

# The Unofficial History of the BRL & IWA 1985 - 2023

# IWAR MAGAZINE

**THE IWAR NETWORK EST. 2012**

## WELCOME AND WELCOME BACK

This is a special edition of the IWAR Magazine is an update to the celebration issue we did in 2017 for the BRL's 500<sup>th</sup> cycle of action, but this time we will focus less on the current IWAR action and focus more on the past. Since this issue is strictly digital, we are adding more pictures and images from the game's history.

The following pages will take you down Memory Lane starting with the birth of the IWA in 1985 and then focus on the Battle Royal League. On the left will be a timeline of the major events and on the right will be pictures of the wrestlers, promos and other memorable items from the past thirty-plus years.

While our focus on the past, we have added a snapshot of the BRL in honor of the 600<sup>th</sup> cycle with the BRL's ppv Wrestlerama 11, the Commissioner's page and we also include the IWAR rankings as of April 2023 that includes an All-time rankings too.

Oh and if you are like, 'okay great, but what the hell is an IWAR?' here it is. In 2010 when I returned to the IWA, I wanted to make an oasis for the storyline style of play and the cornerstone of that foundation that would become the IWAR Network is the Battle Royal League. In 2012, a group of leagues started working together to hold events, run contests and sanction a set of World championships.

One crucial aspect of the IWAR Network, was establishing a rookie league that would develop new players over the course of the year in a way that helped them learn how to win and create vivid superstars. If you haven't played in a long time and want to come back, come back to the NWL and you will enjoy the ride. Just think, you'll be able to experience that feeling of checking your mailbox for your IWA bulletin again or if you prefer, 'go green' and download a pdf of your league's bulletin.

Thanks for playing,  
Matt Riley  
Commissioner  
of the BRL, BWL & the IWAR

For the fee of \$1.00 per wrestler an active player may bestow the management of their wrestler onto another player so long as they include their phone number so the IWA can call them to verify the transaction... A new awards policy allows players who earn a plaque to opt for 15 free matches instead. [except for the winners of U.S. or National titles]

## **Passing the Commissioner's Torch: Brandon Bailey becomes BRL Commissioner (12.1996)**

The BRL has seen ups and down, but by surviving some lean years with low cards, the league has grown healthy and strong. After seven years as the Commissioner of the BRL, Matt Riley steps down to allow a new creative mind take the helm of the BRL. That mind belongs to Brandon Bailey, the player behind the hottest star in the BRL, Beautiful Bobby Blanchard and would one day be apart of the crew that creates the Mid-Atlantic Regional League and go on to become a pro wrestler himself.

## **Creative Differences: Brandon Bailey resigns as BRL Commissioner (12/1997)**

After a tumultuous year, Commissioner Bailey resigns over "creative differences" with some players.

## **The IWA add Star-power to their ranking system (6/1998)**

Any time a wrestler has a strategy worth 495pts or more, they earn a \* on their record. The first BRL wrestler to earn a star is the 6/98 BRL champion, Lex Diamonds.

## **BRL: FRIGHT NIGHT 2 (6.1998)**

Rueben Esbanio d. Pinfall Wizard (Anything Goes)... The Darkside d. Hell's Angel... The Unknown Commissioner (name withheld from the report on purpose) reminds players wishing to trash talk on a personal level to develop into their wrestlers or find another league.

## **CALLING ALL WOULD-BE COMMISSIONERS**

The IWA will be appointing new League Commissioners at the beginning of next year. If you want to become your league's Commissioner, send in a sample column with your matches. We will choose the new Commissioners based on what you send in. Remember that it is the job of all Commissioners to be fair, honest, and create pride in your league.

As a League Commissioner, you get to have your column published in your league's bulletin every cycle, plus you can award up to \$20,000 in imaginary money each cycle (the wrestler who wins it must be determined by the Wrestler Review, or by point spreads, or by something else which appears in the league results, not just by die rolls).

If possible, please type your report. You may also wish to draw a logo or picture to personalize your column, but these are optional. We are mainly looking for impartial writers who can build up league excitement and competition. If this sounds like you, send in your column!

## **The MONEY MATCH LEAGUE!**

To join this league you must have at least \$100,000 in imaginary earnings. The MML works like any other league with one exception: the loser of any singles match forfeits \$5,000 of his imaginary money to the match winner! Whether you win by a pin, count-out, or disqualification, you receive \$5,000 of your opponent's imaginary money!

If a wrestler goes bankrupt (if he has anything less than \$5,000) he must LEAVE THE LEAGUE! The IWA will put up the difference in imaginary money for anyone who defeats a bankrupt wrestler so that all one-on-one match winners receive \$5,000 for each match.

Besides the money you get from your opponent, you also get the regular winnings like in other leagues. The "loser's purse" also applies to the MML (so the loser receives between \$200 and \$700 depending on the point spread). The purses awarded to all league champions also apply (so the league champ gets \$10,000 and the TV champion receives \$5,000 extra, etc.). Winners of tag-team and six-man matches receive only the usual amounts as in regular leagues.

## **And the ADULTS ONLY LEAGUE!**

If you are at least 18 years old, you can transfer your wrestler into the AOL! This league is also different from regular leagues in just one way: the league champion receives \$50 in real money! Instead of winning plaques, every cycle the AOL league champ gets \$50 in cold, hard cash!

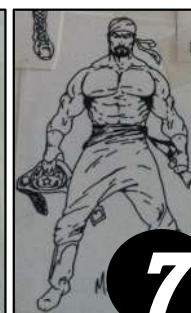

Don't miss this unique opportunity! Follow the same rules for the MML but write to the

## **BE AN IWA SUPERSTAR**

Starting next cycle, wrestlers can accumulate stars! Each time your wrestler's strategy totals 495 or more, he (or she) will receive a star. The number of stars your wrestler has earned will appear after his name in the league rankings (we will also publish them for the wrestlers who appear in this Report). Huge records are impressive, but skeptics may claim that your man fought nothing but wimps. This system will be a TRUE and INDISPUTABLE measure of your grappler's ring prowess.

So now, combined with Stablecade, you have TWO reasons to perfect your strategy next cycle! Keep all your bulletins and watch how the hold values change. Although there is no formula or set pattern to the values (if there were, everyone would get a perfect strategy every time), you WILL get a feel for which holds work for your wrestler and which do not.

Study those hold values and reach for the STARS!

