TRASH TALK

Bucking Buck Farmer was able to get a title last cycle but seems to have problems with Nightmare Court feeding all his animals - but will this ultimately backfire when Hombre Muerto Xerus enters the Hog Pen?!

The Von Snapps, particularly Victor, Alec, and Axel, are celebrating Alec's victory over Steel Cut Oates for the BRL's East Coast title. They express confidence in Alec's potential to become the BRL champion and discuss their ambitions in various wrestling leagues. Alec expresses a desire to confront his old enemy, Mike Mason, in the CWL, while Victor emphasizes reclaiming the CWL Tag titles. They boast about their achievements as a tag team, being crowned the 2023 CWL Tag team of the Year despite not being active the entire year. They welcome challenges from teams like Millennial Reign and express their love for raising their game in response. The Von Snapps also highlight their success in trios wrestling, proudly holding the IWAR World Six-man championship and shutting down challengers like The Mannequins and The Institution. They proclaim themselves as the best multi-man team of all time and invite others to prove them wrong.

Ali Atari acknowledges The Chameleon for taking the Multi-National title from him and shows sportsmanship by congratulating him. He reflects on his own past frustrations and decisions, hinting that The Chameleon will eventually have to face him again. Ali then shifts his focus to other competitors in the IWL, mentioning the return of Rex Chambers and challenging him to a fight. He also mentions The Regulators and their pursuit of the 25x club, implying that he has been a significant obstacle for them. Ali questions which version of The Regulators will show up - the record breakers or the excuse makers - and mentions the absence of Magnum T.L., suggesting uncertainty about their role in the league.

Magnum T.L. is leaving the IWL Arena when he is ambushed by the Americanos, Buddy Donner and Hank Henkel, despite the cheers from nearby fans. They attack him viciously, causing chaos among the crowd. Buddy delivers a "Snap Gourdbuster" while Hank follows with a "Corkscrew Brainbuster" on the pavement, leaving Magnum injured. Hank then destroys a Magnum T.L. Wrestling Buddy toy, only to realize afterward that they were not supposed to attack Magnum. They apologize, sign the torn toy, and return it to the upset boy before fleeing as IWL security approaches.

Magnifico Astro enters the ring proudly wearing the League Championship belt he recently won. He acknowledges his mission in the IWL and declares himself the League Champion, but states that he's not there to boast about his achievements. Instead, he calls out Achilles Leos for blindsiding him backstage in the previous cycle and challenges him to a one-on-one fight without cowardice. As Magnifico Astro waits in the ring, Achilles Leos's music plays, but instead of confronting him directly, Leos sneaks up and strikes him from behind with a steel chair. Leos mocks Magnifico Astro's nobility and holds up the League Title, indicating his lack of regard for honor in comparison.

TRASH TALK

Ultimo Astro expresses frustration at not having faced Duke Smacktalker in their previous matches. He accuses Duke of hiding from him and challenges him to respond to his proposal for a No Holds Barred Match. Ultimo Astro suggests that Duke is comfortable cheating during regular matches but may struggle when facing him in a match where anything goes. He taunts Duke, implying that he's hiding because he's not willing to back up his "Smacktalker" persona in the ring. Ultimo Astro concludes by stating that he'll be waiting for Duke's response.

Excelente Astro expresses disdain for the tradition of shaking hands after a match, believing that it's unnecessary since he's already won. He confronts Andrew "Ace" Armas for expecting him to extend his hand in respect after defeating him. When Andrew and Alex "Arriba" Armas confront Excelente Astro backstage, tensions rise, but Ultimo Astro, Excelente's older brother, intervenes to prevent a fight. Ultimo Astro proposes a tag-team match as a way to settle their differences, suggesting that if Andrew and Alex win, he'll shake their hands, but if they lose, he'll take a finger from their hands. Excelente and Ultimo Astro leave the scene laughing, seemingly amused by the situation.

Backstage, Shotgun Kidd expresses reluctance about teaming up with Buckshot, despite management's decision. Buckshot, eager to partner with Shotgun Kidd, emphasizes their potential synergy and compares them to dynamite. However, Shotgun Kidd remains skeptical, citing his preference for working alone without distractions. Despite his reservations, Shotgun Kidd agrees to give the tag-team a chance, warning Buckshot that if he can't keep up, he'll end their partnership. Buckshot remains optimistic, suggesting that unlikely partnerships can sometimes become legendary.

Death Valley Drifter reflects on his success in the IWL, having won over 20 matches and retained the Miami Championship during the long tour. Despite sensing some animosity towards him, he remains indifferent, believing that if he's making people uneasy, then he's doing something right. He mentions Alex "Arriba" Armas, who criticized his win as a fluke, but Drifter dismisses it, jokingly referring to himself as just a drifter. He challenges anyone else in the IWL who has something to say about him to confront him in the squared circle rather than gossiping. Drifter then expresses his intention to relax with a cold drink until the next round of town visits, possibly exceeding the 79 towns he visited last time.

TRASH TALK

At a taping of BRL Main Event, Samoan Death Grip, accompanied by their manager "Queen" Kyla Martinez, make a grand entrance, showcasing their numerous championship belts. They boast about their historic achievement of holding the IWA World tag-team titles four times and proclaim themselves as the era of tag-team greatness. They mock other tag teams in the league, warning them to fall in line or face their wrath. They specifically call out the Grammar Police, Salt & Pepper Express, and Tennis Anyone?, challenging them to measure up to their standard of dominance. Samoan Death Grip also taunts Nameless and any other challengers, daring them to step up or face failure. They acknowledge The Von Snapps as potential rivals for the title of the best tag-team in IWAR history, vowing to hunt them down and settle the score. The segment ends with Queen Kyla raising their hands in victory as the crowd cheers, followed by a commercial for Wrestlerama 12 at the Tokyo Dome.

