

# IMAGIMANIA 39: MMA

**MAKE UP TO 40 OF YOUR WRESTLER'S LOSSES TAP OUT!**

There will be 20 styles of martial arts on display at this year's event. Which ones do your wrestlers know best?

In each tournament, the last martial artist standing will gain the title and **\$250,000** in imaginary money! Second through fifth places are worth \$100,000, \$50,000, \$25,000, and \$10,000, respectively. The winner with the best strategy will become the game's very first MMA Champion, and their manager will be awarded **40 free matches!** Because our 40th anniversary is approaching, all competitors will have up to 40 losses expunged from their records as an added bonus! We'll print the names of all those who received i-cash, as well as the names of their managers, in a future issue of the *IWA Report*, and post the full list of combatants on our website.

The results will be determined in the same fashion as those of our league battle royals: a different eight hold positions (from 1 to 15) will be chosen for each martial arts style, and the values of those eight holds in the strategy of each entrant will be added up. The highest score wins the title, with point flow coming into play as a tiebreaker, when necessary.

If your wrestlers want to be 40 losses lighter, neatly print their ID numbers on the back of this form. Check the boxes next to all the martial arts titles you want them to compete for, and enclose \$1 for every two boxes you check (so if you'd like four of your wrestlers to Wing Chun tonight, the contest fee would be \$2). Send this form and the fee with your matches, strategies, and trash talk for the upcoming November cycle, which begins on November 11th.

21 titles... \$8.7 million + 40 free matches in prizes... 40 losses removed...

It's time to trade in your wrestler's black belt for a **championship belt!** Sign up today!

*Notes: You may enter as many of your wrestlers in as many tournaments as you wish, but every two entries must be accompanied by the \$1 fee, and the same wrestler may not compete for the same martial arts title more than once. Entries received without the proper fees are ineligible. The IWA is not responsible for late or misdirected entries. You must submit your entries with your regular league matches, since they will be processed at the same time.*
