The Man Behind The curtain of DOD/ORDER

My Father has been in the IWA for so long he asked that I stay anonymous. But the time behind the shadows comes to an end. Me and my Father Catfish Rob you know him as. Well I'm Catfish Tim have you noticed all the new moves and old moves mixed. Well those new moves were taught by me I have also been managing all these people. The Disciples of Doom I plant little ideas in their heads. Anytime anything violent happens they get to say so from me. That means if somebody gets brutally attacked by of the DOD members it doesn't happen without my say so. I teach the wrestlers of DOD new school training and Catfish Rob teaches old school training. Me and my Father have been working together this whole time. And I agree with what he said we should be tearing it up and that's exactly what we're going to do. Even if that means I have to put on a pair of boots and wrestle whoever oppose us. The time has come for the New and Old school to coexist. Who says wrestlers can't do both it is time to start taking Championships. Our boys and girls are spread all over the place and we will win every time even when we lose. But our guys will see you all real f*cking soon.