The Chameleon, carrying the Multi-National championship, delivers a rhyming monologue, recapping a recent pay-per-view match where he retained his title despite interference from the special referee. He boasts about his dominance as champion and vows to defeat his challengers, Ali Atari and Johnny Wrestlefest, while also threatening Rex Chambers. The Chameleon promises a hardcore, unsanctioned match and declares his intention to leave his opponents battered and broken. He ends with a reminder that the only easy day was yesterday, emphasizing his determination to continue his reign as champion.

The Litigators, comprised of Lee T. Gation, Perry Legal, and the Honorable Gil T. Azelle, address Brady Buckshot's actions and his intention to form a tag team with Shotgun Kidd. Perry Legal challenges Buckshot to face either Lee T. Gation or Gil T. Azelle in a tag team match of his choice. Lee T. Gation suggests Buckshot face all three Litigators at once, doubting his ability to handle the challenge. Gil T. Azelle expresses eagerness for competition, noting a lack of it in the league. The Litigators also mock The Nightmare Court's silence and take a jab at Windsor D. Troyt regarding a football game outcome. They conclude by inviting anyone else to call them out, asserting their dominance as the Litigators who turn pain into gain.

TRASH TALK

The Amazing Graces seem like they feel slighted but it won't be for long, as they have a title shot at the Grammar Police at Mat Mania, they will have their time to prove themselves!

The Grammar Police, the IWL World Tag-Team Champions, discuss their upcoming match against The Amazing Graces at Mat-Mania. They acknowledge The Amazing Graces' Tag-Team of the Year award for 2023 but assert that they themselves arrived later in the year and still managed to become champions. They boast about improving the spelling and grammar in the IWL bulletin and humorously mention inviting Chase's favorite English teacher, Mr. Hively, to watch them defend their titles at Mat-Mania in March.

Rex Chambers, the self-proclaimed REAL Multi-National Champion, enters the ring amidst a mixed reaction from the fans. He addresses the crowd, acknowledging his past departure from IWL and expressing regret for leaving abruptly. However, he defends his actions, stating that he was trying to improve the working environment in the company. Chambers claims credit for making things better and suggests that the fans should be thanking him instead of criticizing him. He is interrupted by the reigning Multi-National Champion, the Chameleon, who confronts him. Before they can exchange words, Ali Atari, the former champion, attacks the Chameleon from behind, sparking a brawl. IWL officials intervene to break up the fight as the show ends with Rex Chambers watching from the ring.

Fathers Arturo and Conrad, adorned with Ash Crosses, begin the holy season of Lent and express their commitment to fulfilling their divine mission in the Best of the Best Tournament, starting with a match against Shotgun Kidd. They discuss the Regulators' impressive track record as a team and express disdain for the Paperboys, who mocked them on a recent Power Hour episode. Father Conrad becomes agitated, but Father Arturo calms him down, reminding him not to be upset over something that hasn't happened yet. Despite not having an opponent for Mat Mania, they remain available to spread their message of repentance throughout Lent. They conclude with a sign of the cross as the camera fades.

Soo Yoo-Pai, the Cleveland title winner, speaks to a reporter at the Tokyo airport. He expresses his lack of enthusiasm due to having to catch an early flight back. He mentions awaiting news about his opponent for Mat Mania and hears rumors about former talents returning to challenge him. Despite this, he remains confident in his abilities, stating that no one, regardless of their past success, can defeat him. He hopes to know his opponent soon after Steel Cut Oates' departure and asserts his readiness for any challenger.

TRASH TALK

The Nightmare Court makes a dramatic entrance into the arena, showcasing their newfound strength and unity. The commissioner, recognizing their presence, retreats to his room and locks the door. Danse, frustrated with the commissioner's evasion, forcefully kicks down the door, demonstrating the Court's power. Despite the interruption, Xerus urges Danse to calm down. In the ring, each member of the Court grabs a microphone to address the crowd. Sangre expresses their discontent at being forgotten and promises to disrupt every event at Power Hour, sowing chaos. Xerus challenges their critics to face the full force of the Nightmare Court. Danse warns the commissioner that they won't tolerate any attempts to undermine them, citing their past actions in the NWL. Overall, the Nightmare Court asserts their dominance and vows to make their presence known once again.

IWL Backstage Interviewer - Gene Meene

Fathers Arturo and Conrad are at their altar, Arturo has the TV title over his shoulder

Father Arturo: “Well the time for **Mat Mania** is upon us! We shall face **Shotgun and Buckshot**. Now, the Shotgun Kidd did get past me in the Best of the Best, but...”

Father Conrad: “They call themselves the **Shotgun Gods!** What a blasphemous name! I’ll take that Memphis title from Brady Buckshot and his 1st Commandment breaking...”

Arturo: “Calm down Padre! We have much more on our plates. I will be defending this **TV** title and humbly continuing on my quest to regain the IWL league title which I held for most of last summer! The Johnny B Cup and Marano Memorial start soon as well.”

Conrad: “And **RJ Gallo & Doug McMaster**, I will be praying for us to win the **Trios Lethal Lottery**, like I did last year.”

Arturo: “Come Father, we have much to prepare for! Peace be with you!”

Conrad and Arturo give the sign of the cross and camera fades

Michigan Border Patrol

Windsor and Edward are in the breakroom

Edward Porthuron: “Soo is in Korea, finishing up some media before **Mat Mania**”

Windsor D. Troyt: “Yeah, so it’s almost time to face the **Von Snapps**, but first the **Litigators** had some negativity toward my beloved Detroit Lions! They would never take the ball in OT.”

