AND CREATIONS IF YOU ARE ACTIVE SAME CYCLE.

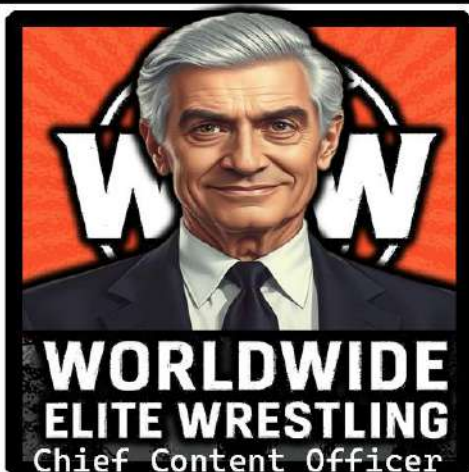

WEW is NEW

Welcome to **Worldwide Elite Wrestling**. I am **Anwir Heaven**. Summer is here and we are ready for **BATTLECADE!!!** I can't wait to see who wins the \$5,000,000 iCash Battle Royal. This is our first event, and some may say we took the easy road and just did a payout for the Battle Royal but if you want more you need to put in more! Cash, time, and energy, cough Trash Talks cough. And that is how this works. You put us in the top ten leagues and do a small trash talk and we start to have bigger events. It is that easy. Put in just a little bit and you get a little bit. Plain and simple. Now back to our main event in the Summer 2025 cycle. Battlecasade!!! I don't want to say to much more about it so I will pass it on to the boss we all love. Until next time, thank you for watching!

Now a word from the WEW CCO.

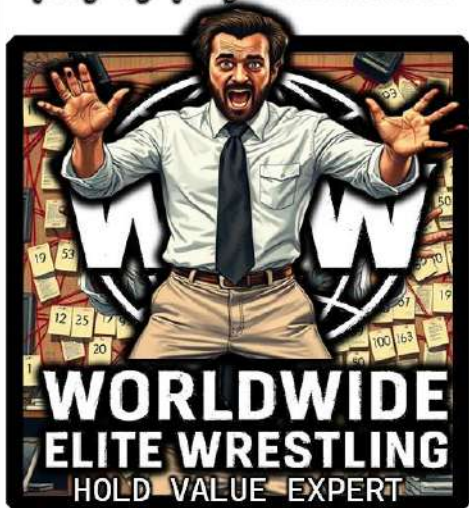

Worldwide Elite Wrestling - Spr 2025 - #290

Hello, my name is **Adolf Holle**. I am the Worldwide Elite Wrestling Chief Content Officer. Like the Commissioner said before, we are setting up a new event that we hope you will enjoy. SUMMER 2025! **WEW is NEW BATTLECADE 2025** with the WEW Battle Royal winner walking out **\$5,000,000** richer! All our superstars had to do was show up for the Battle Royal (Pay for it) and they have a chance to become Hall of Fame eligible just like that! Can you believe it? We have the opportunity to put one of our superstars into the Hall of Fame right now. And I want to that everyone that made this possible. I can't believe I am a part of IWA history. I had the power to help someone reach the ultimate goal in the IWA. To retire in the Hall of Fame with \$5,000,000. This is very exciting for me. I wonder who will win! Thank you.

Hello, I'm **Talking Tommy Tattle**, and as most of you know I am the voice of the WEW is NEW ERA! I have started leaving comments about the Commissioner's Choice matches and I will be talking your ears off every cycle when we have events. And like the CCO announced the **WEW is NEW BATTLECADE 2025** I will be announcing that event too.

Hey, hey, hey! Hi. I'm the numbers guy. The Hold Value Expert, **Justin Holsoff**. I am going to talk numbers! Don't even get me started about the double drops. If it goes 28/28, I am going to eat my strats! HA! No really, I will have to because I put all my money on 29/26. IWA would never make Jade Federation easy again, so soon, would they? Oh no!!!! My poor bank account! I hope my bookie doesn't break fingers. I need them to add up all the times I was wrong with drops. Wait, you didn't hear that. I am the expert. I am always right. You should have taken 29/26. Don't even look at 26/26, right? Right? Hello? AI? Oh man! Now my AI program is not working. 28/28, 26/26, 29/26... I don't know anymore. Take what you want. You will probably win and I will get a 488 or lower. Who cares. Forgive, forget and move on just like Kimberly says.