## **Game Changer: the IWA designates two leagues as the IWA's Rookie Leagues. (7.2012)**

For years, when rookies joined the IWA they had to wait until enough had built up to open a new league which meant delays. Once the league open the IWA gave them 17 cycles to learn the game before opening the league up to veterans. Unfortunately, this lead to veterans dominating, which frustrated the newer players so much some quit. The American Wrestling League (AWL) and National Wrestling League (NWL) were deemed the IWA's Rookie leagues and were designed to teach new players get the most from their IWA experience. Rich Schwartzenburg was the Commissioner of the AWL while the duo of Frank Snow and Matt Riley helmed the NWL. These two leagues become the IWA's talent farm leagues and helped to dynamically grow the game.

## Game Changer: The IWA adopts a new policy to determine activity and rankings (11.2013)

Controversy erupted after wrestlers with (0-0) records began to claim major titles in the IWA Report, a new policy decreed that all wrestlers needed to initiate at least one, one-on-one match if they are to be considered part of the active roster. Being entered in a tag team, six-man or Battle Royal are not enough to be considered 'active' As a result inactive wrestlers are no longer eligible for major titles and another loop hole is closed... Another policy change is to determine tie breakers for the in-league rankings when wrestlers have the same +/- win-loss record (ie, 100-10 vs 110-20) by using stars, current point flow and previous strategy total to determine which wrestler takes the higher ranking spot and with Major titles on the line, every ranking spot counts.

Johnny B. Says "A big thank you goes out to everyone who helped make the IWA what it is today. We never could have reached this milestone without your involvement. Thanks to all the players for creating memorable characters, supplying entertaining trash talk, and making our various leagues competitive and worth joining. Thanks to all the artists who freely shared their tremendous talent for the enjoyment of everyone in their leagues. Thanks to all the commissioners for taking time out of their busy schedules to provide their fellow players with engaging storylines, exciting contests, and quality newsletters, and for making each league more than the sum of its parts. Thanks to everyone who made a difference to our other players, no matter how small it may have seemed at the time; know that it mattered to us. We appreciate the effort that each of you has put into this game known as the IWA. You are the reason we do what we do, and you are the reason our game is so much fun. We're truly honored to have been a part of your lives for the past 30 years, and are looking forward to seeing everything you dream up in the years to come!"

The evolution in the growth of the IWAR Network takes another step forward as the three senior leagues host a draft that will give NWL rookies and any current veterans who would like to declare themselves eligible for the draft. A live on-line draft was held on the IWAR Network Facebook page that allowed players a chance to watch the results round by round. The Commissioners of the IWL (Alex Gutierrez), CWL (Andy Konik) and BRL (Matt Riley) tool turns draft with the #1 overall pick being the Psycho Circus (Killer Klown, Bull Man and Touchy Feely Fingers Fairlane) going to the CWL, the IWL made deal, trading their 2017 #1 pick to the BRL for the rights to Senor Lucha and Cowboy Jim Spur earned the honor of being the last one to be drafted. All draftees would need to transfer into their new leagues by January so they could finish up their current business and the contest begins.

The "six holds in a row" rule (where one wrestler can beat the other if they win six-holds-in-a-row, even if the other wrestler's total score is higher) is put to a vote and roughly 70% of the voters choose to keep the policy in place. After a hiatus of over 20 years, the Rookie Brawl title is reinstated with the goal of recognizing the highest strategy in the NWL after each cycle of action. In related news, the IWA resets the process of how they score Rookies in the NWL when determining the average strategy for all active wrestlers so that the first two cycles do not count for the league's overall strategy. This method allows a more accurate score and doesn't penalize the league for players who haven't learned how to strat yet.

TIPPY WYNN'S WINNING TIPS  
Ever notice how some stables become dynasties? How do they do it? They keep good track of the point values of holds and pretty soon can tell which holds are usually high. Then they change strategy to these holds and ask for a print-out or two early in the month. They can tell by the print-out which hold beats which and then they change their strategies for wrestlers in later leagues who do well!

## The Game we discovered, the friends we found and the memories we made.

When I was a kid, my Saturday morning dilemma was choosing between Superfriends and pro wrestling, both told stories with outlandish villains and spectacular battles. It was matches like the Ric Flair versus Barry Windham draw and the epic Randy Savage versus Ricky Steamboat WrestleMania 3 match that made me a fan.

In 1987 a classmate gave me his "Superstars of Wrestling" game which let players pit famous pro wrestlers against each other with a pair of six-sided dice, but inside the box was an issue of Wrestling World magazine. I was a fan of wrestling so I read every page including the one advertising a game that was just a buck to try out of Ohio called the Imaginary Wrestling Association (pictured below). My first wrestler was an ode to Ricky Steamboat called The Hawaiian, my first league was the Clawing Cat League and as luck would have it, the CCL was loaded with great players like Kevin Starr, The Masked Marvel (Dick Jackson) Ricky Sessions, The Noble Sheik, Lord Henry Carlisle, The Terminator, Purple Hays, Sexy Stan Jaymes and Mel Macho Man McCauley. I asked the IWA to send me bulletins from the best leagues in the game and a few weeks later I had bulletins from the ASL, BRL, GML and PPL. (I used to highlight my opponents) They were all good, but the GML was on another level with an engrossing multi-page Commissioner's Report, numerous feuds, angles and characters that built a roster that could rival the pros with stars like, Dr. Death Dave Barton, Raging Bull, Alex the Hammer Hart, Hustler Harley Anthrax, Slade the Warlord Cross, Blitzkrieg, and the mega-popular Powerteam USA: Hot Rod Hoven, Rich the Anvil Farrell & Chris Perkins. That inspired me to join in and Superstar Rick Riley made a splash by piledriving Powerteam USA's valet, Crystal through a table which brought the entire league down on ol' RR. Sadly the creative minds behind the report and the GML went into decline, so I transferred RR to the BRL and here we are today.

While the GML soon closed, I still have those GML bulletins and try to keep that spirit of engagement, rivalry and story telling alive in the pages of the leagues I play in today. Along the way I've made some of the best friends in my life through the IWA and hell I met my first love Nancy Sodano through Kevin Starr's manager, Dave Adams even though she was a huge Hulk Hogan fan and I was a Ric Flair fan! When I try to explain the IWA to someone, I've always said it is Pro Wrestling + Dungeons & Dragons + the Postal Service, but really it was a great way to make friends across the world long before the days of the internet. The picture to the right is backstage before my first live match (which is on YouTube if you have 20 minutes you don't want to get back) on a Southland Championship Wrestling show promoted by Scott Franklin, refereed by Frank Snow and called by former GWF Announcer, Craig Johnson in Lawrenceville, GA on 6/22/1992. Those were some fun times, but an in-ring injury cut my career short so I was lucky to have the IWA as an outlet to funnel my creative wrestling energies.