Ed: “Don’t worry about them, they have to beat those American Bada**es the **Regulators** to get a shot at the trios titles. I know you are still mad about that game, but you have to play to win - which we plan to do against the Von Snapps at Mat Mania. Our legacy depends on it.”

Windsor take various six-man titles out of his work locker: IWA World, IWL World, IWL League

Windsor: “Even with all these belts, we still just hear about how great the Von Snapps are!”

Ed: “That’s alright, you like being the underdog. You always wear a Detroit vs. Everybody shirt. We have to go pick up Soo from the Airport and we don’t have time to go to the Landing Strip.”

Windsor: “I wasn’t going to ask that, but would Soo want to stop there after we get him?.”

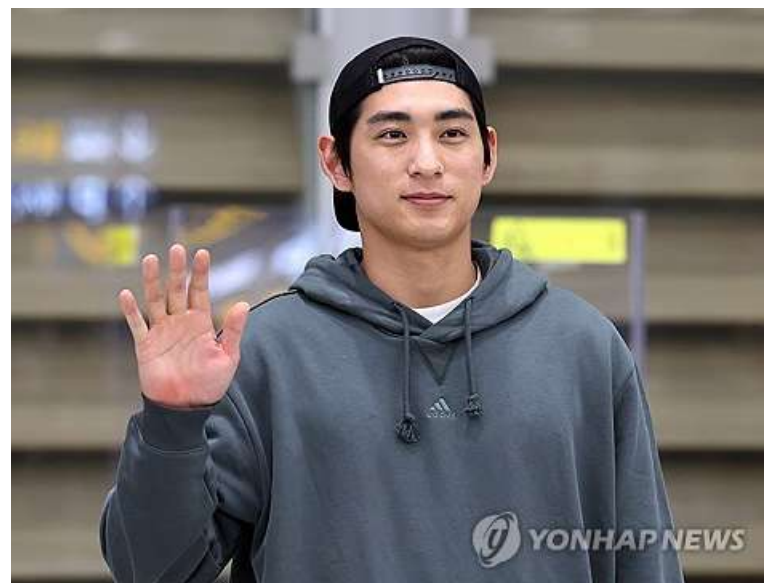

*Soo Yoo-Pai is being interviewed in South Korea, ahead of his IWL World title defense. He is asked about facing **Steel Cut Oates**.*

“Well we definitely have quite a history. We were involved in the feud of the year in the IWL. We met in the finals of the Johnny B Cup. He pinned me for the IWL league title. In many cases, I have not been victorious and even though I am the champ, the odds, at least at Suds & Duds, says that Steel Cut Oates is the favorite to win.

“Now I will say that there is one difference this time around. Many of Oates’s victories were either early in my career, or in a match involving his buddies in Taste for Violence. Oates isn’t focused on wrestling his best; he is too busy worrying about **Stevie Vertigo**. Or he is fighting with **Pain & Destruction** or focused on the Royal Rumble. When he beat me, he and all his henchmen were focused on beating me. Now he isn’t even focused on wrestling his best - he is just obsessing about getting revenge.

“But more importantly, I have changed and become more confident. Look at the people I’ve defended this belt against. I am not the same rookie that Oates beat way back then. Now I am in a position to make sure that our World Championship stays in the IWL. So **Steel Cut Oates**, be ready for the fight with everything you have. I hope that you are ready. I am the present and future of the IWL, and at **Mat Mania**, everyone will finally recognize that fact. I have to catch my flight back to the U.S, See you at **Mat Mania**.”

Soo walks away, signs two autographs for some kids and waves goodbye.

THE **AMERICANOS!**

[HANK HENKLE & BUDDY DONNER]

[Just as **Hirooki Fuji** is putting his lunch into the microwave at the IWL Arena's Break Room, the Americanos burst in and jump the international star. They put the boots to Fuji and quickly double powerbomb him through the kitchen table! Hank begins pick up chairs and tossing them on top of Hirooki over and over until he is buried under a mountain of steel chairs.]

The bell dings and Buddy takes the meal out of the microwave and begins to eat it as Hank checks his pocket for his notepad and reads. Suddenly, Hank cringes and hands the note to Buddy who reads it and shakes his head.

Buddy: Hank, this note says who were NOT supposed to beat up! Oh man! Can you believe this?

[Hank takes a sniff of the fresh cooked fish dinner and shakes his head.]

Hank: It may say so on the paper, but really anyone who cooks fish in the breakroom deserves a whuppin! Now lets get outta here before we get into trouble.

Who wants to join me in the Asylum match

[The camera fades in, revealing a dimly lit room with a single spotlight shining on a man sitting on a steel chair. The man, known as The Lunatic Matthew Grabowski, wears a tattered straight jacket, his eyes filled with a wild intensity.]

The Lunatic Matthew Grabowski:

Listen up, you pathetic fools! The Lunatic has arrived, and I've got a story to tell. You see, I wasn't always the twisted soul you see before you. No, I was once a prisoner of my own mind, trapped in a straight jacket, confined to the padded walls of the Looney bin.

[He chuckles softly, reminiscing about his past.]

The Lunatic Matthew Grabowski:

But you know what? I enjoyed every second of it! Those padded walls, those cold, sterile cells, they became my sanctuary. The screams of the tortured souls, the cries for mercy, they lulled me into a peaceful slumber. The pain I inflicted on others was my ticket to a decent night's sleep!

[He stands up, ripping off the straight jacket, revealing his muscular frame.]

The Lunatic Matthew Grabowski:

Now, I stand before you, a man who has embraced his darkness. I challenge anyone, and I mean ANYONE, to step into the ring with me in an Asylum Match. But be warned, you better have the guts, because once you step foot inside that twisted playground, there's no turning back.