Commissioner's Comments

Well that was a very interesting cycle for WEW. I am very happy with the results and wish you all luck next time!

Stats starting from April 2025 to now.

Worldwide Elite Wrestling

WEW is NEW Commissioner's Choice Matches

Hosted by Worldwide Elite Wrestling's very own Talking Tommy Tattle

WOW! WEW is NEW has taken off and what a great cycle! We have some new top ten guys and I am loving the competition here already. I can see some feuds already starting to light up. Who thought a French Canadian Nature Boy would upset the fans so much? Ha! But onto the show and we have some great things to talk about this time! Battlecade! \$5,000,000 reasons to enter the battle royal and who will become the first Battlecade winner? I have a few I would love to see win but we will have to see what happens. Remember, all you have to do is enter the battle royal. That easy? If you think so! Have you seen our battle royals?

And now onto the Commissioner's Choice matches. We had some upsets this cycle. I am very happy with the results and can't wait to see who is matched up against who this cycle. (Psst, if the Commissioner is matching up your guys against each other, please mark your stable initials differently then your stablemates so then he can determine who is who.) And last but not least, congratulations to our new WEW Champion! **Hydro!** That was a very impressive run sir.

The Commissioner's Choice matches were crazy again. Look at these matches! They were so closely matched and the winners really had to battle to get the victory. Once again for those in the cheap seats, if you notice matches against your own guys the Commissioner would like to announce that he does not know who runs who and if you want matches against other managers label your stable initials differently then your stablemates. Other than that, good luck in the matches. Stay active.

And now we switch gears and give a huge shoutout once again to our WEW Champion. What a great cycle for **Hydro!** For those wondering about Commissioner titles and events. I want to point out that the WEW is the main championship here in the WEW is NEW ERA. The WEW championship needs to be honored and put up in the record books as the most treasured Championship in the IWA. So with that said, that is what we are doing. WEW Champions will be showcased and honored every cycle.

WEW is NEW Main Event!

SOS/1

Trash Talk

The best damn trash talkers in the business are in WEW!

Gentleman Jarvis: Meow, my manager tells me he wants it to be fair in the WEW, so he doesn't enter me into the \$5,000,000 Battle Royal. Meow, he comes to me and tells me we should throw a few matches so then the boys in the back start to play more tag matches. HA! No! 28 combos here we come! All day, and all night long, meow. The only way you are going to beat us is if they don't do a 28 combo and we all lose big. I have been doing enough bad tag-team matches my whole career and it is about to stop right meow! I mean now, not so funny meow, is it?!? No, it is not funny at all... MEOW!

Kriplin Paine: WEW League Six-man Champions and never ever going to lose them! Rise up and show respect to the best six-man group to ever fight in Worldwide Elite Wrestling! We are going to make this league the best! We are going to make sure everyone knows why the League has Elite in it! We are that team! No one will stop us from winning IWA World Six-man Championships again and again! Our manager told me that he wants us to make it easier for teams so then they think they have a fighting chance, but we tossed his ass out the door and said Hell no! We keeping it 100 and we ain't stopping till the IWA puts us in the IWA Six-man Hall of Fame! Now get lost!

Juventud Mysterio: Hey Yo! Can you believe me and my partner have not won the Tag-team Championships yet? We have been robbed in every league in the IWA, and it is going to stop right now! We deserve to be IWA World Tag-team Champions! That deadbeat Johnny B better watch what he does this cycle and from now on in the WEW because we mean business and no one, not even him, will stop us! You hear me?!?! No one! And if we have to cheat to win, we will! If we have to throw someone under the bus to get ahead, we will! That includes our deadbeat manager who told us to take it easy on guys in the WEW. He doesn't want guys rage quitting because we beat them, again!

There you have it. This my good friends is called a trash talk. See in some leagues in the IWA they expect managers to do trash talks for their supper. But WEW does not have a strict trash talk policy, so you are safe. For now! HA! But really though. I hope you will step up and take a swing at it. As for me, I am just going to keep sending trash out there until it sticks! Or stinks! HA! Have a great cycle, and we will see you, next time! Until next time, and in between time, this has been another trash talk in the WEW!
