SHL Towers

⋮ We left all the updates from last tour up so that everyone will know what is going on between the four leagues. I encourage you to check out the full report of the End of the World in the SVL. The NSL does have the next crack at any Triple Crown titles. The Sith is getting hungry and angrier, the NME is on a roll. And has the SHL originals truly become also rans. It's starting to feel like that and while the fans are still cheering the heroes there is a feeling that their days are past them. Only time will tell.

IWA SURVIVOR

STARTS THIS CYCLE!!

Have you ever dreamed of being on Survivor? Well, now wrestlers from any of the Pro Wrestling Imitated leagues (BHL, ASL, BBL, RDL, SHL) - and, for this event, the BBW - can audition for a chance to compete against one another in a multi-cycle contest filled with one grueling event after another for a chance to win \$1MM in imaginary money and the title of the 2024 IWA Sole Survivor. But, just like in the game show, in order to do that players must outwit, outplay, and outlast the competition!

EVENT DETAILS

This year, IWA Survivor travels to the Pearl Islands in Panama!

Once the contest list is set, players will be broken up into tribes. The initial stages of the contest will pit tribes against one another using various game-related criteria. The first stages of the game will feature bulk eliminations. Each cycle after, contestants will be eliminated by way of tribal vote. At a certain point, the tribes will merge and the contest will continue in an individual capacity until only one player remains and earns themselves the title of Sole Survivor. The game criteria for each round will be announced the cycle prior so that players can prepare accordingly.

The game is tentatively scheduled for 3-rounds that will narrow the field down to 2 tribes with 10 each. Then, 4 rounds of competition between the 2 tribes, and then the merge where the final 13 will advance. From that point on, it will come down to individual competition. Good luck!

**Do you have what it takes to outwit,
outplay, outlast the competition?**

There's only one way to find out!!

IWA SURVIVOR

HOSTED BY:
Jeff Roast

ROUND 1 CHALLENGE:

This round, each tribe will be graded on the total singles strategies of all 10 of its tribe members during this cycle of play. The tribe with the lowest score will be eliminated from the IWA Survivor competition and the other 3 tribes will advance to the next round.

Title: Shadows on the Silent Sea

In the vast deserts of Tatooine, where the relentless sun beats down upon the endless dunes, a lone figure moved with purpose. Cloaked in the dark shroud of the Sith, **Assassin Atrox**a navigated the treacherous sands with silent determination. Her mission was clear: to retrieve a crucial information droid that had fallen into the hands of the dreaded Tusken Raiders.

As she ventured deeper into the desolate landscape, the eerie silence of the Silent Sea enveloped her. The wind whispered ancient secrets, and the shifting sands seemed to conceal hidden dangers at every turn. **Atrox**a's senses were heightened, her every step measured as she scanned the horizon for any sign of her quarry.

Suddenly, a band of Tusken Raiders emerged from the swirling sands, their distinctive cries echoing across the desert. **Atrox**a's hand instinctively went to her lightsaber, igniting the crimson blade with a menacing hiss. The Raiders, sensing the presence of their enemy, brandished their gaderffii sticks and charged forward with primal fury.

With unmatched agility and precision, **Atrox**a danced amidst her foes, her lightsaber cutting through the air with deadly grace. Blasts of crimson energy lashed out, deflecting the Raiders' primitive weapons with ease. Yet for every Raider that fell, more seemed to emerge from the shifting sands, their numbers overwhelming.

Undeterred, **Atrox**a unleashed the full power of the dark side, channeling her fury into a devastating Force storm that swept through the ranks of her enemies. Sands churned and howled as lightning crackled across the battlefield, scattering the Raiders like leaves in a storm.

Amidst the chaos, **Atrox**a sensed a presence unlike any other. A shadow moved with unnatural grace, its movements fluid and deadly. With a flicker of recognition, **Atrox**a realized she was facing not just any Tusken Raider, but a skilled assassin trained in the dark arts of the Sith.

The two adversaries clashed in a whirlwind of steel and shadow, their lightsabers weaving intricate patterns of death and destruction. Each blow was met with equal ferocity, as **Atrox**a and her mysterious foe danced on the edge of oblivion.

