Countdown 2

Moments Ago (Video w/ commentary from Ezekiel Gotti): “There you see them, the winners of last cycle's Wargames, it's the Tombstone Masterz. “The Bloodline Itch” Eddie Raja is leading the way, and there you see the X-Contenderz Champion, Nicholas Rysen. Those four men are riding high at the moment, and this cycle, they could have a 5th member. Will “the High Roller” Paul Vegas join their ranks” Stay tuned”!

It's finally here! The next top IWA league, where the “Xtreme” injects the poison into the competition. The unveiling of a new breed of entertainment is here! The Xtreme Poison League is your league, and it's time to inject that lethal dose of pure competition! This is our ultimate mission! -Commissioner Venom Scott

INTRO PROMO: With the Tombstone Masterz winning the Wargames Match last cycle, what will they have to say, regarding their feud with the Arashikage Clan? Will Paul Vegas join their ranks as the 5th member? The XPL World Heavyweight Champion Arashikage is in attendance, and so is the XPL Television Champion, the Mighty

Deadhead. Although there is a mutual respect between the two, how long will the “dynamite” stay lit, before things explode? Stay tuned!

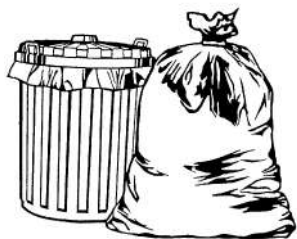

Also on the Xtreme Dose™ LIVE: Nicholas Rysen will find out who he'll defend the X-Contenderz Championship against. More matches for the Grudge: Champion versus Champion pay per view will be announced!

THE FACTS

Did you know that Commissioner Venom Scott competed in ONE official XPL match on a pay per view against “the Innovator of Arrogance” Keith A. Maple. The match was held inside of a steel cage for control of the XPL on the line. Keith A. Maple would be victorious and controlled the Xtreme Poison League for SIX cycles!

TRASHTALK MATTERS IN THE LEAGUE OF XTREME!

Since the birth of the Xtreme Poison League, XPL Management has driven it's managers to trash talk on a consistent basis! XPL Management has a new way of pushing you all to the "Xtreme" by promoting the fact that "trash talk matters in the league of Xtreme"! Championship matches and positions on the pay per view and "XD" cards will be based on 3 aspects from here on out! **Being active, trash talking, and winning!** It's time to prove to the rest of the Imaginary Wrestling Association that there is no league better, tougher, or more "Xtreme" than the XPL! XPL Management is counting on **YOU!**

Ezekiel Gotti: Hello wrestling fans, welcome to bulletin 239 of the most consistent and consecutive of wrestling programs, the Xtreme Dose™ LIVE! Of course, Commissioner Chaos has donned it as Countdown 2 Chaos™, because the chaos could explode at any given moment. I am Ezekiel Gotti, alongside my great friend and colleague, the one and only Cameron Judas! What a Wargames we had last cycle!

Cameron Judas: Talk about blood and guts. Brutality and animosity. Talking about taking things to the Xtreme, to get an opportunity to shine on the big stage, and make a name for yourself. All 10 men did just that, but only one team "survived", and that was Team TM (Tombstone Masterz)!

Ezekiel Gotti: "The Bloodline Itch" Eddie Raja got the victory for his team, and he has now thrown his name into the World Title mix, which is already stacked from top to bottom. We are expected to hear from everyone who was involved in that match tonight, including the XPL World Heavyweight Champion himself, Arashikage. **(The camera pans the crowd, as over twenty thousand have packed the illustrious Xtreme Arena, for a LIVE experience of the best league in the Iron Federation. A thunderous blast of pyro explodes on the entrance-way, and out walks the Tombstone Masterz. Leading the way, is none other than "the Bloodline Itch" Eddie Raja, followed by the X-Contenderz Champion Nicholas "the Flood" Rysen, "Mister Mayhem" Saiga Genisys, and "the Project" Sam McMillan. All four men begin to make their way towards the ring. Raja slides inside, retrieves a microphone from the ring announcer, and stands on the turnbuckle. He stares into the crowd as they somewhat cheer the faction, but a few boos are still evident, due to their feud with TAC. The other members are inside of the ring, and together, they stand midway the XPL logo. No theme music was needed to introduce the quad of men, but their presence is intimidating. Raja pulls the microphone to his mouth and begins to speak.)**