Back in the day, a number of players called or stopped by the Office and I was lucky enough to speak to Johnny B. a few times as we discussed my design for a NASCAR game and Handbook for would-be Commissioners, but what I think back to know was his genuine affection for the players and the characters they created in the IWA. So thanks to Johnny B. and his family for keeping the IWA open through the good times and slower times when many other businesses would have cut their losses and folded.

Thanks to the players who supported the IWA, from the folks who run one wrestler in the game like Money Driven Mike Sebastian, Corey Stedman and John the Mask Smith to the big roster fellas like Sly Smith, Anthony Dudick and Matt Yunick whose rosters helped sustain countless leagues that would have otherwise closed.

Thanks to the Commissioners who put in hours of time into the game in a position that is often thankless and subject to harsh criticism, but your vision has helped to make leagues like the Mid-Atlantic Regional, Lone Wolf, Evil Clown, Extreme Poison and many others find a special place in our IWA hearts.

Craig Johnson, Cougar Buchanan, Frank Snow  
Scott Franklin & Matt Riley.

MOMENT OF THE YEAR	<b>Crippled Johnny Walks!</b> <i>During the Cage match between his nephews and his hired guns, Fast Ca\$h, Brad went to leave the cage when Johnny rolled over, leapt out of his wheelchair and slammed the door into Brad's face to cost them the match as stunned fans looked on.</i>	<b>Plan B: Run away!</b> Fed up, Poyzn & the O'Maires turned on insane Survivor and then during a grueling bitter match, the O'Maires fled the beating the Berkowitzs gave them! A blood-soaked Stevens finally KO'd Poyzn for the win in a truly crazy bout.	<b>Arsenal flees the BBL</b> From the start, Lucha said he wanted, a show of respect from Arsenal, a handshake to acknowledge the better man. Arsenal refused and when Lucha challenged Arsenal to a Mask versus Mask match, Arsenal fled to the MML.	<b>No! Not Uncle Johnny!</b> For years, the Red Cross set up violent sneak attacks on the Blanchard Boys and sent Arson Inc. & Fast Ca\$h after them. Fans were shocked when it was revealed that under the mask of the Red Cross was their wheelchair bound Uncle Johnny !	<b>Teamster shocks Mercer</b> When the Teamster ran in to the War Games match between the Smiths and GI, he cost Gis the win. Looking  
to 2015

**Battle Royal League presents:**  
**WRESTLERAMA 11**  
**Tuesday April 11<sup>th</sup>, 2023**  
**Announcers:**  
**Shooter Simmons & Rick Challenger**

**WHICH OLYMPIANS SHALL POSSESS THE GLOBAL TAG TEAM TITLES: HERCULES & PERSEUS vs. ZEUS & ARES**

Shooter: This family feud has grown ugly quick, ever since Hades arrived and lemme tell you folks, they decided to settle ownership of the Global Tag Team titles and wouldn't you know it, Hades snuck in the like the Devil he is and took out his own brother with a cheap shot. As good as Ares is, he wasn't able to over come one of the best teams in IWA. Herc and Pers advance.

**DIXON TICONDEROGA vs. DARK DANGER (answers Open challenge)**

Rick Challenger: Well, look, at this, my first match as an announcer and I get to call Dixon calling out anyone in the back to face him. This kid ain't afraid of no one and... hold on, who the hell is this guy? Jacked like he just left the gym and a black skull mask? (checks notes) Dark Danger! Oh man, he charges as Dixon, but he leads him on a chase in and out of the ring. Danger almost catches him, but DT clips him with a corkscrew elbow to the temple that stuns the rookie. From there this one is all Dix, all the time, heh, and the former New Jersey State champ waits for an opening and his the Graphite Driver to get the 1.. 2.. 3! [495-487]

**PUBLIC ENEMY RODERICK HUGHES vs. WISP**

SS: These two have decided to see who came from the tougher streets and while this wasn't an official "Street Fight" match, but they both intimidated the ref into allowing them to get away with blatant rule breaking. After leaving a pile of chairs, broken tables and one Stop sign in the ring, they got to actual wrestling! They traded haymakers and work their way around the ring as fans duck out of the way as to avoid getting a stray punch. When Hughes dropped Wisp with a Ghetto Blaster and fell on top of him, the ref made a three count and gave the win to the Public Enemy just to put an end to the out of control match. After the match, Wisp shook off the cobwebs and smashed a pack of light bulbs over Rod's head and left him a bloody mess! *Day-um!* [494-492]

**Series Match 1: JANE THE VIXEN RED & MATTHEW VAN SLAUGHTER vs. HOT \$TUFF ADAM CASH & FATTY THE BUTCHER**

RC: Well if it isn't my old manager from the 90s, Ca\$hy sure has grown up, but take it from a tag team Hall of Famer, he's better off solo, but the East/West are looking to prove they are the best BRL team ever. So here we are in a best of three series over three ppvs and MVS and the Vixen, heh, they take control early on Fatty. He's come a long way from being, well fat, to a powerhouse, but he's still slow. Which leaves him vulnerable to the speed of E/W, but his size lets him absorb a lot of punishment. After nearly 10 minutes of damage, the Butcher made a blind tag to Adam and the tide turns. After a near fall from a \$uperkick, Ca\$hy calls for the Blood Money Bomb (a back drop into a powerbomb, but Jane slips out of Fatty's grasp and comes off the ropes with a Red Spear that stuns the Butcher long enough for the Vixen to roll him up for the three count. [516-508]

**MONSTER OF MAYHEM DONNY BLOODSTONE vs. HIJO DE TEAMSTER (answers Open challenge)**

SS: We're seeing an edgier Monster here, determined to bounce back from not being able to capture the IWAR World title from the Country Hammer Rhett Grady and now he's asked anyone from the back to step up here... and oh no, it's Hijo de Teamster! No kid, don't do it! The chipper son of the Teamster offers his hand as a sign of sportsmanship, but Donny spins and clobbers Hijo with a clothesline that sends the kid to the floor! The kid doesn't have a contract, cut him a break Donny, gee whiz. Stay down kid, oh no, he's barely to his feet and Bloodstone heaves him up for a suplex, but he loses his grip and Hijo slides over and rolls him up for the 1... 2.. 3! He did it! He did it! The fans are going crazy as Hijo's pulled off the upset! Bloodstone is furious. [498-495]

**THE SHAPESHIFTER RJ GOLD vs. THE SUNSATIONAL R.J. GALLO**

RC: The Battle of RJs is really a battle between two rising stars who are looking to make a name for themselves. Gold's demonic behavior is unsettling, but Gallo is half-Irish, so we'll call that a wash, but the Shapeshifter is more well know for his trios skills, so can he find a way to beat the Sunsational one? Well from the bell, it leans in RJ's favor, oh yeah, Gold, but Gall rallies and shows the singles skills that have given him a record of 351 wins, 184 losses and 12 draws which has earned him \$662,300. All that said, when Gallo missed the Sunstroke and got caught in Gold's Death's Embrace, he had to tap out. [492-488]

