Anakin Killswitch- Black ops, a sham, a debauchery, the eerie smell of death must be a repellent to this league. A downward spiral but nothing as bad as the stench of EWL or the feces that QPL was and is. I wish those two commissioners nothing but the worst. I wish the same misery for you happy Anderson. You infinite sadness will bring a glimmer of hope to my soul and a sparkle of life to me black heart. It's almost that time as the clock is ticking away, tick tock young sprag, tick tock. Could something be set for our future. Could there be a 'what if about to embark on us?' All in time lad, all in time...