"The Bloodline Itch" Eddie Raja: Wargames is OVER, and now, we are looking forward! If last cycle didn't prove to the doubters that we are for real, then what happens next will! What TAC fails to realize, is that there will always be an opposing force, and that they will not be on top of the XPL forever. **(Rubs his fingers through his hair.)** Our time is NOW! I've placed myself into the World Title mix, when I defeated the most overrated champion in XPL history, the Mighty Deadhead. Now, to earn my opportunity, I must defeat "the Ultimate Male" Colin Jacks and "the Flamboyant One" Phillip Flamingo. Although neither man knows it at the moment, I respect the hell out of both of them, because they remind me of ME. Young, athletic, and ambitious. They are the future of the XPL. The winner of our "CLPS" Xtreme Rules Match, will become the NOW of the XPL. I look forward to kicking both of your a**es to earn my shot! **(Stares into the camera.)** I hope that you are ready to do the same! **(Nicholas "the Flood" Rysen is anxious to grab the microphone. Raja gives it to him and he begins to speak.)**

"Nicholas "the Flood" Rysen: Kageno Senshi, hear me loud and clear, so that there will be no misunderstandings. Win or lose, this will be our last battle of the year, because I intend on destroying you. There will nothing left of you when I defeat you in this ring. I will see you at the Grudge, Champion versus Champion! I accept! **(The crowd erupts in cheers and Rysen passes the microphone to Sam McMillan.)**

"The Project" Sam McMillan: Gourdman... Gourdman... Gourdman... enjoy your American Championship Title match against Makashi, and if you win, then you can challenge me. I have bigger and better things to be doing right now, than to be fighting you, when there is no incentives involved! **(The crowd boos as Raja takes the microphone, coldly stares into the camera, and prepares to speak. He thinks about speaking, but decides not to, and tosses the microphone aside. The camera then cuts to the backstage area.)**

BACKSTAGE

(Backstage, the cameras catch up with Phantom Stryker and the Dynamic Dragonite, both of whom are chopping it up. The men are seemingly catching up on old times. They are dressed in new attire, all black jumpsuits, and they look intimidating. (Backstage, longtime announce Noah Atkinson is standing alongside “the High Roller” Paul Vegas, in hopes to get an answer regarding TM's invite to join them.)

Noah Atkinson: Ladies and gentlemen, standing with me at this time, is “the High Roller” Paul Vegas. I have a question that is on everybody's mind, will you be joining the ranks of the Tombstone Masterz, as their 5th member? **(Atkinson holds the microphone to Paul Vegas' mouth, but he doesn't answer the question, but he snatches the microphone away.)**

“The High Roller” Paul Vegas: Wargames was a hell of an event, and I was the elite equalizer, who helped Team TM take out Team TAC. Together, as a unit, we did what others thought that we were incapable of. We dominated Team TAC, with Deadhead and Gourdman included, and we came out victorious. I too, want to include my name in the World Title conversation, being that I am a former champion.

Noah Atkinson: Will you or will you NOT, be joining the ranks, of the Tombstone Masterz? **(Atkinson holds the microphone to Vegas' mouth, but he does not answer the question, and walks out of the camera's view. The camera then cuts to the announce team at ringside.)**

Cameron Judas: There's still no concrete answer from “the High Roller” Paul Vegas, but perhaps we will get some sort of answer in trashtalk, possibly this cycle.

(Sunshine Superman by Donovan erupts over the PA system and out walks Yachtsmen manager Sara Khan. Yuri Epstein is with her, and so is Kangaroo Kid Craig Kilroy. They stop at the entrance-way and Sara Khan begins to speak.)