**PLAYBOY MIC FERRARI vs. COL. DOOM**

SS: This one has a lot on the line, if Doom wins, the Playboy has to wear a t-shirt that reads "Col. Doom is a better man than Mic Ferrari", so the Playboy will be motivated. Doom ambushes Mic on the way to the ring and is choking him with that damn shirt! This is outrageous, but an expected tactic by a member of Pain & Destruction who sneak attack the way the rest of us breathe. Mic gets and opening and whips the Col into the ring post! The fans are behind Ferrari here despite some of his past actions and he feeds off their energy to deliver a beating to Doom. Later as they battle atop the turnbuckles, RX Pain runs in and distracts the ref, but when Doom pulls out brass knuckles, Mic mule kicks him first and then sets up and hits the Playboy Plex! Ferrari covers and get the 1... 2... 3! After the match, Mic takes the t-shirt and rips it in half as the crowd roars. [492-487]

## **GLOBAL TAG SHOT @ IMAGIBASH: SAMOAN DEATH GRIP vs. THE MCFLAHERTY BROTHERS:**

RC: Another match up of top teams, but these are likely to be the next torch bearers, but only one team gets the title shot. The Samoan Assassin must be a tough name to get through the airport, but he does plenty of flying here in an attempt to counter the ground n' pound martial arts style that has made the McFlaherty's huge stars in the UNL. Brendan and Ruairi use an opening to hit frequent tags and turn the tide in this one. When the brothers hit their finisher, "*Sign of the Cross*" it looked over, but Toa just dove into break the count. After more back and forth, it was *Greetings from Apolima* that put an end to this one for SDG. [516-509]

## **FLASHY JACK FERDINAND & TOTAL PACKAGE U.S. MAYLE VS. DOUBLE R. ROB RATLIFF & MYSTERY PARTNER**

SS: One time allies, turned foes, when Rob saved Adam Ca\$h from the Modern Models at Battlecade, but tonight he faces them alone and he is at the bottom of the ramp and holds his guitar up to ask for time. Wait a minute. Jack and Mayle ask for the mike?  
FJF: C'mon Double Reject, we all know that you don't have anybody coming. We know it. The fans know it and you know it.  
USM: The IWA sexiest team is going to beat you so badly there won't be a freak on the street who'll stop to toss you a nick-  
[The lights flicker as "*We Started This Op'ra Sh\*t*" from the REPO The Genetic Opera plays the fans go wild as the beat quickens until stepping out of the entrance is founder of GeneCo... ZYDRATE! He strolls to Rob's side and bows before glaring at the ring.]  
SS: Zydrate is back and the fans are losing their minds. He has beef with the Modern Models all the way back to their NWL days, and it was never settled. The bell rings and all four men are going at it. Lefts and right, chops and kicks. Whoa baby, these guys are tearing it up. I have to say it's odd to hear the fans chanting for Rob as he lays into Mayle, but it's wonderful to hear these GeneCo. chants too. Zydrate cackles like a madman as the ref orders Jack to the corner, but behind the ref's back Rob smashes the Total Package over the head with his guitar and then Zydrate hits the Surgical Strike! The fan are going wild as Zydrate covers for the 1... 2... 3! Flashy Jack is screaming at the Ref as Rob and Zydrate celebrate with the fans at ringside. [509-508]

## **MONSTER ENERGY®: MUSCLE MONSTER ENERGY SHAKE MAIN EVENT: NEO DRAGON vs. AGENT 26**

Rick Challenger: After several fans were attended to by medical staff as a result of the Monster Energy: Monster Cannon, the match was underway. Haven't felt this level of anticipation in a room since that Tokyo brothel in '98 and the crowd were firmly behind BRL stalwart Agent 26. Neo Dragon used every trick in the book to get under the recent IWA World champ's skin. Eventually, Agent 26 got overaggressive and Dragon took advantage. Despite all the heart in the world and the crowd at his back, two Dragonplexes from Neo sealed the deal. After the match, Neo took it upon himself to dole out a vicious beating with a steel chair only stopping to escape when Agent 26's SHS stablemates, Mike Sebastian and Patrick O'Malley, hit the ring. EMTs came to tend to Agent 26 but, much to the delight of the crowd, he was able to get to the back on his own. Things sure as hell aren't looking good for Agent 26's Rumble hopes after that. Neo really poking the bear, but damn it all if he hasn't got some stones on 'em and he will need them after painting a SHS target on his back. [495-493]

## **6MAN GLOBAL SHOT @ IMAGIBASH: SASKATCHEWAN SASQUATCH, RJ GOLD & MATTHEW PORTER vs. HONOR REVOLT**

RC: Fans were happy to see Nick Dane, Lachlan Kincaid and Wolf Keenan return, but in a battle for the title shot at Imagibash, there can only be one. Oddly enough, Gold is resting as Porter and Wolf face off and a quick tag to Kincaid shows the HNR guys did their home work. The action is picking up as Wolf and LK take it to the Zombie Hunter, but hold on, *Death Row's Cellblock Charlie and Shackles Malone* just jumped out of the crowd and attacked Nick Dane! Lachlan charges out to help, but Gold distracts the ref, and a blind tag to Squatch allows him to hit the Adkisson Special on Wolf and get the three count. Opportunity knocked. [520-518]

## **N.A. SHOT @ IMAGIBASH: MARC JUSTICE vs. COUNTRY HAMMER RHETT GRADY vs. EVERYDAY HERO OLIVER LIVINGSTON**

SS: We get a preview of the upcoming IWAR World title match, when Rhett defends against Marc, a man his family took in, only to be betrayed by Justice, but the x-factor here is Livingston. The Everyday hero just may swoop in and nab the title shot as the dropkicks both men and tries to get a quick pin, but MJ kicks out. Oliver pops up on fire, but is leveled by clothesline that came all the way from Beaver County and Rhett and Marc resume their slugfest. The fans are on their feet as they trade shots in the corner when out of nowhere, the Everyday Hero crashes into both of them with a Stinger splash! Oliver tosses Rhett to through the ropes and signals for Mind over Matter, he wants to close this out. He Irish whips Justice into the ropes, but Marc ducks and hits the other side, but he spills to the floor hard! Whoa, just a he hit the ropes, Rhett was pulling himself in and Grady catches Oliver's cross body block and spins it into the Pig Splitter! Oliver taps just before Marc can break it up in a close one. [496-493-487]