[He paces back and forth, his eyes burning with a sadistic fire.]

The Lunatic Matthew Grabowski:

In the Asylum Match, there are no rules, no limits, and no mercy. We'll be surrounded by steel, chains, and the echoes of madness. Blood will stain the canvas, screams will fill the air, and I will revel in the chaos. So, who among you has the audacity to face me?

[He pauses, a sinister grin spreading across his face.]

The Lunatic Matthew Grabowski:

Step forward, if you dare, and prepare to be consumed by the darkness. The Lunatic Matthew Grabowski is waiting, and the asylum beckons. Will you answer the call? Or will you cower in fear like the weaklings you are?

[The camera fades out, leaving a chilling silence in its wake.]

We will keep pushing ourselves to the limit, we will keep striving for greatness, and we will keep delivering the most thrilling, heart-pounding performances for all of you. We may be Nightmares from afar, but we are also warriors with hearts of gold, fighting not just for victory, but for the love and admiration of our fans.

Ezio Esposito:

Thank you for believing in us, for supporting us, and for being the driving force behind everything we do. We promise to keep fighting, to keep entertaining, and to keep giving you the very best of ourselves, because that's what you deserve. Nightmares from afar may be our name, but in our hearts, we are your champions, your heroes, and your eternal allies in this incredible journey called professional wrestling. Together, we will rise, we will conquer, and we will continue to do what is possible, all for you, our beloved fans. Thank you, from the bottom of our hearts.

I want what's mine

[Firebird John Satterfield enters the wrestling ring, microphone in hand, with a sinister grin on his face]

Firebird John Satterfield:

Well, well, well, look who it is! The pathetic souls who dare to call themselves wrestlers in the Independent Wrestling League. You see, I stand before you today not as a mere mortal, but as a force to be reckoned with. I am Firebird John Satterfield, and I am here to reclaim what is rightfully mine!

[The crowd boos loudly, but Satterfield remains unfazed]

Firebird John Satterfield:

Oh, I can hear your feeble attempts to silence me, but your jeers only fuel my fire! You see, I am not just any ordinary wrestler. I am a legend in the making, a true master of the ring. And what I desire, what I crave, is the one thing that should have never slipped through my

fingers – The Independent Wrestling League Heavyweight Championship!

[The crowd erupts in a mix of boos and cheers, unsure of how to react to Satterfield's audacity]

Firebird John Satterfield:

Yes, my friends, I held that prestigious title once before. I was the embodiment of dominance, the epitome of power. But through a series of unfortunate events, it was taken away from me. Stolen, if you will, by those who feared my greatness.

[He paces back and forth, his eyes burning with intensity]

Firebird John Satterfield:

But fear not, for I am here to rectify this injustice. I demand my shot at the title that is rightfully mine! I have paid my dues, shed my blood, and sacrificed my body for this industry. And yet, I am denied what is rightfully mine.

[The crowd's boos grow louder, but Satterfield raises his hand, silencing them]

Firebird John Satterfield:

You may boo me now, but mark my words, I will not be silenced. I will not rest until I have that championship belt wrapped around my waist once again. I will tear through every opponent, leaving a trail of broken bodies in my wake. No one will stand in my way!

[He smirks, his confidence radiating through the arena]

So, to the current champion, whoever you may be, I issue a warning. Prepare yourself, for the storm is coming. The Firebird will rise from the ashes, and when I do, I will reclaim what is rightfully mine. The Independent Wrestling League Heavyweight Championship will once again be in my possession!

[The crowd's boos mix with a few scattered cheers, as Satterfield drops the microphone and exits the ring, leaving behind a trail of anticipation and uncertainty.]

Firebird John Satterfield

I will beat the bricks or Swamp moss off of all of you

Nehemiah Bogtrotter:

Listen up, folks, and listen good. It's time you all got acquainted with the one and only Nehemiah Bogtrotter. Some call me the Swamp Champion, others know me as the Brick Breaker, but one thing's for certain - I am here to unleash unrelenting fury upon all who dare to step foot in the ring with me. Good guys, bad guys, it makes no difference to me - because when Nehemiah Bogtrotter steps into that squared circle, there's only one outcome: victory.

I may hail from the murky depths of the swamp, but don't let my humble origins fool you. I am a warrior, a fighter, a force of nature that cannot be contained. When I lock eyes with my opponent, it doesn't matter if they're painted as a hero or a villain - I see nothing but a target, a challenge waiting to be conquered. And mark my words, I will beat the bricks or the swamp moss off of every single one of them, no exceptions.

You see, in this world of professional wrestling, there are no easy battles, no simple victories. Every match is a test of strength, skill, and spirit. And let me tell you, I have an abundance of all three. I will push myself to the limit, I will dig deep into the reserves of my soul, and I will emerge victorious, time and time again. It's not about good versus evil, it's about one competitor proving their mettle over another. And in that regard, Nehemiah Bogtrotter reigns supreme.

So to all my opponents out there, whether you wear a white hat or a black hat, whether you walk the path of righteousness or you embrace the shadows - know this: when you step into the ring with me, you better come prepared. I will show you no mercy, I will grant you no reprieve. I am the Swamp Champion, the Brick Breaker, and I will leave you broken, defeated, and humbled in the presence of my might.

Whether you're a hero trying to uphold justice or a villain seeking chaos, it matters not to me. The only thing that matters is the battle ahead, the clash of titans that will leave only one standing tall. And mark my words, that one will be Nehemiah Bogtrotter. So bring your best, bring your all, because I am ready to take on each and every challenge thrown my way. Are you prepared to face the Swamp Champion? Because the fight of your life is about to begin.