Sara Khan: Yuri the Yeti Epstein and Kangaroo Craig Kilroy are looking for blood, and they want the opportunity to be in the ring with the top stars, namely the ones that I mentioned last cycle. “Flamboyant”

Philip Flamingo has a grand opportunity at the pay per view and we are happy for him, however, the rest of my boys will not be forgotten in the shuffle. **(She stares into the camera and sends a message to “the Ultimate Male” Colin Jacks.)** Be warned!!! **(Khan puts the microphone down, and the Y! faction walks back through the curtain. The camera then cuts back to Noah Atkinson, as he prepares to interview “the Ultimate Male” Colin Jacks, but Jacks is blindsided by “Flamboyant” Philip Flamingo. Flamingo sends Jacks into the nearby wall, before dropping him with a back elbow, that connects to the side of Jacks' face. XPL Security run in, as does Commissioner Chaos, but the damage has already been done. Flamingo walks out of the camera's view, but they follow him, and he meets up with Sara and the Y! stable. The camera cuts back to the inside of the Xtreme Arena.)**

(The arena goes dark. “Wolf Totem” by The Hu begins to play. The large red spotlight shines up into the rafters. The Arashikage Clan is standing there. Arashikage stands in the middle with a microphone and the World Championship is once again strapped to the railing. Kageno Senshi is to his right, and Makashi is to his left, with the American Championship over his right shoulder. The music fades out and Arashikage begins to speak.)

Arashikage: Wargames is over, and now, the Tombstone Masterz are basking in glory. I can respect that, but at the end of the day, we still don't like you! We are still the most dominant faction in the XPL, and until you have the XPL World Heavyweight Championship Title, your claim as the top dogs are false! Raja can add his name to the mix. So can Paul Vegas. There's also Max Payne, and my next opponent in the “title versus title” match, the Mighty Deadhead! I... **(Standing on the entrance-way is none other than the XPL Xtreme TV Champion, the Mighty Deadhead. The fans erupt when he arrives, and let's out one of his famous slogans on the microphone, “Ow Fat Daddy's Onion Rings”! He looks up in the rafters, stares at the XPL World Heavyweight Champion, and pulls the mic to his mouth. He begins to speak.)**

The Mighty Deadhead: Nothing but respect for each and every one of you, but the Xtreme Television Champion has something to say, to the World Heavyweight Champion. **(The crowd cheers.)** Right now, in this moment, I respect the hell out of you Rashy! The thing is, once that bell sounds, I respect no one in that ring! It's going to be my title versus your title, and when it's said and done, I expect to be a double champion once again. Man versus Man. One on One! **(Arashikage pulls the microphone to his mouth, but before he can speak, Max Payne appears on the Poison-Tron. Still in the shadowy corner, and with a silhouette of Modesty shown, the former World Champion begins to speak.)**

Max Payne: Deadhead, when you say “my title”, I'm assuming that you mean MY TITLE! You see, I can invoke my rematch clause at any time, including soon after your “title versus title” match, which would put either of you in harm's way. What choice will I make? That's my business. No matter what I ... **(“It's not going to happen”, says a voice that comes over the PA system, and the crowd is in awe. 1VOICE (Chris “the Kydd” Marinaro and Voice of the Voiceless, the XPL World Tag Team Champions, walk right past the Mighty Deadhead on the entrance-way. Marinaro continues to speak.)**

Chris “the Kydd” Marinaro: Max Payne, you will not be “cashing in” on your rematch, at the conclusion of the “champion vs champion” main event. You know why? Because I am challenging you to a match at that event, and I know for a damn fact, that you will not have anything left when I am done with you. Chaos has already made it official! Those are words that you can BELIEVE in! **(Marinaro passes the microphone to VOV, and while staring at Arashikage,he begins to speak.)**

Voice of the Voiceless: Tick Tock! Tick Tock! **(The end credits for Xtreme Dose™ LIVE - Countdown 2 Chaos™ LIVE comes on the screen, with the camera cutting back and forth, between TAC, the Mighty Deadhead, 1VOICE, and Max Payne. The show goes off the air.)**

The arena goes dark. Wolf Totem by The Hu begins to play. After about a minute, a red spotlight shines up into the rafters. The Arashikage Clan is standing there. Arashikage stands in the middle with a microphone and the World Championship strapped to the railing. Kageno Senshi is to his right and Makashi is to his left with the American Championship over his right shoulder. They are looking at the banner advertising War Games. The music fades out and Arashikage begins.