## **GLOBAL 6MAN: FENRIS, WOLF & TIMBER WOLF © vs. THE MANNEQUINS (1, 2, & 3)**

RC: The heat between these teams will make this match extra bitter as these evenly matched teams have shown why there's multiple trios titles between them. The Mannequins isolate the youngest member of the Royal Family of Doom, Timber Wolf and put a hurting on him. They've controlled the early part of this match, but TW shows the type of guts that made him the 2022 Rookie of the Year and battles his way out of the corner so he can tag in Wolf. Wolf and Fenris find a rhythm and gain control. This could go either way, but the verbose Mannequin 3 tags in and barks an order at the others and they've got something in mind here. Fenris tags in and tries to stop the momentum, but he gets caught in the Tailored Ending to give us new champs. [521-520]

**STEEL CAGE: GHOST LEE SHADOWS vs. THE AUTHOR OF AGONY LEPAGE TURNER**

RC: Turner's done some despicable things because he blames GLS for his slump, smashing his father's gravestone, threatening his mother in her rest home and then hiring Thugs 4 Hire to break Shadow's hand before retiring, to keep Shadows from using his Ghostly Grasp finisher. Ha. I love it! That's how you stack the deck and these fans are booing him as he arrives, jerks. Is GLS even gonna show? Hold up, fog is filling the arena and now the cage has smoke on it too. The fans are cheering the man from beyond as he rises up out of the smoke and floats to the ring! What is this? Turner attacks the bad arm as soon as GLS enters. That's smart, but Ghost grabs LePage by the neck with this good hand and choke slams Turner into the cage wall. GLS pour it on as the Author tries to book it outta there. Turner ducks, grabs Shadow's broken hand and hits an Death-roll to take over. Now LT is just egging on the crowd as he stomps Ghost's hand, but that good hand yanks Turner for an Atomic wedgie! Ow! Turner gets thrown into the cage again and again, he's staggering. GLS comes off the ropes and goes for a shoulder block and it launches LePage into cage door and he crashes through it! Turner's won! Shadows is fuming as the Author of Agony taunts him from outside. [499-496]

**GLOBAL TAG: THE OLYMPIANS: HERCULES & PERSEUS © vs. WARSAW WARRIOR & THE POLISH POWERHOUSE**

SS: You have to wonder how much the previous match will hinder the champs ability to retain here against a cocky young team that is eager to take those belts? Hercules and the Powehouse match up and neither is able to get a clear edge in power for a few moments before Warsaw joins in to take control. From there one gets wild, but it slows down when Perseus rams the Pole into the ring post! The Olympians use this opening to gain the edge and target the Warrior's lower back. A late surge by Warsaw was unable to tag out and is caught in Hercules camel clutch and after minutes of grueling pain, finally fades out. [516-514]

**Special Report: Update on the status of Agent 26**

Rich Lather: Following his brutal match with Neo Dragon, the BRL's EMTs want to take Agent 26 to the hospital. Grim news fans...

**NORTH AMERICAN: MONSTER TRUCK TANAKA © vs. BIG GUNS GREG GARNAR vs. HAWAIIAN HEARTTHROB**

RC: There's history here that goes back to their time in the NWL years ago and no surprise, Greg is trying to use his steel chain. Ref Willy Pinnem, removes the chain and Tanaka and HH double clothesline Greg over the top rope to the roar of the crowd. MTT and the Heartthrob size each other up and shake hands before the lock up. We are off and they grapple until the islander throws Tanaka into the ropes, but Garnar comes out of nowhere to catch MTT with a spear! Greg tries to cover, but HH pulls him off and hammers Big Guns with power uppercuts. Tanaka jumps on to try and yank Garnar away, but Greg mule kicks the champ and throws him to the floor. Cheering grows as Hawaiian goes for the Lava Flow, but as he does, he Greg's leg clocks the ref who falls to the floor! Greg slips free and low blows the Heartthrob. Big Guns takes the chance to grab his chain and cold-cocks HH. Now Greg sets for his Reverse Neckbreaker, but wait a minute, sliding in the ring is Dixon Ticonderoga! He flips off Garnar and kicks him in the groin, snatches him up and hits the Graphite Driver ONTO the steel chain! DT slides out of the ring and serves up Greg as Tanaka slaps on the Love Glove Lock! The ref is up and he sees Greg out cold and calls the bell. Tanaka retains. [491-490-487]

**GLOBAL CHAMPIONSHIP: PUNK ROCK MIKE © vs. STEVIE VERTIGO**

SS: Can the young Vertigo end Mike's historic reign? This is Punk Rock Mike's second challenger in a row from the infamous NWL class of 2021. They lock up and after a technical series, both competitors rise to an ovation. Stevie goes for the Don't Look Down! But Mike reverses, and both men spill out. Stevie throws Mike to the post, but Mike sends Stevie face first! Mike rips his mask open. Stevie's cut! Mike rolls a bloody Stevie in and climbs. Tries a cross-body, but Stevie moves! The ref is knocked out! Did Stevie nudge the ref??? Stevie clotheslines Mike to the outside! Stevie's reaching into his trunks! Knucks??? Don't do it Stevie! Mike slowly re-enters, but Stevie's conflicted! What's this??? Oliver Livingston swoops in! He's pleading with Stevie! The ref is up! With Stevie distracted, Mike locks on the Broken Promise Ring! Stevie is holding on, he's trying to reach the ropes and he has to if he's going to get out of this jam. He does it. Oh it was this close to being over, but that took a lot out of the challenger. Mike looks at Oliver with a 'what the hell' look on his face and Stevie catches Mike in a snap-dragon suplex. Can Vertigo clear the cobwebs and put it all together. Kyle Queen hits the mat to encourage him and rival chants of "Punk-Rock-Mike" and "Vert-igo" echo through the building. Stevie needs a big move here and they lock up, we get a series of reversals until Vertigo goes for Don't Look Down and he lifts Mike into position to deliver his spinning Tombstone, but Mike kicks his legs and escapes. He get the Broken Promise Ring on again in the middle to the ring. Vertigo's in a tough spot he's trying to escape again, but he has no where to go and decides to keep put his career first and taps out. Holy moly, Punk Rock Mike's historic Global title reign continues, but who'll be his next challenger? We're going to get post-match comments from the champ with Angela Hurtz. [496-495]

Angela Hurtz: Mike, that was a heck of a bout, but do you have any thoughts on who will win the Royal Rumble tonight?

Punk Rock Mike: All the respect to Stevie Vertigo who gave me a hell of a run... (the fans cheer) and I know there's 20 dudes in the back who want a shot at Globy, but honestly, my thoughts are on, Agent 26. and what Neo Dragon did to him. My SHS brother got pretty banged up in that match and I know all the fans out there are pulling for Agent 26 to be okay.