Nehemiah Bogtrotter

With the unwavering support I win

Joseph Redgrave II:

Ladies and gentlemen, boys and girls, allow me to introduce myself. I am Joseph Redgrave II, the embodiment of grit, determination, and pure wrestling prowess. But you know what, call me JR2 if you want. I don't care what you call me, because at the end of the day, I am the one who's ready to step into that ring and take on anybody who dares to stand in my way.

In this world of professional wrestling, there are those who talk the talk and those who walk the walk. Well, let me make it crystal clear - I am here to walk the walk. I am here to prove to each and every one of you that I am not just a name, not just a wrestler - I am a force to be reckoned with. I am Joseph Redgrave II, and I fear no challenger, no obstacle, and no adversity.

From the moment I step foot into that ring, the energy, the passion, the fire within me ignites like a blazing inferno. I am fueled by the desire to succeed, the hunger to dominate, and the unwavering belief that I am destined for greatness. So bring on your toughest, your meanest, your most cunning opponents - because I am here to take them all on, head-on, without an ounce of fear in my heart.

To my fellow wrestlers, to the fans watching at home, to the doubters and the naysayers - listen up. Joseph Redgrave II is not here to play games. I am not here to take the easy way out or to back down from a challenge. I am here to push myself to the limits, to test my abilities, and to show the world what true wrestling excellence looks like.

So if you think you have what it takes to step into the ring with me, to face off against Joseph Redgrave II, then bring it on. I welcome the competition, I embrace the struggle, and I thrive in the heat of battle. Because when all is said and done, when the dust settles and the cheers fade away, there will be one man left standing tall, and that man is me, JR2.

Whether you call me Joseph Redgrave II or JR2, it doesn't matter. What matters is that I am ready, willing, and able to take on any challenge that comes my way. So to all the wrestlers out there, all the fans in the audience, and all the doubters watching from afar - remember this name, remember this face, and remember this promise. Joseph Redgrave II is here to stay, and I will take on anybody who dares to step into the ring with me. Are you ready for the fight of your life? Because I sure am.

Joseph Redgrave II

IWL villains beware

Duke Smacktalker:

Listen up, you sorry excuses for wrestlers in the Independent Wrestling League! Duke Smacktalker is here to set the record straight and lay down the law. I'm sick and tired of watching you crybaby villains running amok in this promotion, thinking you can bend the rules and play dirty to get ahead. Well, let me tell you something - the era of villainy ends now, because Duke Smacktalker is stepping into the ring to take each and every one of you down!

All of you villains think you're so clever, with your underhanded tactics and your conniving schemes. But let me make one thing crystal clear - Duke Smacktalker sees through all your nonsense, and I'm here to deliver a harsh dose of reality. You can try to throw me off my game, you can try to play your mind games, but remember this - I thrive on adversity, I feed off the doubt, and I will not rest until every last one of you villain crybabies is lying on the mat, defeated and humiliated.

You think you can outsmart me, outwit me, outmaneuver me? Think again, because Duke Smacktalker is a force to be reckoned with. I've trained day in and day out, honing my skills, perfecting my craft, and now I'm here to show the world what a true wrestler is capable of. No more hiding behind your theatrics and your fake personas - it's time to face the music and go toe-to-toe with the one and only Duke Smacktalker!

So listen up, villains of the Independent Wrestling League. Your reign of terror ends now, because Duke Smacktalker is coming for each and every one of you. The Wreckingball SWAT Team

(The scene opens with Christopher Destruction and Kenneth Oblivion standing in the middle of a wrestling ring, surrounded by a roaring crowd. Both men are dressed in black leather jackets, exuding an intimidating aura.)

Christopher Destruction:

Ladies and gentlemen, boys and girls, tonight, we stand before you as the unstoppable force known as The Wreckingball SWAT Team!

Kenneth Oblivion:

That's right, Destruction! And let me tell you something, all you pathetic fans out there, we are here to talk about something very special. The Marano Memorial Tag Team tournament!

Christopher Destruction:

You see, this tournament is a privilege, an honor bestowed upon the elite few who have proven themselves worthy. And guess what? We, The Wreckingball SWAT Team, are privileged to be a part of it!

Kenneth Oblivion:

That's right, Destruction! We are not just any tag team; we are the embodiment of destruction, chaos, and mayhem! We are the wrecking balls that will demolish every team standing in our way!

Christopher Destruction:

So, listen up, you feeble-minded fools! We are here to make a statement, to show the world why we are the most dominant force in professional wrestling! We will leave a trail of broken bodies and shattered dreams in our wake!

Kenneth Oblivion:

You see, Marano Memorial Tag Team tournament, it doesn't matter who you throw at us because we will annihilate them all! We will crush their hopes, their aspirations, and their pathetic dreams of victory!

Christopher Destruction:

And when it's all said and done, when the dust settles, and the smoke clears, there will be no doubt in anyone's mind that The Wreckingball SWAT Team is the greatest tag team to ever step foot in that ring!

Kenneth Oblivion:

So, fans, get ready to witness the destruction, the carnage, and the absolute annihilation that only The Wreckingball SWAT Team can deliver! We will leave you in awe, trembling in fear, and begging for mercy!

Christopher Destruction:

Because when you step into the ring with us, there is no escape, no mercy, and no hope! We are the wrecking balls of this industry, and we will leave our mark on the Marano Memorial Tag Team tournament!

Kenneth Oblivion:

So, opponents, prepare yourselves for the fight of your lives! Because when you face The Wreckingball SWAT Team, you're not just facing two men; you're facing an unstoppable force that will tear you apart!

(The crowd erupts in a mix of boos and cheers as Christopher Destruction and Kenneth Oblivion raise their fists in the air, showcasing their dominance.)