I will admit, things got a little bit heated at the end of WarGames. It was a tough loss with a group that is extremely competitive. Deadhead, I am public apologizing for what happened after the match. Emotions were running high. We both knew that we had this massive match coming up against each other. What can I say other than emotion over-rode the brain. At The Grudge, the single biggest rematch in the history of our industry will take place. It is title-for-title. One man will walk out with all of the gold in that one. Deadhead, may the best man win.

Arashikage hands the mic over to Kageno.

Speaking of The Grudge, I see that there is no challenger for the X-Contenderz Championship. Rysen, do you have the sack to step into the ring with me and put that title on the line?

Kageno passes the mic over to Makashi.

Gourdman, much like happened with Arash and Deadhead at War Games, you and I ended up going at it. That is bound to happen when you have the two greatest American Champions of all time with another epic battle in the saga on the horizon. Sometimes the adrenaline gets going and tempers flare. Hey, it happens. Not much we can do about it. What's done is done.

Makashi hands the mic over to Arashikage.

Now to address what lies ahead if I can get through The Mighty Deadhead. First you have Voice of the Voiceless, respect to you, walking around with that contract for any place any where, any time. He could do it right after the match with Deadhead. He could do it right before the match starts. Hell, he could even do it during the match which would mean he won't even have to beat me for it. That is the beauty of the contract he is walking around with.

He pauses for a moment.

Then you have Max Payne waiting in the wings for his rematch. Just a matter of time until he starts trying to play his usual games. Max, in case you haven't guessed it, I don't play games. Me standing here with the XPL World Heavyweight Championship that I beat YOU proves it. Max, if you want to try your stupid games on me again, you will realize once again that playtime is over.

There is also a massive triple threat to determine a number one contender. Jacks, you are from Ultimate. Flamingo, I don't think Flamboyant is the F word I would use to describe. That leaves Raja. I think most will be surprised to hear this coming from me but Eddie, I hope you are the one to walk away with it. You know why? So I can end your delusions of grandeur. You will learn that your momentary surge is nothing more than a fleeting moment that will fade rather quickly. Anyone can have a few good months. When was the last time you were consistently near the top? I am going out on a limb and saying it has been a really long time for you. Enjoy the ride while you can. Win that triple threat match so you can step up because whether it is myself or Deadhead, you will meet your end.

Now for all the others out there that keep throwing my name around thinking they deserve a shot at my title. None of you have stepped up and competed on any of our pay-per-views or super cards, let alone beaten anyone on that big of a stage. My advice to you is shut the f*** up, step up, start winning some high-profile matches, then start talking about deserving any kind of title shot, let a lone a shot at the World Heavyweight Championship. Talking a bunch of s*** for a couple of months doesn't get you to be in the spotlight. Do exactly what all the names that you have thrown out there have done, climb the mother***in' ladder and earn it.

With that, the red spotlight turns off leaving the arena in complete darkness.

Phantom Striker: I just wanted to thank one my beast friends and my mentor The Dynamic Dragonite for suggesting that I pack my bags and head from PG world to here in the Xtreme league where real men play. Dragonite we are going to take this league by storm and kick some butt. Venom I will make this league proud and I will be here for the long haul. Just remember XPL wrestlers, if you mess with The Dynamic Dragonite or me, there will be he** to pay.

Paul Vegas, I hope to hear an answer from you soon. The choice is all yours, with no pressure... “Flamboyant” Philip Flamingo and “the Ultimate Male” Colin Jacks... this is my time to shine, and if I have to go through the young guns to get my shot at the World Title, then I am not shying away from that opportunity. I hope that you two bring your A game, but I know that I'll carry you two like the stars that you think that you are, but in the end I will win! Arashikage, just as I did to you and Team TAC at Wargames, I will do to you... or whomever the XPL World Heavyweight Champion is, when I get my shot! I don't care if it's you Arashikage, the Mighty Deadhead, Max Payne, Voice of the Voiceless, or Chris “the Kydd” Marinaro. It'll be a task that I look forward to conquering! **-Eddie Raja**

Nicholas “the Flood” Rysen: Kageno Senshi. Did you think that I'd pass up another chance to stomp down TAC? Hell yeah I accept your challenge, but make one thing clear, and that's this. My X-Contenderz Championship is staying with me when it's all said and done!

