Where is that Wet Fart Peanut Butter Cup crew? I thought a thought and dwelled on that for say a minute or two and then reflected. I thought about the brotherly love the society of feces past present and future presents on the all mighty dungeon that still has

a place in this IWA world in 2024. Madness but everything happens for a reason right, right. But I so the Wet Farts embracing, loving, double fist palming rump on there and I shook my head and thought oh how the mighty have fallen. Everyone wants to be buddies, everyone wants to be liked. Kind of the shambling mess the Sisterhood Of traveling Pants portrays to this day. But I digress that the Wet Fart Walmart Busters are at least a force, I mean that shit comes from somewhere right, so either way before I unleash Mitch on you, buyer beware is what I'll leave you with to think over as something you have within isn't at all what it seems...