Christopher Destruction:

Remember this, Marano Memorial Tag Team tournament, and remember it well. The Wreckingball SWAT Team is here to conquer, to destroy, and to leave a legacy that will never be forgotten!

Kenneth Oblivion:

Brace yourselves, for the storm is coming! And when it hits, there will be no survivors! We are The Wreckingball SWAT Team, and we will reign supreme!

(The lights dim as the crowd continues to buzz with anticipation, leaving Destruction and Oblivion standing tall in the ring, ready to unleash their wrath upon the tournament.)

The Wreckingball SWAT Team

I fight for myself not these stupid fans

[Camera fades in to a dimly lit room, where Johnny Wrestlefest is seen sitting on a worn-out leather chair, his face covered in shadows. He slowly lifts his head, revealing a sinister grin.]

Johnny Wrestlefest: Well, well, well... look who we have here. The so-called "fans" who think they matter in this world of professional wrestling. Let me tell you something, you insignificant worms, I couldn't care less about your cheers or your boos. I don't fight for you, I fight for myself!

[He stands up, towering over the camera, his muscles bulging with intensity.]

Johnny Wrestlefest: You see, I am not your typical wrestler. I am not here to pander to your pathetic desires or to be your hero. No, I am here to dominate, to destroy, and to do it all in style. I am the embodiment of power, the epitome of greatness, and I will not be held back by your meaningless opinions.

[He paces back and forth, his eyes burning with determination.]

Johnny Wrestlefest: Win or lose, it doesn't matter to me. I will keep fighting, pushing myself to the limits, because that's what I live for. I thrive on the chaos, the pain, and the thrill of competition. And let me make one thing clear, my victories are not for you to celebrate, they are for me to revel in.

[He clenches his fists, his knuckles cracking with intensity.]

Johnny Wrestlefest: You see, I am not here to be loved, I am here to be feared. I am the nightmare that haunts your dreams, the darkness that consumes your soul. I will break bones, shatter dreams, and leave a trail of destruction in my wake. And through it all, I will do it with style.

[He reaches into his pocket and pulls out a pair of sunglasses, putting them on with a smirk.]

Johnny Wrestlefest: These shades, they symbolize my dominance, my swagger, and my unyielding confidence. I am the embodiment of cool, the epitome of badassery. So, while you cheer for your heroes, I will stand tall, knowing that I am the true force to be reckoned with.

[He takes a step closer to the camera, his voice dripping with venom.]

Johnny Wrestlefest: So, keep your cheers, your boos, and your adoration. I don't need any of it. I am Johnny Wrestlefest, and I fight for myself. I fight to prove that I am the best, that I am untouchable. And when the dust settles, and the smoke clears, you will all bow down to the one true king of this ring.

[He smirks, his eyes filled with a sinister glimmer.]

Johnny Wrestlefest: So, prepare yourselves, my dear fans, for a spectacle like no other. Brace yourselves for the wrath of Johnny Wrestlefest, because I am here to conquer, to dominate, and to do it all in style. And remember, I don't fight for you, I fight for myself.

[The camera fades out as Johnny Wrestlefest's laughter echoes through the room, leaving a chilling sense of anticipation in the air.]

The Amazing Graces seemed a little butt-hurt that we used our promo time to address **Samoan Death Grip**. Next, they'll be uttering the same assertions that all hopeless title challengers do. They'll claim we're looking past them, underestimating them, so on and so forth. This simply is not true. We're hitting the mat, we're hitting the books and thanks to our new secret weapon **Mr. Hively**, we're gaining all sorts of insight into our opponents' past. At Mat-Mania, we're going to be too much for them to handle! Our new friend Mr. Hively has even given us his red pen that he used to grade homework with so that once we're through with you, we can give you one last **F** before you fade into obscurity and we go on to defeat **SDG** to become the IWAR World Tag Team Champions!!!!

I will dispose of all your heroes in IWL

Donathan Annihilation:

Ladies and gentlemen, gather 'round and witness the arrival of true darkness! Donathan Annihilation, the harbinger of destruction, has arrived in the Independent Wrestling League!

(Boos and jeers fill the arena)

Donathan Annihilation:

Oh, how sweet it is to stand before you, the so-called heroes of this league. But let me make one thing crystal clear: I couldn't care less if you love me or loathe me. Your emotions are meaningless to me because I am here for one purpose only – to annihilate each and every one of you!

(Crowd erupts in a mix of boos and cheers)

Donathan Annihilation:

Heroes, you've had your time in the spotlight, basking in the adoration of these ignorant fans. But now, it's time for the villains to rise! I will dismantle your so-called justice, shatter your pathetic dreams, and leave you broken in the ring!

(Boos intensify)

Donathan Annihilation:

You see, heroes, I thrive on your hatred. Your disdain fuels the fire within me, igniting a burning desire to prove that darkness always triumphs over light. I am the embodiment of chaos, and I will unleash a storm upon this league that will leave no hero standing!

(Crowd chants "Heroes! Heroes!")

Donathan Annihilation:

Keep chanting, you blind sheep! Your heroes are nothing more than false idols, parading around in their colorful costumes, pretending to be saviors. But when they step into the ring with me, they will realize that their time is up!

(Crowd boos loudly)

Donathan Annihilation:

So, heroes, prepare yourselves for the reckoning that awaits you. The Independent Wrestling League will crumble under my reign, and the fans will witness the birth of a new era – an era of darkness, dominance, and destruction!

(Crowd erupts in a mix of boos and cheers as Donathan Annihilation raises his arms triumphantly)

"RAVISHING" REX CHAMBERS

"You're Going Down" by Sick Puppies blares over the pa system and out steps "Ravishing" Rex Chambers, who is still sporting the old Pan-American Championship slung over his shoulder. The former champ makes his way out to the ring to a very split reaction from the fans. Finally, Chambers enters the ring with a microphone in-hand as he waits for the noise to settle.