## ROYAL RUMBLE 4: #1 NIGHTMARE JOHNNY CARNAGE... #2 THE PHARMACIST RX PAIN... #3 ARES... #4 FENRIS

SS: The opening four take in the moment and then they all charge last year's winner, Johnny who clings to the ropes in the corner to thwart their efforts. Pain begins to bark orders at the others which don't go over well with them and Ares and Fenris but a whupping on the Doc. Johnny catches his breath before going after Ares and now we get two pairs of fights to thrill the crowd.

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #5 OWEN BOLEK

RC: The buzzer hits and the former gangster bull rushes the ring and begins clobbering everyone else. He goes to press slam Pain, he's gonna dump him out, but Fenris body check Owen. They size each other up and we get two big meaty men, slapping meat. Ares punches Carnage as RX Pain takes a breather, but wait, I think pain has a weapon in his trunks. Now that's a smart move.

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #6 FLASHY JACK FERDINAND

SS: Confidently strolling to the ring looking determined in the leader of the Modern Models enters and goes after the Nightmare. He hits him with heavy chops and winds up for a big one when Ares clotheslines him into oblivion. Fenris and Bolek are still trying to get the best of each other in the corner. Carnage comes out of the corner and gets punched by RX Pain's heavy fist. How'd he-

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #7 TOMBSTONE

RC: The massive Tombstone lumbers to the ring and he nods to Fenris who is holding off Bolek's attempt to dump him. The RFD's biggest member grabs Owen and double teams him with Fenris. Pain has busted Carnage open and now he goes after Flashy Jack, but he throws baby powder into Pain's eyes! Out-cheating a cheater, I love it! Ares and Jack exchange words as the countdown hits

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #8 DOM CAMINO

SS: Oh the brother of NWL star, Rod has been quiet so far, but he charged into the ring where he helps Fenris and Tombstone to toss Owen Bolek to the floor! He's the first one out. Dom looks for a hi-five, but instead the RFD'ers attack him! Short-lived allies. Ares and Jack and Johnny are in a triangle of chops and punches as roun and round they go. Dom's in trouble, Dom's in trouble!

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #9 TOA ANOA

RC: The Samoan Death Grip is represented at Toa storms the ring and takes a shot at Fenris which frees up Dom. Pain slides under the bottom rope and steals a fans water to wash his eyes as pandemonium breaks out in the ring. Tombstone is tussling with Jack and shoves him to the top rope. Pain is sneaking back in and grabs Ares and tries to toss him out. He's almost out.

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #10 DIXON TICONDEROGA

SS: The pencil wielding troublemaker slides in, grabs RX Pain's leg and dumps him to the floor with a double bird salute! DT says something to Ares who nods and they say something to Johnny and like that they all attack Tombstone! Jack leap frogs over and joins in as Tombstone struggles to stay in the ring. Fenris tries to make the save, but Dom tackles him and Tombstone falls out!

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #11 SHACKLES MALONE

RC: One half of Death Row comes out with a trash can full of weapons and tosses them into the ring. Malone slugs Dixon and picks up a trash can lid and smashes Jacks over the head. The lack of rules here really help a guy like Shackles, but that barrel full of weapons are not going to waste as everyone in there grabs one. This is anarchy and someone will get hurt in there. I love it!

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #12 NO LIMITS NICK DANE

SS: The fans are going wild as Nick Dane storms the ring and jumps on Shackles! Git em' Nick, Git em! Oh boy they are trade shots at a pace that'd make the Flash jealous. Fenris is outraged that Dom cost him a chance to save his RFD stablemate and chokes him with a Singapore cane, lifts him up and dangles him over the top rope. Dom is fading and Fenris lets him go. Camino is eliminated.

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #13 WRESTLING DEMON ALCOHOL

RC: Oh here we go, make way for the lush. We are all amazed that his buddy, Drugs won the BRL Wrestler of the Year award, but it seems to have motivated this booze bag. Jim Beam staggers to the ring looking like he already fought in one of these matches, but he springs to life once inside and unloads on everyone he can until Ares cuts him off and rakes his eyes to stop him, but he drunkenly backdrops him over the top rope!

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #14 AUTHOR OF AGONY LEPAGE TURNER

SS: Few men are as motivated to win the Rumble as the man who lost the Global title to Punk Rock Mike before his epic run, but after his stunning win over Ghost Lee Shadows earlier, he looked dinged up. Turner rolls in and tries to sneak up on Dane, but Flashy Jack cuts him off and pummels him. I guess Ferdinand did not forget how LePage as the one who took the IWAR World title from him. Oof!

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #15 NEO DRAGON

RC: Wow, this whole place made my ears ache with their boos for Neo. I love it and so does Dragon who eggs on the fans and soaks their anger. He spots Toa and Fenris fighting to eliminate each other and Neo yanks them over the top rope and their both out! Jack Daniels, er WDA, grabs Toa Anoa and tries to dump him out, but he stops and passes out! What the? Lousy drunks! This guy's gonna hurt somebody... hopefully.

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #16 MONSTER TRUCK TANAKA

SS: A complete change in mood as the popular man from Ja-pan strides to the ring looking determined until he gets smushed by the falling Wrestling Demon Alcohol! Oh no! Flashy Jack dumped him out right onto Tanaka! Look out, Nick Dane and Shackles Malone are almost taking each other out when Neo Dragon gives them both an extra shove to eliminate them both! MTT crawls in the ring, but he's dizzy and teetering.

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #17 MISFIT MESSIAH

RC: Whoa! The former IWA champion is back and he hits the ring and clotheslines Tanaka to the floor! He clothesline Johnny Carnage out! The Misfit shouts at the crowd, but Dixon, Jack, Turner and Neo gang up and dump the big threat! Turner smiles and gets dropkicked into the turnbuckles! Flashy Jack trash talks Turner but he gets snatched by Dixon who spins him around and sends him to the floor! Ferdinand is out!

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #18 COL. DOOM

SS: Col. Doom s jawing at Dixon the whole way down and Ticonderoga dares him to try. They go at it and it's a blur of punches, a flurry of blows, a storm of haymakers as they go back and forth. Doom is laser focused on trying to dump Dixon out, but he's resisting as best he fan by raking Doom's face. Hold on, Neo Dragon sneaks up, dips down and shoves them both over! We're down to two! Neo Dragon and LePage Turner... but

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #19 SQUEAKUMS THE CLOWN

RC: Are you [BLEEP]in kidding me? A clown? A legit clown... has a one in three shot? Shooter, I don't know what to say...