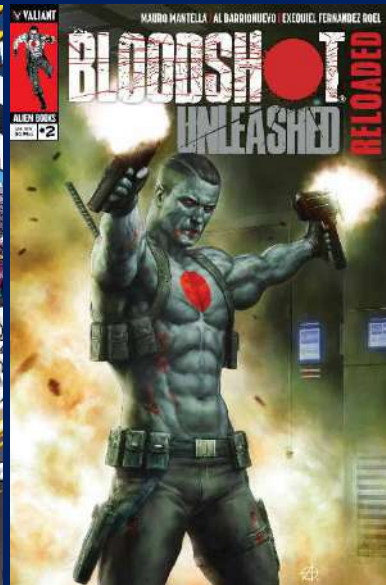

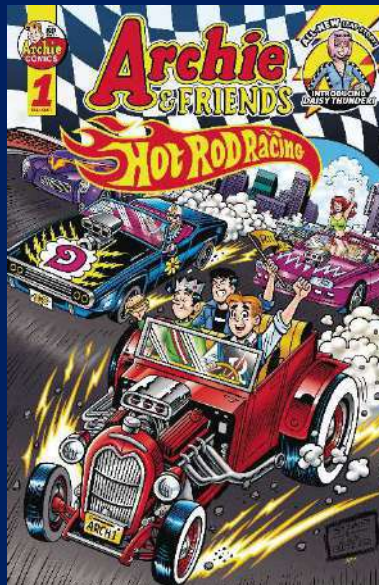

Yet even as the battle raged, **Atrox**a remained focused on her objective. With a deft maneuver, she seized the opportunity to strike, disarming her opponent with a swift and decisive blow. As the assassin fell to the sands, defeated but not destroyed, **Atrox**a pressed on towards her goal.

Finally, she reached the heart of the Silent Sea, where the information droid lay hidden amidst the shifting sands. With a sense of triumph, **Atrox**a retrieved the precious cargo, knowing that its secrets would serve the Sith well. As she disappeared into the endless expanse of the Tatooine desert, the winds whispered tales of her victory, and the shadows of the Silent Sea seemed to retreat before her dark and formidable presence.

In the heart of Metroplex City, where skyscrapers kissed the heavens and the bustle of life never ceased, there existed a hero unlike any other – **Solar Boy, the Boy of the Atom**. With his powers gifted by the cosmic forces of the universe, he stood as a beacon of hope against the darkness that threatened his world.

But lurking in the shadows was a sinister figure known only as **Dr. Pain**, a mad German scientist whose thirst for power and domination knew no bounds. With his brilliant mind twisted by ambition, he concocted schemes that threatened the very fabric of existence.

On a fateful day, as the sunbathed the city in its golden light, **Dr. Pain** unleashed his latest creation – a colossal robot fueled by dark energy, programmed to sow chaos and destruction wherever it tread. The streets trembled beneath its mechanical feet as panic spread like wildfire among the citizens.

Hearing the cries for help, **Solar Boy** soared into action, his body radiating with the brilliance of a thousand suns. With a swift burst of energy, he confronted the monstrous automaton, determined to protect his home from harm.

The battle raged on, the clash of titans echoing through the city streets. Every punch thrown by **Solar Boy** was met with equal force from the mechanical beast, threatening to overwhelm him with its sheer power. But **Solar Boy** fought on, his

determination unwavering as he tapped into the limitless reservoir of energy within him.

As the sun began to dip below the horizon, **Solar Boy** unleashed his most powerful attack yet – a blinding burst of solar energy that engulfed the robot in a blazing inferno. With a deafening roar, the machine crumbled to the ground, its metallic frame reduced to nothing but molten slag.

But victory was short-lived, for **Dr. Pain** emerged from the shadows, his eyes burning with malice as he revealed his ultimate weapon – a doomsday device capable of unleashing untold destruction upon the world.

Undeterred, **Solar Boy** confronted his nemesis, their final showdown unfolding amidst the backdrop of a city on the brink of disaster. With every ounce of strength he possessed, **Solar Boy** unleashed a torrent of energy against **Dr. Pain**, determined to put an end to his reign of terror once and for all.

In a blinding flash of light, the doomsday device was destroyed, its power neutralized by the sheer force of **Solar Boy's** will. With a defeated cry, **Dr. Pain** vanished into the darkness from whence he came, his dreams of world domination shattered by the unstoppable force of justice.

As the city breathed a collective sigh of relief, **Solar Boy** stood tall amidst the rubble, a symbol of hope and courage for all who called Metroplex City their home. For as long as evil threatened to rear its ugly head, he would be there to stand against it, a shining beacon of light in a world consumed by darkness.

Interrogation Time

(Adonis rests floating in a bacta tank. The viscous liquid soothes his aching body from the near fatal beating he received from Duchess Talon's torturous Sith sorcery, the slow, surgical, slices and burns from interrogation droids, and the sheer physical brutality inflicted by Assassin Atroxa and Lady Lumiya. His scars are beginning to heal, nerves are regenerating, his swollen eyes can focus better, he can feel his muscles slowly getting stronger. His broken ribs are almost mended. His breathing is slow, deep, rhythmic through the regulator hooked to his face. At this moment, Adonis is near bliss without a care in the world. Without warning, Adonis is pulled from the bacta tank, the regulator ripped from his face, his body slammed hard against the floor as his ribs break again absorbing most of the impact. Adonis is rudely awakened from peaceful dreams to a living nightmare. Highly disoriented from the sudden exit from the bacta tank, unable to get his bearings, Adonis opens his swollen eyes. He can somewhat see a form lying beside him and he barely recognizes his fellow Olympian Hermes. Hermes resembles a slab of raw meat as his body is half healed and bloody. Ominous footsteps of booted feet reverberate throughout the room. The high pitch cackle of Queen Maladi slices through Adonis' ears nearly popping his eardrums. Her crimson face comes into full view.)