"IWL universe, what is happening?!?"

The crowd responds with a loud cheer.

"It seems like there's a lotta people here that feel compelled to continue expressing dissatisfaction with my returning to the IWL."

The crowd interrupts with another mixed reaction..

"So, let's go through the list of people that seem to be upset with the Ravishing One. shall we?"

*"Let's start with **Johnny Wrestlefest**. You wanna be upset that you've got a second contender in the ring with you at Mat Mania, that's fine. But, frankly, I'm shocked that you're shocked that the former champ got a rematch. I mean, that's a practice that's been going on in this business for as long as I can remember, so if that possibility somehow never occurred to you then I've gotta ask you if you really even know this business at all? Ask yourself if YOU really even deserve to be in this match? And, while you're thinking about that, I want you to think about something else. Do you really think it was a wise decision to pull that little trick of yours, dressing up as a camera man so that you could get a cheap shot in on the special guest referee for your title opportunity? Most people would be trying to find ways to get the referee onto their side of the equation, but not you. You apparently grew up in the public education system where they want you to be yourself and speak your truth without ever bothering to make sure you understand the way that the real world works. In that sense, I guess it's not really your fault that you've become what the kids would refer to as a goobermeister, so you just do you, pal."*

*"Now, let's move onto somebody that we all know DOES know this business quite well. In fact, this is a guy that I've got more respect for than anybody else in the IWL locker room. He's taught me a lot and for that I am quite grateful, but **Ali Atari** if you wanna come out here and pick a fight with me then all I can say is that you have lost your damn mind, son! Now, I know that losing to the Chameleon and Holiday Havoc was a tough pill to swallow and I'm right there with ya. The truth of the matter is that I wanted you to win that match and then go onto knock off Wrestlefest at Mat Mania to setup what would have been a match for the ages with Ali Atari and Rex Chambers going one on one for the Multinational Championship. But, it just wasn't meant to be and now here we all are playing the hand we were dealt. For me, this is just business and as of right now neither one of us are standing in the other's path to getting what we both want, so it doesn't make sense to me that the two of us need to necessarily be at odds..... then again, if that's the way you want it heading into Mat Mania, then that's just fine 'n' dandy. I'll be your huckleberry."*

And, finally. Let's take a moment to acknowledge the guy holding the Multinational Title number two, the Chameleon. (Rex pauses while the crowd erupts in cheers).

*"**Chameleon**, you've had an awful lot to say about me ever since you won that championship and, honestly, most of it's just been you pissing and moaning about having to face two guys at Mat Mania instead of one. I've got two questions in response to that: First off, I'm the special guest referee and not one of those two guys, so what in the hell does that have to do with me? And, second, what kind of champion do you want to be anyway? See, as soon as the Commissioner sanctions my title and recognizes me as the one true champion here, then I don't care who wants to come after me. One-on-One. Triple Threat. Fatal Four-Way. Elimination Chambers. I really don't give a damn, throw the whole damn league at me! At the end of the day, that's the real difference between men like me and chumps like you is that we don't just talk the talk, but we're willing to walk the walk. And, don't get me wrong, at Mat Mania I'm going to call this match fair and square, but if you're not careful then when that match is over I might just walk all over you!"*

Rex drops the mic and exits the ring. He heads towards the locker room looking more intense than ever as the fans respond with yet another mixed reaction to what he had to say.

SINISTER SEAN BRUTAL

So, lemme just check and make sure that I've got this all figured out correctly. I give the Independent Wrestling League the honor of its existence by signing a contract and, in the process, lower my own personal standards by coming to the IWL – and, the response I get from management is to put me in my pay-per-view debut against **Joseph Redgrave**? Is this really happening? This is a thing? Okay, well I guess I don't make the matches so there's not much I can do about that, but lemme just say this – Redgrave, if you actually make it to Mat Mania – and, that's a big if – then you're in store for the most Brutal Encounter of your life and I wouldn't wanna be you, pal!

“THE COBRA” RILEY ORTON

Mat Mania's right around the corner and I've got my opponent set in **Nehemiah Boogerhoarder**. That's disgusting, but if that's who the brass wants to send me in there against, then so be it. I've been looking to make a statement here in the IWL and if that's going to come at the expense of this clown, then that's the way it's going to be. At the pay-per-view, just remember this Boogertrotter – when you step in the ring with the Cobra, you're gonna get bit!

"THE GOLDEN GOD" **BRADY BUCKSHOT** REPRESENTING THE GUN COLLECTION

("The Golden God" Brady and The Shotgun Kidd are backstage.)

BB: Kidd! We were inches away from glory! Our tag-team chemistry is impeccable! Our timing, flawless!

SK: Yeah. Yeah. Yeah.

BB: But it's okay, we're gonna run it back.

SK: Run it back?

BB: Yeah, it means do it again. It's what the kids say these days.

SK: Really? And how would you know?

BB: Because I'm cool. I know all the lingo.

SK: Oh god...

BB: BET!

SK: What are you betting?

BB: No, that's more lingo. BUSSIN! You CAPPIN'! I got RIZZ!

BB: Stop.

BB: You SALTY!

(The Shotgun Kidd walks away from Brady Buckshot who continues using lingo he just learned.)

DEATH VALLEY DRIFTER

REPRESENTING GOT/GUN

Death Valley Drifter sits on a bench backstage. Ultimo Astro, Excelente Astro, and Magnifico Astro gather around him.