## THE ROYAL RUMBLE - CONTINUED

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #19 SQUEAKUMS THE CLOWN

RC: Are you [**BLEEP**]in' kidding me? What in the name of *Doink* is going on here? Wait a minute, is all this fog the clown's? Turner's eyes grow wide as ringside fills with fog, wait, Ghost Lee Shadows! Shadows comes out from the fog, grabs Turner yanks him to the floor! Squeakums dances into the ring and tries to squirt Neo, who leaps and flattens the Clown with a V-trigger and throw him out of the ring! It's down to just Neo Dragon who spits down on the clown and flips off the fans. There is just one entry left, but let's face it, who is even left that can stop Neo Dragon?

### 5... 4... 3... 2... 1... ((( BEHHHHHH ))) #20 AGENT 26

SS: NO! It can't be! The smile melts off Neo's face as the jumbotron runs Agent 26's entrance, but he's no where to be seen. Neo wants a mic? Neo: Where's the ref? Hey dummy, get in here and raise my hand, Agent 26 isn't coming, so I am the winner of the Royal Rumble- SS: What in the world? The fans cheers are deafening, NO! I don't believe it! Staggering out of the entrance, it's... it's AGENT 26! He's here and he's flanked by EMTs and Commissioner Dick Jackson who are trying to talk him out of going to the ring. 26's ribs are taped, he has KT tape all over his back and shoulders and heavy tape around his knee, oh no, don't do this, is it worth it? Wait, 26 collapses at the bottom of the ramp! Neo: Hey, cut his music, CUT IT! I want all of the officials and especially you Commish, to know, you let him wrestle, and I'll cripple Agent 26! SS: The EMTs are pleading with 26 to stay down and DJ is waving the officials over, I think he's seen enough. Commissioner Jackson: Ah'm sorry fans. Agent 26, yah gave it a shot, but, dammit kid, yah hurt bad and so Ah gotta- SS: 26 grabs DJ's leg and is trying to pull himself up and starts to fall when Punk Rock Mike appears and catches him! The fans are going crazy. Punk Rock Mike: Brother, get in there and kick Neo Dragon's [**BLEEP**]! Do it for the fans, do it for the SHS, do it for yourself! SS: This is crazy, Agent 26 is nodding and shakes as he brushes aside the EMTs and DJ too as he limps to the ring. Neo is shaking his head. Neo: Last warning... Mike, if you let this happen, this is on you Mike. Hey DJ, tells those EMTs not to stick around. (tosses the mic to the corner) SS: The fans are chanting "twenty-six, twenty-six!" and I've got chills as Agent 26 calming stands on the apron and Neo paces back and forth. AS soon as 26 steps in the ring, Neo charges, but 26 sees him coming and cuts him off with a tornado DDT! The fans erupt as the co-founder of the Suburban Hell Savages reaches down deep to slug Neo again and again. He has Neo seeing stars and he better keep it going if he wants to win it. Dragon tries for a suplex, but 26 blocks it and lifts Neo up for a brainbuster, but his legs gives out and then both crash to the mat. Oh no. Will the numerous injuries prevent the dream match up of best friends, SHS co-founders in the Imagibash 22 main event? Dragon is up first and falls back into the ropes to slingshot off and his a low altitude missile dropkick to 26's jaw. Neo rips at the bandages around the Agent's head and begins pounding away at the fresh stitches. Oh c'mon man, this is gross. Blood is running down Agent 26's face. Now, oh sick, Neo digs his fingernails into the lacerations and rips out the stitches. I'm gonna be sick... there's blood pooling on the mat and Punk Rock Mike is visibly conflicted here and I don't blame him. I mean, does he throw in the towel and save his best friend or let him take a beating? Neo stops his gruesome assault and wipes some of the blood across his tattooed chest spits at Punk Rock Mike. Neo is talking a lot of trash, but wait, behind him, 26 grabs the mic Neo had and pulls himself up with the ropes. Dragon taunts the enraged fans and turns to finish off Agent 26, but instead the former IWA World champion bashes Neo with the mic! He hauls off and hits Neo again and again until it's the Dragon is sporting the infamous Crimson mask! Fans are chanting for 26 again as he stutter steps and signals of the Head Shot. He goes for it, but Neo sides steps and looks to hit a side-slam, but the HEAD SHOT! THE HEAD SHOT! He hit it! Agent 26 hit his finisher, but both men down. 26 gets to his knees and tries to pick up Neo, who he has to toss over the top rope if he want to win and get the shot at the Global championship. 26 gets Neo to his knees and strains to lift him, but Neo drives his arm up between Agent 26's legs! 26 clutches his groin and drops to the mat in agony. Neo stomps away at Agent 26 and laughs at the outraged fans before spotting Punk Rock Mike. Neo gets 26 up and sets to toss him over the top rope, when he suddenly stops and kicks the back of 26's bad knee! The fans boos grow louder, but we can see him glare at Punk Rock Mike and mouths the words "all your fault". What does he mean by that? Oh no! Neo yanks 26 up and goes for the Dragonplex, but 26 grabs the top rope and elbows Neo in the face! He's going to it all here with one last charge. Punches, chops, and kicks have Neo off his game, and 26 wants another Head Shot, but will it be enough? Here we NOOOO! Neo spins free and hits the Dragonplex! Oh no! 26 isn't moving. C'mon Neo, this is over, but no, he points at Mike, gets 26 up and hits ANOTHER Dragonplex!!! C'mon, somebody stop the damn match! Dragon is laughing. Laughing as he look to the Global champion Punk Rock Mike who is calling the ref over. The ref doesn't hear him and Neo picks a barely conscious Agent 26 and he's gonna Dragonplex him over the top rope! No don't do it, Neo, the man has a family! Mike is shouting for the ref, but Neo grins and uses another Dragonplex to send Agent 26 flying backwards over the top rope and his land on the ring barrier back-first! Good lord, Neo Dragon just murdered Agent 26! Punk Rock Mike rushes to the side of his best friend as EMTs swarm 26 at ringside. Oh lordy, he's not moving. Agent 26 isn't moving fans. What now? Neo has a mic. Neo Dragon: Go ahead and get all those boos out, but you shouldn't be booing me. Neo Dragon just won the Royal Rumble and punched his ticket to Imagibash 22... It's not my fault that Agent 26 is bound for the ICU... the blame for that lays at the feet of your Global Champion, Punk Rock Mike. Oh hey Mike, how's you buddy? How does it feel to know that you're the one who put him there! You just lost your best friend and that's just the start because at Imagibash 22... Neo Dragon is going to take that Global championship and the legacy of Punk Rock Mike!

INT. IWA HEADQUARTERS, WILLOWICK, OHIO – BRL COMMISSIONER JACKSON'S OFFICE

[A poster for Imagibash 22 that has empty spots to be filled in and DJ twirls a dry erase marker as RC enters.]