Queen Maladi: "Oh dear, did I disturb your beauty sleep handsome?" (Maldi kicks Adonis in the face with her sharp edge boot breaking his nose.) "I couldn't wait to get my delicate hands on you and your friend. It appears both of you are the strong, silent type. It's a lucky day for both of you. I'll know everything about you within a few minutes and you won't need to open your mouth. Before that happens, a girl must have a little fun!!"

(Purple electric Sith lightning springs from Maldi's fingers as it strikes the body of Hermes. Hermes screeches in anguish. The web of lightning ensnares Hermes, and he is jolted off the floor. Maladi holds Hermes' mangled body in the electric web for several seconds before violently force pushing Hermes half-way across the room sending him crashing through an unused bacta tank. Maladi's predatory eyes focus back on Adonis.)

Maladi: "Show me what's inside of your mind. Open yourself to the unlimited power of the dark side, LET MY POWER PENETRATE YOUR SOUL!!"

(Adonis writhes in agony. His eyes are so wide that they nearly burst. Maladi is inside the mind of Adonis. She sees the birth of Adonis. The child of an incestuous relationship between King Theias and his daughter Myrrha because of a curse from Aphrodite. The Queen views Adonis win the love of Aphrodite and Persephone. Zeus mediates an agreement between the two deities. The visions show Adonis as a master hunter.)

Maladi: "To think a child conceived from an incestuous relationship would turn out so handsome! Goddesses quarrel over you. A hunter, predator, top of the food chain! Well, look at you now!"

(The Queen shakes her head in disgust as she stalks over to Hermes. Maladi grabs him by his mangled face as her gaze penetrates his eyes.)

Maladi: "Reveal, I COMMAND YOU!"

(Hermes screams and his body convulses.)

Maladi: "The son of the ruler. A messenger.... traveler between the land of the Gods and that of the mortals. Great cunning.... Honored by thieves. Trickster.... Bringer of luck! You lived up to your reputation, you've brought the Royal Court a considerable amount of luck indeed! How many credits would your father pay to have you back? We'll see, won't we?"

(Maladi pulls out her commlink)

Maladi: "Sister Talon, prepare the carbonite chamber! We have two pieces of precious cargo that need freezing. We are going to have more riches than we ever thought possible!"

THE OLYMPIANS

A NEW PERSPECTIVE....

ZEUS

SHL programming tunes into the Olympians Headquarters, which is presumed to be perched atop Mount Olympus itself. The cameras cut inside of the state of the art building and into a large conference room that is decorated fine art, statues, and marble pillars. Seated inside is the almighty Zeus accompanied by his brother, Poseidon, and his sons Ares and Hercules.

Zeus appears stoic as ever with a look of both focus and concern upon his face. The cameras pan over to the direction that his eyes are fixed towards, which land upon a large screen that is showing the recent interrogations by Queen Maladi and the SITH.

ZEUS: "And, so now we know."

POSEIDON

POSEIDON: "Yes, brother. Adonis and Hermes are, in fact, alive but it does not look well for them. Shall we call upon our armies?"

ZEUS: "Have them on the ready, but they are not to deploy until I give the command."

ARES: "BUT, FATHER! We must act swiftly and in a manner that leaves no doubt in their minds. I implore you, let me lead our men into battle. Let us rescue them. And, let the SITH rue the day that they encountered the Olympians as they bow to our feet like the scum that they are."

ZEUS: "QUIET!"

A grimacing Ares does as commanded. Other than the muttering of "Yes, my Lord," he is silenced and bows before backing away.

ZEUS: "There is none more eager to rescue Adonis and Hermes from their fate than I am, but we must not act hastily. The SITH are a dangerous faction, perhaps amongst the most dangerous that we've encountered to date, and so we mustn't be foolish in rushing in. We must remain calm. First, we are to locate the SITH and then we are to wait patiently for the opportune time to strike. And, when that time comes...."

Zeus looks towards Hercules, then Poseidon, and then locks eyes with Ares.

ZEUS: "When that day comes, I can assure you, son, that we will unleash even the fiery beasts of Hades himself if that is what must be done to avenge this situation. Indeed, the SITH shall rue the day."

The scene fades with all four of the Olympians looking more battle ready than ever before.