DVD: Listen up boys, tonight at Power Hour, it was no ordinary night. We stepped in that ring, eight warriors strong, facing some of the best. Achilles Leo, Duke Smacktalker, and those Armas brothers, they thought they had us cornered.

UA: But they didn't know who they were dealing with.

EA: It was one to remember.

MA: And that crowd? Chanting our names!

DVD: It was a match to remember, that's for sure. We did what we came to do. We made a statement to the IWL fans and the higher ups. Alex "Arriba" Armas was pinned by me. It probably won't shut him up, I'm sure he'll come back for seconds, but what's done is done.

UA: What's next for the Death Valley Drifter?

DVD: Wherever the wind takes me.

Death Valley Drifter stands up and leaves the room as the Astros rally.

Galim Tursambayov wants a new challenge

[Thunderous boos erupt as the spotlight hits the entrance ramp. A figure clad in all black stalks towards the ring with a menacing glare. The boos intensify as he reaches the ring and climbs in. He grabs the microphone, the steel grates in his hand with a menacing grip]

Galim Tursambayov: (gruff, accented voice, voice rising above the boos) People of Columbia! You see me? Galim Tursambayov! The name you will FEAR!

[Booing intensifies, mixed with some shouts of "Who?" and "Get outta here!" hurled from the audience]

Galim: (ignoring the crowd, a cruel smile spreads across his face) You like hockey, no? Fast slapshot, big saves? I was Kazakhstan's GREATEST goalie! Once, arenas roared with my name! The ice was my domain, my saves... legendary!

[Galim throws the microphone down on the mat. The crowd starts to murmur amongst themselves, some impressed by his boasts, others skeptical]

Galim: (leans into the mic, voice rising) But... hockey... not enough challenge! Too much padding! Too many rules!

[A spotlight shines down on Galim's massive forearms, corded with muscle. The crowd starts to get a sense of unease]

Galim: I craved something MORE! Something raw! Something where I could CRUSH opponents with my bare hands! This ring... it is my new battlefield! And you people... you are my REGRETTABLE opponents! I will SLAM you into the MAT with the FORCE of a GORBACHEV SLAPSHOT!

[Galim slams his fist into the turnbuckle for emphasis. The crowd starts to boo and hiss, some recoiling at the violence in his voice]

Galim: No American wrestler, no pretty boy, no has-been legend can stop Galim Tursambayov! I will tear through them like a SAMSARA through the SNOW! I will become your new IWL CHAMPION! This ring... this is MY domain now!

[Galim drops the mic and raises his arms in the air, his eyes gleaming with a predatory hunger. The boos reach a fever pitch, some fans even throwing popcorn and drinks into the ring. Galim throws his head back and laughs, a harsh, cold sound that sends shivers down spines. Security guards rush to the ring apron to restrain the fuming crowd, but Galim barely acknowledges them, already lost in the delicious vision of domination that awaits him.]

The Chameleon is backstage, Multi-National title over his shoulder.

Next cycle is the big cycle. My first Multi-National title defense. **Ali Atari**, you think I'm anything like you? There is no comparison! You want to play the old-timer I've been there, done that card? I'm nothing like you! You are no comparison to me! What you did in your glory days has nothing to do with me. It's all ancient history. Let's talk about recent history. I've never lost a match against you on a pay-per-view, and I don't intend to start now.

Johnny Wrestlefest has said absolutely nothing lately. I'm sure if he were here, he'd say he's going to stretch us into submission. Wrestlefest, you can stretch me all you want. I bend, but I don't break.

Then there's **"Ravishing" Rex Chambers**. The so-called Savior of fantasy wrestling. Maybe instead of the "Ravishing" gimmick, you need to go with the "Narcissist" gimmick. The only fantasy wrestling I know is in your sick and twisted head. If the Chameleon is anywhere close to your fantasies... Well, I guess you were talking about me in panties. You want me to thank you? Thank you for what? Being a self-absorbed, narcissistic little punk? I've been here in the IWL a long time, and that's the only thing I remember about "Ravishing" Rex Chambers. Well, there is one more thing I know. As soon as you hand me my title at Mat Mania, you better watch out, because I'm going to send you packing with a Widowmaker. You'll be running out of the IWL with your tail tucked between your legs crying about how you saved "fantasy wrestling" while the Chameleon will be standing tall with the Multi-National title over his shoulder.

Remember, gentlemen. The only easy day was yesterday.

PL: The Litigators and the Regulators for a match against the IWL Six-Man champions.

LTG: Don't think we don't know your history, Regulators. We didn't graduate top of our class with law school degrees by not doing our homework. You are some of the best wrestlers in the history of not just the IWL, but also the IWA.

GTA: We are not unaware that this will be one of the biggest challenges the Litigators have ever had to face. But rest assured, we will rise to the challenge.

LTG: To make sure we are ready, we have made an unprecedented move. We have turned over the handling of all our court cases to our well paid, well educated associates. For the next three weeks, we will be focused solely on studying your every move and learning ways to attack.

PL: Wrestling is a lot like the law. The side who is more prepared, who puts in more time, who isn't afraid to sacrifice often walks out on the winning side. Rest assured, just as we've never lost a case, we won't lose this match, either.

LTG: We are the Litigators and we will turn your pain into rain. Cha-ching!

JG: The **Grammar Police** finally talked about us.

CG: Did I hear them say that we only won Tag Team of the Year because they weren't in the league all year?

JG: Sounds like an excuse to me, but then I got bored hearing them and tuned out.

CG: They say they're inviting Mr. Hively to the pay-per-view. I hope he brings his red pen.

JG: He doesn't go anywhere without it.

CG: He'll be proud to watch us superkick our way to the IWL Tag Team Championship.

JG: Although I bet he'll be holding his jaw, remembering the pain our superkick can bring.