RICK CHALLENGER

I gotta tell you, DJ, only got to work four times a year? Sign that check! (DJ frowns) What else do I do? (DJ slides a paper across to RC) Road Agent? What the what? You expect me to take these kids under my wing? DJ, Mad Dog, do you really think I'd be the best guy to be a role model? Badd Co.? Strip Clubs? If you think I'd be a good influence, then they gotta be pretty desperate.

[*Hijo de Teamster* walks in wearing the Pacific Northwest belt and smiles at Rick who sighs.]

RICK CHALLENGER

What, was *Squeakums the Clown* not available? Hijo, really? First, there's no way the Teamster is a dad because we all know he's-

COMMISSIONER DICK JACKSON

Know that Ah told Hijo that it's tough for rookies in the BRL, but if he could win a belt, Ah'd give him a contract, but only if he agreed to be under the tutelage to show him the right way to carry himself in this business. Ah sho can't be the one to do it.

HIJO DE TEAMSTER

Thanks Da, DJ! Listen, RC, I won't let you down. I watched you when I was a kid, well, on old VHS tapes and I heard stories about Badd Co, your feud with DJ and let me tell you, having you coach me up with be great. I bet all those old stuff will be new by now!

RICK CHALLENGER

Spoken like a true punk kid. Okay kid, let's get outta here. I don't care how much you are paying me DJ, you owe me for this.

[Rick and Hijo exit as Shooter Simmons enters holding a folder full of match contracts and slides them on to DJ's desk.]

SHOOTER SIMMONS

Hey boss. We need your signature on these. First, the *Mannequins* will defend the Global Six-man against *RJ Gold, Saskatchewan Sasquatch and Matthew Porter* (DJ signs)... Global Tag champs, *the Olympians, Hercules & Perseus* will defend against the *Samoan Death Grip* (DJ signs)... *Monster Truck Tanaka* will defend the North American title against *the Country Hammer Rhett Grady* who is also the current IWAR World champion, what a bout (DJ signs)... and the Global champion, *Punk Rock Mike* will defend against *Neo Dragon* in the main event. (DJ clicks the pen a few times, and takes a deep breath before signing). You okay?

COMMISSIONER DICK JACKSON

AH shoulda stopped that match. Ah'm not gonna deny a man a spot in the Rumble, but Ah shoulda stepped in. Dammit that Neo.

SHOOTER SIMMONS

Sorry Boss. That was a tough spot to be in and last report was that *Agent 26* will be okay... eventually. (DJ perks up) Uh oh, what?

COMMISSIONER DICK JACKSON

AH shoulda stopped that match. Ah'm not gonna deny a man a spot in the Rumble, but Ah shoulda stepped in. Dammit that Neo.

SHOOTER SIMMONS

Sorry Boss. That was a tough spot to be in and last report was that *Agent 26* will be okay... eventually. (DJ perks up) Uh oh, what?

COMMISSIONER DICK JACKSON

That kid really wanted that shot, so we gonna give him that chance, so if 26 is healthy, the first spot in that ladder match goes to him. Gonna need fresh faces in this match so tell LePage Turner no, but yes to *Wisp, Double R. Rob Ratliff, the Public Enemy Roderick Hughes, Playboy Mic Ferrari* and Ah'm gonna hold off on the last spot and make em' a surprise. Ah need to set some things straight. Since *Death Row* wanted a piece of *Honor Revolt* so much, w gonna let them kids get it on. Honor Revolt vs. Death Row and *Marc Justice* and the winners get a shot at the Global six-man champs at Autumn Anarchy. It'll be a Triple Threat match pitting *El Barbaro and Raya Escorpion* against *Flashy Jack Ferdinand and U.S. Mayle* and then the RFD's *Wolf and Timber Wolf* with the winner going to Autumn Anarchy to face the Global tag champs. Ah got a Fatal Fourway for the North American title shot at Autumn Anarchy with *Nightmare Johnny Carnage, Zydrate, Nasty Critter Brian Rotten* and *Wrestling Demon Drugs* battling' for it. We'll have a series of matches with spots in *Autumn Anarchy's Last Blood Battle Royal* going to the winner as *Seth Adams-Lee* will take on *the Sunsational R.J. Gallo, Squeakums the Clown* versus *The Pharmacist RX Pain* and since the Monster of Mayhem Donny Bloodstone wants a rematch with Hijo de Teamster, he'll get it. (Shooter chokes on his coffee) See if the kid can upset him twice. As for the rookies, we gonna have *Donny and David Dahrk* face off against *Robert Pepper and Ricky Salt* and the winner earns a spot in the Autumn Anarchy #1 contenders match. Oh and *Stevie Vertigo* asked for a favor to get a special match against-

[There's a knock at the door and DJ and Shooter look up from the stack of contract to see Kim in the doorway.]

IWA's EXECUTIVE ASSISTANT KIM

Commissioner Jackson, but there is someone here who saw what Neo did to Agent 26 and he wanted to come back to the BRL-

## BRL Commissioner: "Maddog" Dick Jackson

One of the most popular stars IWA history (87-17), DJ retired into the IWA Hall of Fame in 2018 (<http://playiwa.com/archives/v23n06.htm>), but returned to be the Commish in the NWL soon after. After a great run, he stepped into the BRL role and his fair, but firm style works well as he looks to put on the best show possible.

## Ringside Interviews: Dapper Dan Dee

He may be nervous and skittish, but he is determined to ask tough questions, which doesn't mix well with his habit of bringing up wrestler's losses and mistakes.

## Assistant to the Commissioner: Rich Lather

The semi-retired grappler, earns extra money as DJ's confused assistant who is always putting out fires, many of which, he started by accident.

## Backstage Interviews: Angela Hurtz

The BRL's newest addition is bold, aggressive and eager to find out who the BRL stars are, why they're here and what they're willing to do to get it.

## Color Commentator: Rick Challenger

The 2-time IWA Hall of Famer still brings his Badd Co. energy to every show and still has a habit of overlooking the actions of rulebreakers.

## TV Announcer: Shooter Simmons

When he isn't bringing up his ex-wives or gambling scandals, he offers an his take on the hard hitting competition as it happens.

## THE BRL RING OFFICIALS

Sammy Slowman tries to keep up with the action, Eddie Espresso gets accused of counting too fast and then the Senior ring official, Willy Pinnem has seen it all... except when he gets bumped and blacks out for a few minutes.

The BRL's Cast is available to include in your Trash Talk, sneak attacks or match write ups. If you'd like to have your wrestler involved in Commissioner Jackson's column, let me know. -MR
