

THE FSL IS GETTING A MAKEOVER, AND
WE WANT YOU!!!

The Federation Superstars League (FSL) in the Jade Federation is getting a bit of a makeover, which starts this cycle!

While the league will continue to utilize WWF themes from the 80s + 90s for its PPVs and Commissioner's titles, any former roster restrictions that may have kept players from trying the FSL in the past are no longer in effect. The only roster requirement that still exists is that managers are limited to a maximum of 6 wrestlers so that the FSL can compete for the IWA Elite Title!

The new and improved FSL will feature wrestler rankings, elaborate prize pools, character-driven events and PPVs, and so much more! The FSL is also home to one of the best match deals in the entire IWA.

Not only do managers receive 3 free matches every cycle that they submit trash talk, but when they spend \$12 they also receive 20 regular matches, the choice between facing the bottom-30 scrubs OR the bottom-20 plus 10-regional champions, PLUS a free battle royal entry!

What's even better is that you can try the FSL for free, as you can enjoy free transfers into the FSL for the next 3-cycles!