“Mister Mayhem” Saiga Genisys: I guess I will have to put a GAG order on Gourdman if he keeps saying my name. Maybe he wants to GAG, since he has me all up in his mouth, and down his throat. Here's the deal Pumpkin Man. If you can somehow take the American Championship Title off of Makashi, then you can see me, if you put the belt on the line. Until then, shut the hell up!

“The Project” Sam McMillan: Right now, I am just sitting back, watching the playing field. My goal is to win as many championships as I can, until I go after one of the Commissioner's Titles in the future!

The Dynamic Dragonite speaks: Phantom Stryker... is in the XPL! This spells bad news for the XPL, because our friendship dates back for years, and we plan to put that experience together in the squared circle! Breathe the fire!

Max Payne. I bet you didn't expect me to come of the woodwork and call you out! You see, once Voice of the Voiceless wins the XPL World Heavyweight Championship, I am the first in line, but there will be some who say that I didn't earn my shot. Although I am one half of the longest reigning XPL World Tag Team Champions in history, that is a multi-man feat... I am too, a former 3-time XPL World Heavyweight Champion, but now I want to beat you... the former champion. I want to beat you, to prove to myself, that I am still worthy of the big gold belt! Are you down?! **-Chris “the Kydd” Marinaro**

XPL programming returns from commercials. Scene is another packed out arena. The PA system roars alive with the groovy sound of Sunshine Superman by Donovan. Immediate reaction from the crowd is negative as they rain down boos upon the Yachtsmen stable, being led by one Sara Khan. All 3 wrestlers carry their newly acquired XPL regional titles. They enter the ring and music cuts. Fans settle down to hear the manager speak.

“Looking good, boys. Looking good!” [she motions to her group who are standing proud in the middle of the ring.]

“This was a month of domination. Pure. Plain. Simple. But this was what, was always, and will always be, expected... from the Yachtsmen stable. So I’m not going to stand here and waste my time and everyone of you loser idiots out there time recapping the dominance that was displayed by my boys. Nah. Instead, I’m going to pass the microphone to Mr. Flamingo here. And let him address the events that have unfolded just recently. All in our favor, I might add!”

[the fans begin to boo again as Phillip Flamingo takes the mic and smiles cheerfully]

“Greetings and salutations my adoring fans! Yes it is a great day indeed. Finally, i have been given my due opportunity! The XPL World Heavyweight Championship is within my grasp! All I have to do is discard these 2 scumbags Mr Colin Jacks and Mr Edward Raja in the triple threat CLPS Xtreme Rules Match, and then I have my title shot! No problem at all. Like taking candy from a baby... or should I say... babies?

Hahahahaha... Mr Christopher Chaos. You chose wisely. The Yachtsmen will see to it that you will be taken care of handsomely. In the meantime, prepare that open contract, because in cycle 241 it shall be handed over to yours truly!”

Sunshine Superman plays again as the Yachtsmen stable leave the ring to more booing and insults by XPL fans.

Max Payne speaks – It’s only a matter of time when the XPL World Heavyweight Championship is back around my waist! Payne vs Arashikage III will be epic! Many of you think that I should be mad at Modesty for her mistake in my match, but don’t!! But it will not happen again!!!

The cameras are rolling out back and we see XPL newcomers “The Dog Face Gremlin” Kevin Jeremy and The Hillbilly Charlie Saulman beating down someone. When the cameras roll in for a close shot we see the victim is none other than Phantom Striker.

The Hillbilly says “Hey Striker tell your punk a** friend Dragonite that he is next.”

Just then Kevin Jeremy delivers a low blow and Phantom Striker lets out a howling scream.

Both men walk off leaving Phantom Striker in a hurt mess as the camera cuts out.
